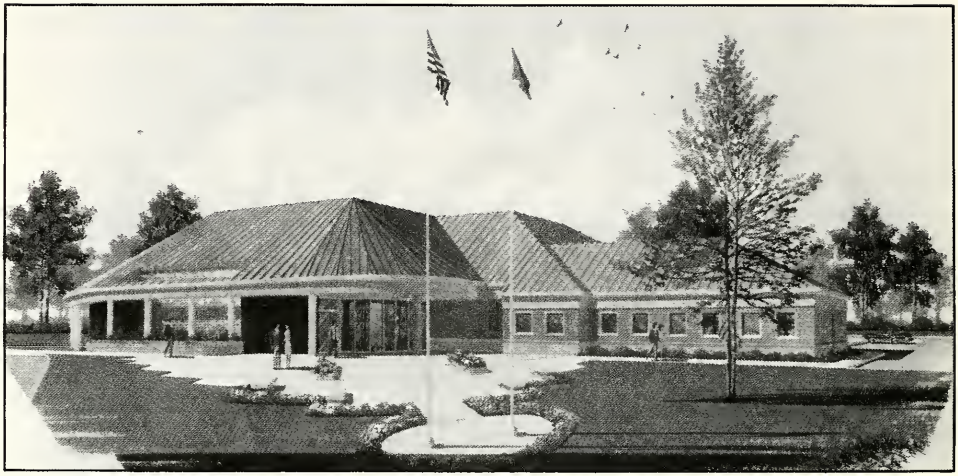
the ATHLETE

Official Publication of the Kentucky High School Athletic Association

SEPTEMBER
1991

Growing For You



High school athletics is something every community in Kentucky has in common, and every community will be represented in some way in the new **Kentucky High School Athletic Association's Hall of Fame and Museum.**

About your K.H.S.A.A. . .

* Your Kentucky High School Athletic Association serves as the governing agency for all 12 of Kentucky's high school sports. Your association regulates eligibility rules and sponsors 29 state championships.

* Your association is a private, non-profit organization that receives no tax funding. All of the K.H.S.A.A.'s operating budget comes from private donations and receipts from the state championships *(basketball, football and soccer receipts comprise 80% of the association's revenue!)*

A helping hand. . .

* Your association is dedicated to serving its member schools. That's why we pay the premium on a catastrophic life insurance plan that covers every student-athlete in the state of Kentucky. From the classroom to the practice field to the game court if a catastrophic accident should occur, your association will be there to provide comfort and financial assistance. Your association also provides a liability insurance plan for member schools and coaches.

Our new home...

* Construction is underway on a 25,000 square foot building that will house your association's offices and a Hall of Fame and Museum *(to honor the thousands of persons who have made a lasting contribution to high school athletics in the state of Kentucky.)* The offices will be ready for occupancy by January 1992 with full implementation of the museum expected by the 1993-94 school year. We have many exciting exhibits planned to showcase Kentucky's unique athletic history. Come celebrate with us in your K.H.S.A.A. Hall of Fame and Museum.

KENTUCKY HIGH SCHOOL ATHLETIC ASSOCIATION — COMMONWEALTH OF KENTUCKY

K.H.S.A.A.

THE KENTUCKY HIGH SCHOOL ATHLETIC ASSOCIATION

BE A SPORT

New Look for the Athlete

During the past summer the staff at your Kentucky High School Athletic Association has worked on methods of improving the channels of communication with our constituents.

Since the ***ATHLETE*** is one of our best ways of communicating ideas and information, we turned our attention to this publication first. A recent survey of the member schools helped us tremendously in determining what information was most useful and what was simply taking up space.

This initial issue of the 1991-92 ***ATHLETE*** contains some of the suggestions from our member schools and you can look forward to many more in future issues.

Some things to look for:

Content - For the most part the content of the publication will remain the same, we will try to provide you with the same information as before only hopefully a little more thorough and timely.

Features - This issue contains feature articles that we feel will benefit member schools. Many of you had suggestions for feature topics that we will try and present in future issues. We will not fill the magazine with "fluff reading," all features will be informative and relevant while at the same time enjoyable to read.

Publication - A new format means that the ***ATHLETE*** will be published from September to June. Each monthly issue will be in your hands around the first of each month. You will still get the normal 10 issues, only this new format should allow us to provide you with more timely information.

We hope that you will continue to provide us with feedback and let us know what we can do to keep you better informed.

What's Inside?

2 *Anna Leigh Story named Kentucky's Dreamer and Doer*

3 *Kapos Announces 1991 Stella S. Gilb Scholarship Winners*

4 *State Track Champions*

Anna Leigh Story named Kentucky's Dreamer & Doer

Anna Leigh Story, Graves County High School, was named Walt Disney World National Dreamer & Doer for Kentucky in the Third Annual Awards Presentation.

Anna Leigh Story wrote the following description of how her personal participation in high school interscholastic activity programs demonstrate Walt Disney's "4 C's"--Curiosity, Confidence, Courage and Constancy.

Throughout my high school years, and indeed, throughout my entire life my curiosity has always played a major role in everything I have attempted to accomplish. It seems as if every new thing that I come in contact with sets off a chain of neverending questions that lead me to learn more and more about that subject. My quest for knowledge and understanding is a constant search in which I take pride and joy in undertaking. My curious nature has led me to involvement in numerous sports and extracurricular activities in each of which I strive to attain the highest degree of excellence. I have found that by setting high personal standards and keeping a good morale, a person can achieve anything they set their mind to.

A certain amount of thought is given to all of my endeavors and, no matter how large or small, I always put forth the maximum amount of effort. The successful completion of most everything that I undertake always gives me the confidence to carry on with the next phase of personal and scholastic enrichment. Even though some of the things that I attempt do not turn out as planned, I always step back and evaluate my mistakes so that I can avoid similar ones in the future. Gaining knowledge from mistakes is an important part of the learning process, and by evaluating the problem and solving it, I gain more confidence in that particular area.

No matter what type of task I become involved in I always find courage to complete it correctly and on time. Because of my artistic skills, I find myself involved in activities that consist of complex techniques and abilities that most people do not possess. The constant bombardment of requests for my artistic services seem to go on endlessly; however, I always accept them without wondering how I will find the time in my busy schedule to complete these tasks because I have learned to discipline myself and to sacrifice my own leisure time to do so.

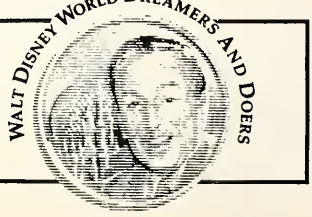
My courage and stability are also kept alive through the love and support of my friends. The comradery developed during high school years is definitely an asset to a well-rounded person. Due to my various interests I have developed close bonds with many individuals and because of my confidence and courage I have acquired leadership abilities that only increase my stature in the eyes of my peers as well as in my own. I feel comfortable in positions where I am called upon to lead fellow students because I feel that they trust my decisions and can depend on me.

One of my main goals throughout my high school years has been to become a well-rounded individual and to keep a careful balance between my academic and athletic activities. In doing so, I hope to be accepted into the United States Air Force Academy upon graduation from high school. Although many people wonder why I would want to put my whole life into the military, being a military officer takes much time and effort, but I feel that having the chance to serve my country will give me a chance to ensure that the people of our nation have a prosperous future.

I stand firm in my beliefs and dreams and know that with enough effort and commitment I will find the courage to make those dreams realities.

The Kentucky High School Athletic Association congratulates Anna and the other state finalists and we wish them the best of luck in all their future endeavors.

State Runner-up:	Catherine Whelan	Assumption
Finalists:	Shawn Patrick Hager	Belfry
	Norieta Maye Hagerty	Russell
	Karintha Hemenway	Bryan Station
	Brandy Lewis	Fulton County



KAPOS ANNOUNCES 1991 STELLA S. GILB SCHOLARSHIP WINNERS

The Kentucky Association of Pep Organization Sponsors (KAPOS)is pleased to recognize ten scholarship winners for 1991. Each recipient was chosen for academic and leadership ability and will receive $500. Since 1964, KAPOS has awarded 75 scholarships in the amount of $53,600. Applications for the 1992 scholarships will be available in January. Any cheerleader at a KAPOS member school is eligible.

Congratulations to the 1991 scholarship winners:

CHAMPIONSHIP GAME

Christian Co. 2 Bullitt East 1

Volleyball Committee Minutes 1991

The Volleyball Committee met at the Kentucky High School Athletic Association Office in Lexington, Kentucky, on Tuesday, April 23, 1991. The meeting was called to order at 1:30 p.m. by Brigid L. DeVries, Assistant Commissioner. Committee members present included Margi McKenna, Joan Mitchell, Sally Meng, John Bancroft, Ron Kordes, Katie Wesseling. Others present included Nick Bettis from Mikasa and Mary Jones from the University of Kentucky.

The first item on the agenda was a presentation from Nick Bettis of Mikasa, regarding the use of the VFC200 Mikasa Volleyball as the official ball for the 1992 State Volleyball Tournament. The committee was unanimous in its' approval for the Mikasa ball. The VFC200 will be the official ball for the 1992 State Volleyball Tournament.

The next item on the agenda was the site for the 1991 State Volleyball Tournament, scheduled on November 1 and 2, 1991. The University of Kentucky Assistant Volleyball Coach Mary Jones presented a proposal to host the 1991 state tournament at Memorial Coliseum. There were some scheduling conflicts this year at U.K. due to a pre-arranged Southeastern Conference match, which would necessitate a change in the current tournament schedule. It was the general consensus that the 1991 Tournament be played in Louisville, and that U.K. be considered the following year when the schedule is clear. Possible sites in Louisville include Butler High School, Fairdale, Seneca and the Commonwealth Convention Center. Brigid DeVries will meet with representatives from these locations and determine the site sometime in the near future. Due to problems encountered and conflicting events, the date of the State Volleyball Tournament was moved to November 8 & 9, 1991 at Seneca High School in Louisville.

Katie Wesseling brought up the State Tournament officials evaluation process. Committee members agreed that it was an excellent idea. Several members had good suggestions for the improvement of the system for the 1991 State Tournament. It was also suggested that the rules clinic held in Lexington be scheduled first, so that officials from Louisville and Northern Kentucky could come together for some in depth explanation on some of the rule interpretations.

Ron Kordes recommended that the final match of the 1991 State Tournament be scheduled in the evening instead of early afternoon. The committee agreed, and pending any scheduling conflicts, the finals will be later this year.

The next item on the agenda was a discussion of regional tournaments and sites. Ms. DeVries advised the Committee of a few possible additions to the teams in each region. The 1991 Regional sites were discussed and committee members will check their availability for the 1991 tournaments. Regional tournaments will be double elimination again this year. The Committee then discussed the items on the regional and state information sheets and made some corrections for the coming year.

John Bancroft made a motion, seconded by Joan Mitchell, that the teams change benches for the 1991 season including regional and state tournament play. The motion carried.

The next item on the agenda was the officials fees. There is no change in officials fees for the 1991 season. However, all officials will receive a mileage fee of .15 per mile, for all miles traveled.
A brief discussion followed regarding the 1991-92 National Federation Volleyball rules. Beginning with the 1992-93 season, a specific yellow and red card procedure will be included in the National Federation Rule Book. A survey will be conducted by the Kentucky High School Athletic Association to determine whether Kentucky wants to adopt this procedure for the 1992 season.

The next topic was the Constitution and By-laws. The Delegate Assembly recently approved a change for Volleyball on the Limitation of Seasons. "Regular season play ends at the conclusion of the varsity team's last regular season match, with the exception that the varsity team may play until its elimination from Kentucky High School Athletic Association sanctioned tournament play." Previously varsity play ended on Saturday preceding the first Kentucky High School Athletic Association tournament.

Other tournament reports included a brief report by Ron Kordes on the Mizuno All Star match scheduled in Louisville on July 19, 1991. The players are graduating seniors who have completed their high school eligibility. There will be a clinic for high school coaches the afternoon of the tournament. People wanting further information regarding the match can contact Ron Kordes, at Assumption High School.

John Bancroft encouraged everyone to get involved in the Blue Grass State Games the last weekend in July. A mailing will be sent to all the high schools to encourage play in the junior divisions.

There being no further business, the meeting was adjourned.

1991 Volleyball Alignment

As of August 1, 1991, the alignment for volleyball is as follows:

REGION I - Beth Haven, Butler, Doss, Evangel, Fairdale, Holy Cross (Louisville), Holy Rosary, Pleasure Ridge Park, Shawnee, Southwest Christian, Valley, Western

REGION II - Brown, Central, duPont Manual, Highview Baptist, Iroquois, Male, Mercy, Moore, Ninth & O, Portland Christian, Presentation, Southern

REGION III - Assumption, Atherton, Ballard, Christian Academy, Eastern, Fern Creek, Jeffersontown, Kentucky Country Day, Oldham County, Sacred Heart, Seneca, South Oldham, Waggener

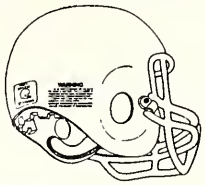
REGION IV - Beechwood, Dixie Heights, Grant County, Holmes, Holy Cross (Covington), Lloyd Memorial, Ludlow, Notre Dame, St. Henry, Scott, Simon Kenton, Villa Madonna

REGION V - Bellevue, Bishop Brossart, Boone Country, Bracken County, Campbell County, Conner, Dayton, Highlands, Newport, Newport Central Catholic, Walton-Verona

REGION VI - Breathitt County, Fort Knox, Franklin County, Oneida Baptist Institute, Paul Blazer, Rowan County, Russell, Western Hills, Whitesburg, Woodford County

Aging Football Helmets May Not Provide Adequate Protection

Are Your Student-Athletes Safe?



Even the most expensive football helmet offers reduced protection over time, according to the major helmet offers reduced protection over time, according to the major helmet manufacturers. And, while maintenance and rehabilitation can extend a helmet's life, its protective qualities will naturally deteriorate as the helmet ages.

So, whether a helmet is used by a center/linebacker who is involved in virtually every play or a placekicker who is on the field only a matter of seconds each game, at some point in the helmet's life it is considered too old to provide adequate head protection.

The challenge for football coaches, equipment managers and athletic directors is to rotate their inventory of the team's helmets. This practice will assure that each player will always have a *"safe"* helmet. Plus, continual phase-out of older helmets and purchase of new ones will prevent a budget jolt. Imagine being an athletic director and having to ask the school board for funds to purchase 50-100 helmets at one time.

Recent research by Riddell, Inc., one of the world's largest manufacturers of helmets, concluded that it was *"not feasible or prudent to recondition varsity helmets 10 years of age or older, or youth models eight years of age or older"*. Riddell is basing its position in part on ongoing testing of its product and analysis of reconditioned helmets. The helmet manufacturer's research indicates that a helmet's physical properties deteriorate from 75-80 percent in 10 years.

"Ten years of use can drastically reduce some of the design properties that go into the helmet," said Nelson Kraemer, Riddell's director of engineering. *"After 10 years, we feel the helmet has lost mechanical and physical properties that would allow the shell to crack and leave the player unprotected."*

All football helmet manufacturers recommend that schools recondition helmets and have them recertified every two years by the National Operating Committee for Standards and Athletic Equipment (NOCSAE). Not only is this policy important for the safety of the athletes, it can also save the school's budget by extending the life of its helmets.

"Varsity helmets can last between seven and ten years", according to Riddell's Kraemer, *"or possibly only one to two years if they're abused and not maintained well"*.

How ultraviolet rays from sunlight affected the plastic in helmets was a major part of Riddell's study of helmet deterioration.

According to the study, conducted by General Electric, *"the cumulative effect of ultraviolet rays reduces plastic's durability to fragile brittleness over time and exposure."* Questions remain as to whether helmets in the northern states are negatively affected as much as helmets used in the southern states because of the differences in ultraviolet exposure in the two areas.

For those involved in administration of football, the primary concern is providing athletes with the safest equipment possible. To make sure only safe helmets are used, careful records must be kept on each helmet. After a certain number of years, the equipment manager should discard helmets, not pass them on to other teams. Also, each helmet should be reconditioned and receive NOCSAE certification.

By keeping accurate records, purchasing high-qualify helmets and reconditioning them regularly, schools can meet their responsibilities to their athletes to furnish them with the safest equipment available.

Suggestions for Reducing Head & Neck Injuries

By Dr. Frederick O. Mueller, University of North Carolina

1. A complete pre-participation physical exam which included an evaluation of those athletes with a previous history of concussion or neck injury.

2. A complete physical conditioning program that includes exercises to strengthen the neck musculature so that so that participants will be able to hold their heads firmly erect when making contact. These exercises should be performed all year.

3. Coaches should drill the athletes in the proper execution of the fundamentals of football skills, particularly blocking and tackling. The proper execution of these drills should be taught, practiced and enforced in both practice and games.

4. Coaches and officials should discourage the players from using their heads as battering rams when blocking and tackling. The rules prohibiting spearing should be enforced in practice and in games. The players should be taught to respect the helmet as a protective device and that the helmet should not be used as a weapon.

5. All coaches, physicians and trainers should take special care to see that the players' equipment is properly fitted, particularly the helmet.

6. When a player has experienced or shown signs of head trauma (loss of consciousness, visual disturbances, headache, inability to walk correctly, obvious disorientation, memory loss) he should receive immediate medical attention and should not be allowed to return to practice or game without permission from the proper medical authorities. Previous head injury has been a factor in fatal head injuries.

7.Total staff should be organized in that each person will know what to do in case of a head or neck injury in game or practice. Have a plan ready and have your staff prepared to implement that plan.

Signs and Symptoms of Head Injury

*Loss of consciousness
*Headache
*Inability to walk correctly
*Obvious disorientation
*Increased drowsiness
*Vomiting
*Inequility of pupils
*Memory loss

Association Appendix

Part II Exams for Football, Soccer and Volleyball

The Part II examination must be taken under supervision. It will be given by the local assigning secretary and/or at other sites designated by your KHSAA. The test will not be given at the KHSAA office. Any exception to the above must be cleared with the Commissioner.

Printing/Mailing

The 1991-92 Handbook and Calender are now being printed. It is our hope that these items will be mailed the week of September 16. The delay has occurred due to the reorganization of the KHSAA staff.

In an effort to reduce postage costs, your Association will be using the Designated Mail Representative as submitted on the *Blue Update Form* to send mailings to member schools. It is our desire that the DMR will distribute the mail to the appropriate parties promptly. Referendums and surveys will continue to be mailed to the Board Appointed Representatives as stated in the Constitution and By-Laws.

Regional Meetings

Your KHSAA staff will be visiting the 16 regions between September 11 and October 30 in an effort to strengthen communications between the member schools and your Association. An agenda will be mailed to all superintendents, principals and athletic directors which will include dates, times and sites.

75th Anniversary Basketball Program

The excitement is building over the publication of a 75th Anniversary Basketball Program. You won't want to miss a single page, especially if you're a big basketball fan.

Open Dates and Coaching Vacancies

Your Association will continue to publish open dates for football and basketball games and vacancies for bead coaching positions. Please mail any updates to the attention of Jeff Rogers.

Recent Mailings to Schools

*Boys and Girls Basketball Tournament Ticket Order Forms
*Recapitulation of the 1991-92 Calendar
*Referendum to amend By-Law 5, Section 4, Reinstatement of Eligibility
*Information on By-Law 4, Enrollment

If you did not receive any of these mailings, please contact us.

OCTOBER 1991

Proclamation

by

Wallace G. Wilkinson
Governor

of the

Commonwealth of Kentucky

To All To Whom These Presents Shall Come:

WHEREAS, The Kentucky High School Athletic Association and the National Federation of State High School Associations support athletics and activities as a complement to academic requirements, the combination of which produces a wholesome learning experience; and,

WHEREAS, The Kentucky High School Athletic Association joins the National Federation of State High School Associations in proclaiming the week of October 13-20, 1991 as High School Activities Week; and,

WHEREAS, "Activities Week" offers the National Federation and the Kentucky High School Athletic Association the foundation upon which to increase the public's awareness and appreciation of "The other half of education"; and,

WHEREAS, "Activities Week" focuses attention on the contributions of coaches and officials; highlights interscholastic speech and music programs; emphasizes sportsmanship, ethics and integrity; promotes health life-styles that are tobacco, alcohol and drug-free;

NOW, THEREFORE, I, WALLACE G. WILKINSON, Governor of the Commonwealth of Kentucky, do hereby proclaim the week of October 13-20, 1991 as

HIGH SCHOOL ACTIVITIES WEEK

in Kentucky.

DONE AT THE CAPITOL, in the City of Frankfort, this the 17th day of September, in the year of Our Lord One Thousand Nine Hundred Ninety-one and in the Two Hundredth year of the Commonwealth.

Wallace G. Wilkinson

Sportsmanship - A United Effort

Whether the scene is the smallest high school in the United States or the World Series or Super Bowl, and whether you are a player, coach, official or spectator, sportsmanship is the common denominator and No. 1 priority, even more important than winning and losing.

Sportsmanship is so important that eight organizations responsible for athletics in the United States have banned together to promote sportsmanship.

The "Be A Sport" theme and logo were produced as a sign of unity among the eight organizations. The handshake on the logo symbolizes the spirit by which contests should be played at all levels of competition.

Join these eight grouops this season; and whether you're a player, coach, official or fan, remember to **BE A SPORT.**

Minutes of the Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at Barkley Lodge, Cadiz, Kentucky, on Friday, July 26, 1991. The meeting was called to order at 8:30 a.m. by President David Points. Present were all Board members with the exception of Huston DeHaven. Also present were Commissioner Billy Wise, Assistant Commissioners Larry Boucher, Brigid DeVries Louis Stout, Business Manager Julian Tackett, S.I.D. Jeff Rogers, former Commissioner Tom Mills. The Invocation was given by David Points.

Outgoing President Points thanked the Board for their support during his tenure and welcomed new Board members Frank Cardwell, Claudia Hicks and Stan Steidel and commented to them that they had been given a wonderful opportunity to serve the schools.

Ray Story made a motion that Alvis Johnson be elected President of the Board for the 1991-92 school year. Roland Williams seconded the motion which carried unanimously. The meeting was then turned over to Alvis Johnson.

Mr. Johnson then asked for nominations for Vice President. Eddie Saylor nominated Jack Portwood. The nomination was seconded by Marvin Moore. With no more nominations, Mr. Portwood was elected Vice President by a unanimous vote.

Mr. Johnson introduced Gene Brooks, Principal of Marshall County High School and Jerry Ainley, Principal of Calloway County High School, candidates for the position of new Board Member from Regions 1 & 2 to replace Bob Rogers who recently resigned from the Board.

David Points gave a brief report on his attendance at the National Federation Meeting held in San Diego. He stated that one of the highlights of the Convention was the Hall of Fame Induction Ceremony. Nine Board members attended the meeting.

Mr. Mills told the Board members he had enjoyed working with the 16 Boards of Control and the K.H.S.A.A Staff since becoming Commissioner, and then gave a brief report on the Hall of Fame Building Project and the Teens Against Drugs (TAD) Program that he is supporting.

Jack Portwood made a motion, seconded by Eddie Saylor, that the minutes of the April 19 meeting be approved. The motion passed unanimously.

Roland Williams moved to approve the minutes of the June 17, 1991 meeting. Harry Jansing seconded the motion which passed unanimously.

Sandy Allen moved that all bills of the Association for the period beginning April 1, 1991 and ending July 31, 1991, be allowed. Harry Jansing seconded the motion which passed.

Sandy Allen made a motion seconded by Roland Williams that the Board go into Executive Session. Motion carried.

Eddie Saylor moved to return to Open Session. Jack Portwood seconded which passed.

Jack Portwood made a motion that $120,000. be transferred from the Retirement Trust Fund to the General Fund. Roland Williams seconded the motion which carried unanimously.

Following a lengthy discussion on the seating arrangement for the Boys Basketball Tournament at Freedom Hall and the ticket distribution, Ray Story moved that ticket orders from member schools be prioritized and that seats be guaranteed in the 100, 200 and lower 300 sections if the ticket order is received no later by November 1. Stan Steidel seconded the motion which passed unanimously.

Roland Williams made a motion to send information to schools on change of By-Law 4. Harry Jansing seconded the motion which passed unanimously.

Following a lengthy discussion regarding basketball district tournament sites, Frank Cardwell moved that the Commissioner's Office request that each district submit a rotation plan for hosting the tournament by November. If a plan can not be decided on by the schools, the Board will set the site. Roland Williams seconded the motion which passed unanimously.

Commissioner Wise shared a request he had received from M.C. Napier to lift the ban on scrimmages. Following a discussion Frank Cardwell moved to deny the request. Jack Portwood seconded the motion which passed unanimously.

Mr. Stefan Cooper, Winchester, presented the first appeal. Mr. Cooper had requested a hearing before the Board to appeal By-Law 3, Age on behalf of his brother, Vince Cooper. Following his presentation, questions by members of the Board and a lengthy discussion thereof, Sandy Allen made a motion that the Commissioner's ruling be upheld in this case and that Vince remain ineligible to participate in interscholastic athletics. Claudia Hicks seconded the motion which passed unanimously.

The next appeal was presented by Mr. Brian Minix on his own behalf. Brian was present to appeal By-Law 3, Age. Following questions to Brian, Roland Williams made a motion to uphold the Commissioner's ruling and that the Age Rule not be waived in this case. Jack Portwood seconded the motion which passed unanimously.

Commissioner Wise presented the next appeal on behalf of Richard Lantz Wheeler, Elizabethtown High School, who was seeking eligibility for his senior year. Following a discussion of Mr. Wheeler's medical history, Stan Steidel made a motion to allow Richard to participate in athletics during his senior year if the school has a Physician's Consent Form on file. Marvin Moore seconded the motion which passed unanimously.

The Board then recessed for lunch and reconvened at 1:00 p.m.

President Johnson appointed the following committees for 1991-92:

All-Sports Committee
Sandy Allen - Chairperson
Frank Cardwell
Harry Jansing
Claudia Hicks
Jack Portwood
Roland Williams
Sec. I Representative

Building Committee
Alvis Johnson, Chairperson
Frank Cardwell
Claudia Hicks
Marvin Moore
Eddie Saylor
Ray Story
Roland Williams

Football Committee
Ray Story, Chairperson
Alvis Johnson
Marvin Moore
Jack Portwood
Eddie Saylor
Stan Steidel
Sec. I Representative
Harry Jansing

Constitution & By-Laws
Sandy Allen - Chairperson
Frank Cardwell
Claudia Hicks
Harry Jansing
Alvis Johnson
Stan Steidel
Ray Story

Meet Your New Board of Control Members

Gene Brooks, *Marshall County High School*

The newly elected representative from Regions I and II is Gene Brooks.

Brooks was elected to the Board of Control in a special election to fill the unexpired term of Bob Rogers.

Marshall County has long been the home of Brooks. A 1963 graduate of North Marshall High School he attended nearby Murray State University. Brooks earned his Bachelors degree in 1966, his Masters degree in 1968 and his Rank I certification, all from MSU.

In 25 years of education, Brooks has worn many hats. He has spent 18 of those years in some form of coaching and is beginning his 18th year in an administrative position *(this will be his eighth year as principoal of MCHS.)*

Brooks and his wife Valera have two children: Adam (18) and Ashley (15) both students at Marshall County High.

Claudia Hicks, *Rowan County High School*

Claudia Hicks, Athletic Director of Rowan County High, will be serving Regions nine through 16 as the Female Minority Representative.

A graduate of Rowan County High, Hicks received her B.S., M.S. and Rank I certification from Morehead State University.

Hicks has been teaching in the Rowan County school system for 20 years. She spent 16 of those years as the Head Girls' Basketball Coach. She has been selected as Conference Coach-of-the-Year nine times, All-Area coach four times and was selected as the Kentucky Coach in the 1981 Scioto Valley Kentucky-Ohio Game.

Frank Cardwell, *Franklin-Simpson High School*

Frank Cardwell has been elected to represent Regions III and IV.

Cardwell graduated from Butler County High School in 1959. He went to college at Tennessee Tech where he graduated in 1963.

After graduation he played two years of pro baseball in the Cleveland Indians Organization. In 1964 he became head basketball coach at Wartburg Central High in Tennessee where he stayed four years. In 1968 he became an assistant coach at Western Kentucky University.

Cardwell has been at Franklin-Simpson High for the past 20 years, serving 13 as head basketball coach, 12 years as assistant principal and athletic director and the past eight years as principal.

He and his wife Janet have three children: Frank Jr. and Kelli (both married,) and Johnny, a junior at Franklin Simpson.

Stan Steidel, *Dayton Independent Schools*

Stan Steidel of Dayton Independent Schools will represent Regions 9 and 10 on the Board of Control.

Steidel is a 1959 graduate of Dayton High School. He received his B.S. degree fom the University of Cincinnati where he played basketball and baseball. Steidel earned his M.A. degree from Eastern Kentucky University and his Rank I certification from Xavier University.

Steidel has been employed by the Dayton Independent Schools for 25 years and has served as a teacher, athletic director, central office administrator, and has been a head coach in baseball, football and basketball.

Stan and his wife, Louise, have three daughters, Melanie, Jennifer and Elizabeth and two grandchildren.

KHSAA Membership Cost Analysis

The K.H.S.A.A. Administrative staff has spent much of the past few weeks on the road visiting the various regions of the state as we strive to improve the Associations' communications with our schools. As part of the presentation, a financial summary has been displayed showing the member schools how the Association spends its over $1.5 million dollar budget. At the request of many of the schools, the slide is being printed here for your inspection.

The sport columns illustrate how much it cost the Association for each member school to participate in a state sponsored championship sport.

Cost Analysis - Membership of the Kentucky High School Athletic Association
September, 1991

Total Schools - 286

Fixed Costs Divided Among All Schools		Per School	1991-92 Total Dues

New Playoff Format for Football

For the 1991 football season, a new playoff system has been adopted whereby the top four teams from each district will qualify for the playoffs. The bracket for the championships is listed on this page, and is in effect for all regions in Classes A, AA and AAA, as well as regions I and IV of Class AAAA. The bracket for regions II and III of class AAAA will be printed in the next issue if space permits. It should be noted that for the fourth round of the playoffs (semi-finals), the Board of Control shall conduct a blind draw of the 4 regional winners to determine pairings. Following the draw, the site and dates for those games shall be established by the Board of Control.

1991 High School Activities Week set for October 13-20

In 1980, National High School Activities Week was initiated to increase the public's awareness of the values and needs of activity programs. Twelve years later, the values remain as sound as ever, but the needs - particularly for public support and adequate funding - have become more problematic.

USA Today, in a recent cover story (Tuesday, July 30), summarized the situation: "... Public schools across the USA are getting squeezed by recession-tightened state budgets and continued sentiment against rising property taxes." As a result, activity programs are among the first to fall victim to budget cuts.

"Activities Week" is the time to remind the public that interscholastic programs provide a high return for a minimum cost - approximately one to five percent of a total school budget. School administrators responsible for the development and conduct of interscholastic program must make certain that each and every pocket in their communities is made aware of the inherent values derived from this American tradition - interscholastic activities. The "Activities Week Checklist for Schools" is provided as a starting point for administrators who want to ensure that their programs remain strong.

High schools are encouraged to participate in two National Federation programs directly related to "Activities Week," which will be celebrated October 13-20.

Walt Disney World National Dreamers and Doers

To date, approximately 6,500 high school juniors have been selected "Dreamers and Doers" by high schools across the nation. Initiated in 1989, this unique program, co-sponsored by the National Federation and administered by state high school associations, recognized students for their participation - not necessarily achievement - in interscholastic activity programs and demonstration of four character traits admired by Walt Disney - curiosity, confidence, courage and constancy. General contributions to school and the community also are considered.

Only juniors are eligible to be selected "Dreamers and Doers." In their senior year, each "Dreamer and Doer" is then able to serve as a spokesperson in the school and community, promoting the values of participation interscholastic activity programs. Participating schools receive an award certificate for presentation at an appropriate school event and a booklet containing suggestions for providing opportunities to their "Dreamers and Doers" to assume leadership roles.

We believe there are "Dreamers and Doers" in every school. Creating forums for these young people to share their personal experience of participation in interscholastic programs may be the most potent and effective means to advance the case for high school activities.

"Be A Sport"

At its Annual Meeting in San Diego, the National Federation declared that sportsmanship remains its No. 1 priority for the 1991-92 school year. To this end, the National Federation and its membership encourage all high schools to include in their Activities Week celebration special events and programs attendant to National Sportsmanship Day, October 17, 1991.

Further, the National Federation hopes high school across the nation will support its "Be A Sport" sportsmanship campaign. The "Be A Sport" logo includes a handshake, which symbolizes the desired spirit of competition at all levels.

The "Be A Sport" slogan and logo first were adopted by the National Sportsmanship Committee (NSC), which is composed of eight national organizations representing both the amateur and professional levels of sports: National Federation of State High School Associations, National Collegiate Athletic Association, National Association of Intercollegiate Athletics, National Junior College Athletic Association, Major League Baseball, National Basketball Association, National Football League and the National Hockey League. The "Be A Sport" logo is being disseminated within each organization of the NSC and will be seen on television, at stadiums and arenas and in printed materials at every level of athletics.

The National Federation Sportsmanship, Ethics and Integrity Committee has approved the "Be A Sport" logo and encourages its use this year by the high school community.

Later in the fall, the National Federation will be informing the high school community about "Be A Sport" merchandise, such as lapel pins, patches, caps, banners and T-shirts that will be available through the National Federation. Proceeds from the sale of "Be A Sport" merchandise then will be used to fund specific sportsmanship programs and services.

High schools interested in obtaining camera-ready, color artwork of the "Be A Sport" logo, at no cost, may contact the National Federation office. The logo can be utilized in school publications, game programs, posters and other printed materials.

For more information and materials to help promote "Activities Week," participation in the 1992 Walt Disney World National Dreamers and Doers program and the "Be A Sport" sportsmanship campaign, contact the National Federation office.

Activities Week checklist for schools

MAIL announcements and articles about Activities Week to local newspapers and radio stations.

SPOTLIGHT a regularly scheduled interscholastic event during the week and attempt to have a sellout crowd. You may want to plan a special attraction such as holding a raffle or conducting a poster or slogan contest. Invite prominent community leaders to attend and be recognized for their support of activity programs, or schedule performances by student activity groups (pom-pons, band, drama, etc.)

HOST a special luncheon or reception recognizing faculty and other community members who coach, sponsor or officiate school activity programs.

ARRANGE for students in your high school activity programs to visit the elementary and middle schools to provide forensics and music demonstrations. Your students also could speak about the fun and educational values derived from involvement in activities.

REQUEST local clergy to support Activities Week by addressing the benefits of activity programs - sportsmanship, teamwork, trying one's best - in their announcements or sermons.

Monday, October 14 -- Officials Day
Tuesday, October 15 --Speech and Music Day
Wednesday, October 16 -- Chemical Health Awareness Day
Thursday, October 17 -- Sportsmanship Day
Friday, October 18 -- Coaches Day
Saturday, October 19 -- Fundraising Day

Emphasis on winning, appearance linked to steroid use

by Dorothy E. McIntyre, Associate Director
Minnesota State High School League

Research is presenting a clear picture: the non-medical use of steroids is occurring and growing within the interscholastic athletic program.

A recent report containing excellent information comes from the federal Department of Health and Human Services, "Adolescents and Steroids: A User Perspective," August 1990, (OEI-06-90-01081) and "Adolescent Steroid Use," February 1991, (OEI-06-90-01080). Their findings indicate that over one-quarter of a million adolescents, primarily males, use or have used steroids, and their numbers are growing.

As educators, we must be concerned and begin to take action.

Use begins early: the data shows that over half of the adolescents who use steroids tried them for the time by age 16. Because of the early onset of use, adolescents frequently increase dosages, variety and cycle length over time, and that it may lead to other drug use.

Athletes are vulnerable: steroid users are generally highly motivated, will train intensely to improve themselves and are concerned about their appearance and receiving peer approval. And they want to please peers, coaches and parents.

Steroids do work: research indicates that anabolic steroids are capable of enhancing strength, size and the capacity to train. Students believe that it may help their team to win.

Our responsibility is education: Students should be aware of the potential risks of steroid use as one means of deterring use. The message must come early, in middle and junior high school, and be reinforced by adults, peers, and student activity leaders. If steroid information is to be effective, we must be honest about steroids, avoiding scare tactics, and acknowledging that steroids do impact the areas of strength, size and appearance.

Peer leadership is a resource: student leaders can be an effective means of intervening to limit steroid use since peers are a major source of information and using becomes secretive among team members.

Adults can send a clear message: "we are so opposed to steroids that we would rather lose every game than have any of you use steroids." This message must be supported by coaches, trainers, parents and the medical professionals.

The National Consensus Meeting on Anabolic/Androgenic Steroids, 1989, sponsored by the UOC/NCAA, National Federation of State High School Associations and the AAU of Los Angeles, recommended an education program that should:

- clearly and consistently send a message from coaches, parents, educators and physicians that they don't want adolescents to use steroids.

- help adolescents develop realistic expectations and goals for themselves and alternatives to steroids use, such as improved weight training methods, nutrition or training techniques.

- advocate and encourage social support for not using steroids, including a de-emphasis on winning at all costs and the social/monetary regards attached to winning.

- encourage positive role modeling by elite and professional athlete,

- emphasize the moral and ethical aspects of steroid use, i.e., steroids use is cheating and destroys fair play.

With the beginning of the new year, it is a good time to educate through your pre-season meetings, coaches meetings and other avenues for communicating with your students and parents.

We can make a difference!

"Minutes" *...cont.*

Commissioner Wise discussed with the Board a request he had received from the Kentucky Girls Sports Association to hold the Girls State Basketball Tournament first each year. Following comments by Board members, President Johnson referred this item to the Basketball Committee. He requested that the Commissioner's Office furnish stats to the Basketball Committeee and that a report be presented to the full Board at the October meeting.

Board members were then asked for their input on sites, dates and times for the Regional Meetings. Mr. Wise advised the Board that a schedule of these meetings would be mailed to them in the near future.

Ray Story made a motion to approve North & South Laurel County's request to be classified AAAA in football and placed in Laurel County's existing district. Harry Jansing seconded the motion which passed unanimously.

Mr. Wise discussed a request from Whitley County to waive the starting date for football due to a conflict at their school. Frank Cardwell moved to deny their request. Stan Steidel seconded the motion which passed unanimously.

Following a discussion of By-Law 5, Section 4-1-c, Ray Story made a motion that a referendum be mailed to all member schools asking for a clarification and change to this section. Roland Williams seconded the motion, which passed unanimously.

Asst. Comm. Stout reported to the Board that the Commissioner's Office had been asked to survey the schools to add Girls Soccer. Claudia Hicks made a motion, seconded by Sandy Allen, that based on the results of the 1989-90 soccer survey and due to the increase in boys soccer participation in the fall, the schools be surveyed for Girls Soccer as a Spring sport. The motion failed by a vote of 8-3.

Mr. Stout requested that the Board raise the baseball officials fees as follows effective with the 1991-92 season: $30/game; $60/double header. Frank Cardwell moved to adopt these fees, seconded by Sandy Allen. The motion failed by a vote of 6-4-1.

It was suggested that the Track and Field Survey regarding the possible addition of the girls triple jump and the boys and girls 3200m relay be conducted at the beginning of the 1991 school year.

The Board set the date and time for the next meeting to be held on Saturday, October 12 at 1:00 p.m. in Lexington at the K.H.S.A.A. Office. The following committees will meet on Saturday morning: All-Sports, Executive, Basketball and Football.

Jack Portwood made a motion, seconded by Harry Jansing that the Board set the following ticket prices for the State Football Playoffs: All advance tickets - $5.00; At gate tickets - 5.00 students, 7.00 adults. The motion passed unanimously.

There being no further business to come before the Board, Roland Williams moved for adjournment. The motion was seconded by Harry Jansing and passed unanimously.

Association Appendix

Printing/Mailing

The 1991-92 Calendars have been printed and mailed. If you have not received yours, please call us.

Regional Meetings

Your KHSAA staff will be visiting the 16 regions between September 11 and October 30 in an effort to strengthen communications between the member schools and your Association. An agenda has been mailed to all superintendents, principals and athletic directors which will include dates, times and sites.

75th Anniversary Basketball Program

The excitement is building over the publication of a 75th Anniversary Basketball Program. You won't want to miss a single page, especially if you're a big basketball fan.

Publicity

In a recent survey of the schools you indicated that one area we can help you with is publicity and promotions. We have compiled information on promotional events, publicity, media relations, and related topics, that you may find beneficial.

If you would like to receive any information on general publicity and promotions please contact Jeff Rogers.

State Golf Tournaments

The 1991 State Golf Championships will be taking place this month. The dates and sites are as follows:

Girl's

October 15-16 — Elizabethtown Country Club, Elizabethtown

Boy's

October 15-16 — Lincoln Trail Country Club, Vine Grove

Recent Mailings to Schools

State Associations Must Take Charge

by Bill Sprinkle

NOTE: The following is an excerpt of a speech delivered by Bill Sprinkle at the TARGET seminar April 21 at the National Federation in Kansas City.

You are well aware of the problems of alcohol and other drugs in our communities. Although there has been some reduction in use of some drugs, most surveys in our nation and in our communities reveal startling indications of substance use among our young students.

Furthermore, several polls and school surveys all indicate that the biggest problems facing our youth and the worst influences in their lives are alcohol and other drugs. A December 1990 survey in **USA TODAY** revealed that 85 percent of 800 high school basketball and football coaches think that alcohol use is the worst problem that their team members face. **We all must know this!**

Why should state associations be involved in chemical-health programs, wellness programs, preventive programs? Money is tight (always will be). There are a lot of other programs out there. It is not our business really, but local schools. We don't really have the time, limited staff, duplication of effort, and on and on. I will not take time to refute those charges or excuses because most are specious arguments that can be disputed either way. I want to focus on our potential, not our limitations.

What I would like to do is reflect on the positive reasons why we should be fully involved in promoting the chemical health of our students in activities and through them the general student population.

The problems inherent in alcohol and other drug use are not ones that will go away. These problems have been with mankind since day 1. To solve these problems, to manage them in most cases, takes many different actors. It takes many different actors sometimes to make even the smallest difference. The only way to begin to manage the problem is to network with many agencies in the prevention effort.

Government agencies can't do it alone, nor can the Federation, schools, churches, police or state associations. We all must take a strong active involvement and make a concerted effort together to reach all our constituencies. Commitment and priority are two words that should best illustrate our involvement as state associations.

Who better than the Federation and member state associations to lead the charge to make life better and more hopeful for students in activities and their peers in the schools? Are we to be the followers in this arena? Who has a better potential to network with all the schools and all other prevention agencies? Would not the average citizen expect the associations to be a critical part of the solution to these problems? Chemical health is the responsibility of any leader in the education field.

In this day and age with the negative aura that sometimes surrounds athletics and activities, with the endless threat of litigation that swirls around us and with so many questioning our purpose and programs, a positive public relations plan is absolutely vital.

The positive goodwill that an association receives from a good chemical health program is substantial. The fact that many of us have started programs, however elementary or sophisticated, is a very favorable step in a day when a good image is needed in our activity programs.

I think we must reflect lor a moment on what kind of message we will send our neighbors in the prevention community if we fail to enhance or follow through with our programs. We need positive goodwill regarding all our activities, and a chemical-health program accomplishes a part of that need because it demonstrates that we care for the total development of the student.

State associations originally were conceived to bring order, control and regulation to athletics to protect the interests of young people who were being exploited in one way or another. Our primary focus has been and must be the health, safety and welfare of our students.

Isn't this why we have age rules, practice-limitation rules, game-limitation rules, cheerleader safety guidelines, physical exam rules, catastrophic injury committees and safety regulations in rules of all sports? Is our charge only to protect a kid's emotional and chemical health? Do we not preach and emphasize that the "other half of education" has a myriad of values such as competition, self-esteem, learning how to win and to lose, overcoming adversity, learning how to cooperate with others, and that these are most significant? Is chemical health to be excluded or minimized as one of the benefits of participation? My belief is that it should be on the same plane as all the values of participation.

Are not the people involved in activities educators? If we are, and I truly believe we all think we are, is not our mandate and responsibility to teach ethics, citizenship and healthy lifestyles.

Given the thrust of educational reform in this country, we must address these topics daily. Healthy values and wise alternatives can be taught just like physical skills. Is not a healthy lifestyle a quality value? Few would argue that it is not.

FROM THE INSIDE

by Louis Stout, Assistant Commissioner Kentucky High School Athletic Association

The Kentucky High School Athletic Association began a new era with the retirement of Lee T. Mills and the subsequent appointment of Billy V. Wise as Commissioner. I have had the privilege of serving under all three former commissioners, each of whom were great leaders with their own methods and philosophies. With the appointment of Commissioner Wise, new directions were introduced to the staff, member schools and the Board of Control. With an emphasis placed on "Communication", Commissioner Wise immediately set out to reintroduce the K.H.S.A.A. to its members by taking the Association to the schools.

Throughout the months of September and October the executive staff will have crisscrossed the state, visiting the sixteen regions and talking with school administrators. The purpose of these visits was to inform and update the member schools as to the purposes and functions of the Association. Old and new staff members were introduced and the responsibilities of each staff member were explained.

Although this was not a new idea, this is the first time such a project has been undertaken in my twenty year tenure with the Association. This initiative came from the new leadership and the new direction that is planned for the organization.

The reception we experienced during these visits was, without doubt, the warmest that any organization could expect. Because of the tremendous success of our travels and because of the new philosophy that has been adopted, the morale at the office is at an all time high.

The time spent in completing this task was not easy considering the fact that the fall sports programs were in motion. Although everyone was exhausted at its completion, we all agree that this had to have been the most exciting, most informative and, in my opinion, the most professional presentation ever made by the K.H.S.A.A. and its staff. The success of the sessions can only be weighed by the attendance of the many Superintendents, Principals, Athletic Directors and Coaches and by the positive comments we have received.

Without question a better association exists because of these visits. I applaud Commissioner Wise for his vision and for his interest in serving the schools and all those who are charged with the responsibility of following the rules and regulations of this great Association.

Prep Golfers Are In The Clubhouse

The Kentucky High School Athletic Association sponsored the first state championship of the 1991-92 school year as more than 200 high school golfers gathered in central Kentucky for the Girl's and Boy's State Golf Tournament.

Elizabethtown Country Club hosted the girls while the boys challenged Lincoln Trail Country Club in Vine Grove.

Pat Vadden, a senior at St. Xavier, fired an even par 72 both days for a 144 total. That was good enough for a six shot victory over Estill County's Steve Honchell, who finished at 75-75 for a 150 total.

Franklin County claimed the team championship for the second consecutive year as Chad Dawson, Benji Broadwater, Bryan Conway and Ben Conway combined to shoot a team total 635. That was 35 strokes better than runner-up Ballard.

A few miles away at the girl's tournament Johnson Central senior Amiee Cantrell shot a 79-79 to claim top honors in the girl's championships. Aleshia Warren of Central Hardin finished three strokes back at 161 to gain runner-up merit.

Another repeat, the young ladies of Madisonville North Hopkins combined to shoot 742 to claim team honors. The group of Jill Smiley, Emily Thomas, Mary Ellen Leasure and Kelly Green led the Lady Maroons to a two stroke victory over Casey County.

Officials Acquire Advanced Certification

A large number of KHSAA registered officials have qualified for advance ratings of Certified and Approved as a result of the National Federation Part II Examination. Only officials receiving these higher ratings are eligible for work in the district and regional tournaments. Only KHSAA approved or certified officials shall be used in games between sub-district and district winners. Only certified officials shall be used in other playoff games. Following is a list of those obtaining new ratings:

DUE PROCESS PROCEDURES

The Board of Control of the Kentucky High School Athletic Association adopted the following Due Process Procedure for appealing decisions of the Commissioner or Board of Control.

1. Aggrieved Parties May Appeal Decision

If a participant, parent, contest official, coach or member school is dissatisfied with a decision of the Board of Control or the Commissioner's interpreting a provision or provisions of the Constitution, By-Laws or rules and regulations of the Association, and such individual or school is an aggrieved and affected party, such a party may submit in writing a notice of appeal of the decision and request for a formal hearing. All appeals involving a student eligibility matter relating to the fall sports season shall be filed by the immediately preceding July 15th; the winter season, but the immediately preceding September 15th; and the spring season, by the immediately preceding January 5th. Appeals not timely filed shall not be heard, absent clear and compelling justification. Any other appeal shall be filed within fifteen (15) days of receipt of the decision.

2. Investigation

The Commissioner or his staff, or such representative of the Association designated by the Board of Control shall investigate all matters upon which the appeal is based. Investigations shall be performed so as to bring the matter to a hearing, unless for cause otherwise shown, no later than the next regularly scheduled meeting of the Board.

3. Notice

After completion of the investigation, the Commissioner shall notify the appealing party of the time and place set for a hearing on the appeal. The notice shall be given at least seven (7) days in advance of the time set for the hearing. The hearing shall be conducted in conjunction with a regularly scheduled meeting of the Board, or the East Eligibility Committee or the West Eligibility Committee may act for the Board if time is of the essence.

4. Attendance at the Hearing

Representatives of member schools, contest officials, students, parents and coaches who are appealing parties are entitled to attend hearings. In the instance of a student submitting the appeal, such student may be represented by the member school that the student attends. Any person entitled to be in attendance at such hearing may represent themselves. Such persons are also entitled to be represented by counsel, provided that they notify all other parties involved in the appeal of the name, address and telephone number of such counsel at least three (3) days in advance of the hearing.

5. Board of Control to Hear Appeals

The Board of Control of the Association, or the appropriate eligibility committee, shall hear all appeals brought under the provisions of these rules. The President of the Board of Control, or chairman of the appropriate eligibility committee may appoint a hearing officer to preside over the hearing or he may act as the hearing officer himself. The hearing officer may, at the beginning of the hearing, ask for statements clarifying the issues involved or upon which factual matters the appealing party will stipulate and agree to. The Commissioner shall make available written copies of his investigation, and may give testimony relative thereto. The appealing party shall present its defense and proofs. The parties may offer such evidence, including the testimony of witnesses, as they desire and which is relative to the proceedings. Each party shall have the right to cross examine witnesses of the adverse party. All parties shall be afforded the opportunity to examine all documents introduced.

6. Closing of Hearing

The hearing officer shall specifically inquire of all parties whether they have further evidence. Upon receiving negative replies, the hearing officer shall declare the hearing closed.

7. Hearing in Absence of a Member

The hearing may proceed in the absence of any party who after it is shown has received due notice thereof, fails to be present or fails to request an adjournment. Adjournments may be requested of the hearing officer upon the request of a party or upon the initiative of the hearing officer. However, a decision shall not be made solely upon the default of a party, but be based upon the evidence in the matter before the Board.

8. Decision of Board

The decision of the Board of Control, or the appropriate eligibility committee, if practicable, shall be announced orally to the parties upon completion of the hearing, such to be followed by written confirmation to the parties within seven (7) days of the closing of the hearing. The written decision shall be signed by the Commissioner and shall state the findings and conclusions of the Board or eligibility committee. All decisions of the Board of Control or eligibility committee may be appealed to the State Board of Education.

9. Appeal Procedure to State Board for Elementary and Secondary Education

Section 1. There is hereby established with the Department of Education the position of hearing officer for the State Board for Elementary and Secondary Education. The State Board for Elementary and Secondary Education shall appoint, upon the recommendation of the chief state school officer, a person or persons to serve at the pleasure of the Board in that capacity.

Section 2. A hearing officer shall conduct a hearing, or a review of the law as appropriate of all appeals from the Kentucky High School Athletic Association.

Section 3.(a) Any aggrieved party may appeal the ruling of the Kentucky High School Athletic Association within ten (10) days of the date of the Kentucky High School Athletic Assocaition hearing, or the written decision if no ruling is made at the hearing, to the State Board for Elementary and Secondary Education, by filing notice with the Secretary of the State Board for Elementary and Secondary Education and by mailing a copy of the same to the Commissioner of the Kentucky High School Athletic Association. Appeals not timely filed shall not be heard. The Secretary of the Board shall immediately notify the Commissioner of the Kentucky High School Athletic Association of the appeal and the Commissioner shall forthwith send the record of the matter, including a transcript or tape recording of the hearing before the Association to the Secretary.

(b) The notice of appeal need not be in any prescribed form, but shall clearly state reasons for the appeal. If the appellant requests to present additional evidence to a hearing officer, the notice also shall set forth the nature of such evidence and reasons it has not been previously introduced.

(c) The notice of appeal may also request oral argument before a hearing officer, and if it does, it must also state the reasons for such request.

(d) Written arguments (or briefs) may be filed with the Secretary within ten (10) days after notice of the appeal has been filed, with a copy sent to the Commissioner of the Kentucky High School Athletic Association.

(e) The Commissioner of the Kentucky High School Athletic Association may respond to the written argument within five (5) days but may have one (1) extension of an additional five (5) days for good cause shown. Said response shall be made by mail to the appellant with a copy sent to the Secretary of the State Board.

(f) Unless the hearing officer grants the motion to introduce additional evidence or the request for an oral argument, the appeal shall be considered on the written record alone. Only in extraordinary cases where additional evidence is allowed to be introduced shall the appeal be considered de novo in nature.

Section 4. The hearing officer shall make findings of fact, conclusions of law and recommendations to the parties and the State Board for Elementary and Secondary Education, and such, shall allow ten (10) days for written exceptions and responses to the State Board. Except in cases of clear and compelling justification, the parties shall not have a right to make oral argument in person to the State Board.

Section 5. The Board may accept or reject the submission of the hearing officer in total or in part, may return the matter to the hearing officer for further proceedings or may have the parties appear before the Board for further proceedings and ultimate decision. In any event, the board, in making its final decision, shall adopt or incorporate appropriate findings and conclusions.

Section 6. Because of the varied nature of the other matters that may from time to time be assigned to a hearing officer, and because time may be of the essence, in order for the submission of the hearing officer to be presented to the Board at a scheduled meeting of the Board, the hearing officer is hereby authorized, consistent with the limitations of the assignment, to set such time frames and other procedural matters as will assure due process to the parties and allow the submission to the Board within the time prescribed.

Section 7. Stay of KHSAA Decision Pending State Board Action

If the State Board hearing officer recommends reversing the Association's decision on an eligibility matter, the Association's decision shall be stayed, and the student in question shall become immediately eligible pending final State Board action.

Swimming Committee Minutes 1991-92

The Swimming Committee met on Tuesday, October 1, 1991, at the K.H.S.A.A. Office in Lexington. Assistant Commissioner Brigid L. DeVries called the meeting to order at 1:30 p.m. Committee members present included Tim Cahill, Matt Rydson, Phil Wilder, Jerry Mohr, Martin O'Toole, Jack Thompson, Dale Baggett, David Webb, Karen Vanover and Ron Prieskorn.

The first item on the agenda was the selection of the regional sites. The managers and sites are as follows: Central Kentucky Region -Tim Cahill, Model High School, Richmond; Jefferson County Region - Martin O'Toole, Crescent Hill, Louisville; Northern Kentucky Region - Dave Webb, Scott High School, Covington; Western Kentucky Region - Dale Baggett, Hopkinsville High School, Hopkinsville. The committee discussed the regional information sheets and made some minor changes. The Regional entry deadline date is January 29, 1992. Regional meets are scheduled on February 7-8, 1992.

The next item for discussion was the State Swim Meet and Site. The 1991-92 meet is scheduled on February 21 & 22, 1992 in the Lancaster Aquatic Center at the University of Kentucky. It was decided that the time schedule for the meet stay pretty much the same. The preliminary heats will consist of three heats of eight swimmers in all swimming events. The finals will consist of 6 swimmers in the consolation heat, and 6 swimmers in the championship heat.

A discussion was held on the possibility of increasing the number of qualifiers to the State Meet from 24 to 32. A sub-committee was formed to consider this suggestion as well as the re-alignment and possible expansion of the regions. Another item to be considered is a proposal to require schools to participate in two high school meets before they are eligible for regional competition. Sub-committee members include Ron Prieskorn, Dale Baggett, Karen Vanover, and Jerry Mohr. The sub-committee will study these items and report back to the committee at the 1992 meeting.

The State Meet Combined Awards have been underwritten by a corporate sponsor in the past. Committee members will check in their areas for a new sponsor for these awards. Should a sponsor be unavailable, these awards will be dropped. The regular team awards sponsored by the K.H.S.A.A. will not be affected.

The next item on the agenda included a discussion of the National Federation Honor Roll. Each member received a copy of the cut off standards for consideration on the honor roll.

The committee then discussed the National Federation Rule Changes for the 1991-92 school year. The committee reviewed the Backstroke Turn Video and a discussion was held regarding the interpretation of this rule change. The video helps clarify what is legal and illegal about the turn. The video is available to member schools on a checkout basis from the K.H.S.A.A. office.

Tim Cahill gave a brief report on N.I.S.C.A. and the impact this organization has had on the national level. Also, it was mentioned that the Olympic trials will be held in Indianapolis March 1-6, 1992.

Miscellaneous items included the policy of regional managers, mailing their regional entries into the K.H.S.A.A. office, by the entry deadline set for all of the participating schools. Also, each region will be responsible for providing at least one diving judge for the state meet.

There being no further business, the meeting was adjourned.

1991-92 Swimming and Diving Rule Interpretations

SITUATION #1: Before a championship meet, an official notices that the water depth is less than 3'6". The meet was delayed until the pool was filled to the proper water depth.
RULING: Correct procedure.
COMMENT: Water depth shall be a minimum of 3'6". (2-2-2)
SITUATION #2: The pool depth is 4'6" and the starting platforms are 30" above the surface of the water.
RULING: Legal.
COMMENT: In pools with water depth less than 4' at the starting end, the platforms shall not exceed 18" above the surface of the water. (2-7-2)
SITUATION #3: A swimmer appears at the starting block with an advertisement for a local business all across her cap. The referee orders the cap to be removed or reversed.
RULING: Correct procedure.
COMMENT: Competitors shall not be permitted to compete in attire which includes advertising or a partial/whole manufacturers logo or trademark more than 1 1/2" high and 1 1/2" wide. (3-3-1)
SITUATION #4: In a dual meet in a 25m pool the starter announces event number 8 as the 400 m freestyle.
RULING: Incorrect procedure.
COMMENT: Change to 500 yd/m freestyle. (5-1-1h)
SITUATION #5: In a dual meet both coaches verbally agree to shorten the warmup time prior to the 100 yard butterfly to 5 minutes.
RULING: Correct procedure.
COMMENT: Coaches are permitted to verbally agree to shorten the warmup time prior to the 100 yard butterfly. (5-1-2b)
SITUATION #6: A competitor in a dual meet swims in both the medley and the 200 freestyle relay, and two individual events. He is also entered as an exhibition swimmer in the breaststroke to achieve a qualifying time.
RULING: Illegal.
COMMENT: The swimmer would not be allowed to swim in a fifth event. An exhibition swim in counted as one of the four allowed entries. (3-2-1a)
SITUATION #7: Host Team A's pool has a depth of 3'8", 1 foot in front of the starting end wall. They have ordered 18" staring blocks that have not yet arrived. Their 30" starting blocks are still in place. The referee orders the competitors to start from the deck beside the blocks.
RULING: Correct procedure.
COMMENT: In pools with water depth less than 4' and starting platforms do not specifications, the swimmer must start from the deck or in the water or the meet will not be conducted. (2-7-2 Pen)
SITUATION #8: A swimmer in the 500 yard freestyle swims 200 yards of the race, swallows water and gets out of the pool to recover. After recovering the swimmer reenters the pool and completes the race.
RULING: Illegal.
COMMENT: The swimmer may not reenter the water. (3-5-5)
SITUATION #9: A swimmer shoulders pass beyond the vertical on the backstroke finish as he touches the wall.
RULING: Illegal.
COMMENT: Swimmer may only pass beyond the vertical plane on the turns. 8-2-1h
SITUATION #10: A backstroker takes a final arm pull into the turn, turns the shoulders past the vertical plane toward the stomach: (a) continues kicking while executing the turn; (b) floats/kicks closer to the wall before executing the turn.
RULING: (A) Legal; (B) Illegal.
COMMENT: Once a backstroker turns the shoulders past the vertical toward the stomach, all movement must be part of a continuous turning action. (8-2-1e)
SITUATION #11: A backstroker fails to touch the end wall with some part of the body while executing an otherwise legal turn; so after turning, the swimmer reaches or sculls back to touch the wall.
RULING: Legal, provided the swimmer remains on the back (i.e., the shoulders do not go beyond the vertical). (8-2-1)
SITUATION #12: A breaststroke or butterfly contestant turns in such a manner that the body is on the back when the feet leave the wall; but, prior to the first arm pull or leg kick, the body returns to the breast down with the shoulders in the horizontal plane.
RULING: Illegal.
COMMENT: On breaststroke and butterfly turns, the shoulders shall be at or past the vertical toward the breast when the feet leave the wall. (8-2-2)
SITUATION #13: An individual medley swimmer uses a legal "no-hand-touch" backstroke turn in going from the backstroke leg to the breaststroke leg.
RULING: Legal.
COMMENT: A swimmer may use any legal turn associated with each quarter of the race. (8-2-6)
SITUATION #14: The second, third and fourth members of a relay may use the moving step start.
RULING: Legal.
COMMENT: On the takeoff, the second, third and fourth swimmers on a relay team shall use the legal forward start, but may be in motion before the previous swimmer finishes. The swimmers shall remain in contact with the front of the starting platform pool deck until the previous swimmer has finished. However, moving from the back of the starting platform to the front is permitted provided the swimmer is on the starting platform and does not initiate the action from the pool deck. (8-3-5)
SITUATION #15: In a championship meet in diving, the referee draws a new diving order following the semi-finals, and prior to the final round of dives.
RULING: Incorrect procedure.
COMMENT: In championship meets, the diving order shall initially be drawn by lot. The same relative position of divers shall maintain thereafter for all levels of competition. (9-2-2)
SITUATION #16: In a dual swim meet the referee announces that all diving score sheets are to be submitted by 5:00 p.m. Team A submits all three diving sheets at 4:55 without the coaches signature on them. The referee does not accept them, and tells the coach to sign each one and submit them by 5:00 p.m.
RULING: Legal.
COMMENT: Each sheet should be checked for both the competitor's and coaches' signature as they are submitted, to alleviate disqualifications later on. (9-3-3c)
SITUATION #17: A diver executes a forward somersault but only uses a two step approach. Each judge deducts two points from their own score which is reflected on their scorecard.
RULING: Incorrect procedure.
COMMENT: The diving referee authorizes a two point deduction by each judge for a violation of the forward approach. The announcer reads the scores and verbally deducts two points from each of the judges scores. If a six is awarded by a judge, the announcer will read four, and the score will record the score as read on the scoresheet. (9-8-1a)

Athletic Directors Converge in Orlando

More than 2,000 athletic administrators, spouses and exhibitors are expected December 14-18 in Orlando, Florida, when the National Federation hosts its 22nd annual National Conference of High School Directors of Athletics at the beautiful Marriott's Orlando World Center Resort.

NIAAA Annual Meeting

In conjunction with the National Conference, the National Interscholastic Athletic Administrators Association will be holding its 15th annual meeting. The NIAAA will hold several pre-conference meetings and events December 13-15. Heading the list of pre-conference activities will be the fourth annual CAA certification examination, which is scheduled for 9:45 a.m. Sunday, December 15.

Program Highlights

The National Federation will offer another outstanding cast of feature speakers, along with a large variety of timely workshop topics, for this 22nd conference.

Richard Flint, who has risen through the ranks of professional speakers to become one of North America's most sought-after program personalities, will deliver the keynote address, **"Give Them A Chance."** It is Flint's belief that "the major struggles that go with us to work each day are not there because of a lack of technical knowledge, but because of the human struggles that we carry with us." These are the areas that Flint focuses on to the point you will feel he has been living under your bed.

In his presentation, Flint will examine the role of the high school athletic program. Is it for coaches to build their egos? Is it for the team to win the conference championship at any cost? Is it for the student to learn the value of life through learning to win and lose? Is the answer "yes" to all of these?

In this information-packed, energy-filled program, Flint addresses the concepts of "responsibility" and "accountability." **"Give Them A Chance"** is a walk through one's personal commitment. It is an examination of one's personal ethic. It's a return to what is needed, rather than an examination of what we want.

Ann Chadwell Humphries, president of ETICON, will be the featured speaker at the Second General Session. Audiences respond to her personable, yet direct presentation style as she is able to break complicated etiquette concepts into practical, realistic "how-to's" that audiences easily understand and want to apply.

In her presentation, **"Cross Training: Etiquette for Athletes,"** she will offer insight regarding preparation for life in the public eye. What are the costs to an athletic director when athletes do not represent themselves or the school well in public? What is it worth to attract positive attention to the program through the behavior of players off the field? What are the costs if you don't? How can an athletic director build the concepts of ethics, integrity and sportsmanship in student-athletes through everyday actions? Can winning continue while expecting sterling behavior of players off the field?

Danny White, this year's conference luncheon speaker, just recently completed 13 years as quarterback of the Dallas Cowboys. During his career as a starting quarterback, White's record was 67-35, including 41-11 at Texas Stadium.

Although he has retired from football, life is just beginning for White. He has many varied business interests including president of White Companies. He is a partner in White Insurance Enterprises, Inc. and chairman of Quarterback, Inc., a newly formed fraternity of active and inactive NFL quarterbacks with its credo: To allow the combined reputation and influence of its membership to have a positive impact on people and situations that affect attitudes of youth.

Tuesday morning's program also will offer conference attendees a choice of two concurrent seminars.

Dr. Bowen F. White, a medical doctor in Kansas City, will be the speaker at the Stress Seminar. His presentation, "Using Stress To Power Peak Performance," is sure to be most informative. According to Dr. Bowen, stress can be seen as an obstacle to be avoided or a challenge to be met. What we do with our energy will reflect the perceptual bias of the individual. The truth is, the only way we can reach peak performance is to be confronted with a task that stimulates us to do so. How can we do that without making ourselves sick at the same time?

Dr. Robert O. Voy will be the presenter for the Performance Enhancing Drug Seminar. Dr. Voy, author of Drugs, Sport and Politics, provides an inside perspective on drug use in sport that simply cannot be equaled. As the former chielf medical officer for the U.S. Olympic Committee, Voy has tracked this crisis from the junior high and high school levels, up through the ranks of Olympians and world class professional athletes.

Voy's discussion on subjects such as Anabolic Androgenic Steriods, Growth Hormone, Cocaine, other stimulants, as well as drug control and testing is compelling and alarming. The prevalence and impact of drugs on sport is distressing; Voy's message cannot be ignored.

James Lessig, former commissioner of the Sun Belt and Mid-American Conferences, will be the featured speaker for the Third General Session at 10:45 a.m. Tuesday morning. He has a wealth of experience serving as a high school teacher/coach, collegiate basketball coach, and professional basketball coach with the Cleveland Cavaliers. He just finished an outstanding term as commissioner of the Sun Belt Conference.

Lessig's presentation, "What Price Victory," addresses how everyone involved in organized athletics talks about the values and sense of integrity that can be gained by young people through participation in athletics at all levels, but are we as administrators, coaches and teachers really practicing what we preach? Unfortunately, the answer to that, in many cases, is a resounding "No." We need to examine the reasons why words like "value, integrity and ethics" are, in many cases, only given lip service. Is it too late to change our direction?

Other Program Highlights

In addition to the presentation of National Federation Citations to six outstanding athletic administrators, banquet attendees will be treated to a special performance of "Up With People," featuring contemporary, popular and international songs and dances, as well as special interaction with the audience. Any football fan has certainly seen these young people during a halftime performance of the Super Bowl.

Once again, the Fellowship of Christian Athletes is planning a complimentary breakfast and program for conference attendees that will feature an inspirational message to conclude the conference.

Athletic Directors . . . *continued*

Change in Program Format

The Athletic Directors Advisory Committee recommended a change from the traditional conference program format to allow attendees to take advantage of the many attractions in Orlando. The first workshop session will now begin at 1 p.m. Sunday, December 15, followed by the NIAAA sectional meetings, which are open to all NIAAA members. The traditional Opening General Session and keynote address will be held at 7:30 p.m., followed by the Marriott-sponsored opening night exhibit hall reception, held in the exhibit hall.

Monday's time schedule has been changed drastically, with the afternoon and evening following the conference luncheon free of any program time. This will allow attendees to visit the many attractions in Orlando. The National Federation has put together a special afternoon and evening at Sea World as an optional activity on Monday.

The program of workshops and mini-sessions will total 27 different topics during the three workshop sessions, with each session featuring several choices of topics, plus five mini-sessions scheduled during the third workshop period on Tuesday. These breakout sessions are designed to meet the individual needs of attendees who are looking for information in a variety of different areas.

Workshop Topics

The first workshop session on Sunday afternoon is packed with some outstanding topics such as "Handling & Resolving Conflicts," "All Sports Booster Club," "Supporting the Academic Mission of our Schools," "Equity and High School Athletics," "What You Need to Know About Caring For Your Athletic Fields," "Leadership Roles in the 90's," "Fund Raising - THE WINNERS PROGRAM," "The Latest Video Technology: Editing & Chalkboard" and a "Hands On Golf Clinic."

The second session on Monday morning includes such topics as "Development Programs for Walk On Coaches," "Administrative Training Plan for Athletic/Activity Directors," "Eligibility Tracking Systems," "NIAAA Certification Program Update," "The Athletic Director and Time Management," "Selection, Direction and Evaluation of Athletic Personnel," "Improving Community Sportsmanship" and "Managing, Marketing & Promoting the Athletic Program."

The third and final workshop session will be held on Tuesday afternoon and includes presentations on "Recognition Programs for the Academic Achievements of Athletes," "The Athletic Director's Role Regarding Turf Management," "Middle School Athletics: Interscholastic vs. Intramurals" and "What About Corporate Sponsorships." In addition, those who choose to select the mini-sessions will have their choice of any two of the following, "New NIAAA Fundraising Guidelines," "Conducting Effective Staff Meetings," "Conducting Events on a Shoestring," "Youth Sports & Their Effect" and "Lotteries and High School Sports."

College Credit to be Available to Conference Attendees

The Florida Host Committee has arranged for attendees to have the opportunity to earn three hours of college credit through Rollins College. Tuition is only $100. An informational brochure, including pre-registration form, will be included in the conference registration materials mailed to all NIAAA members and recent conference attendees.

Hotel Room Reservations

All conference activities will be held in the Marriott's Orlando World Center. The National Federation has blocked 1,400 rooms at the Marriott, and an additional 200 rooms at the Hyatt Orlando, approximately five miles from the Marriott. Special rates of $79 single or double occupancy at the Marriott and $67 single or double at the Hyatt Orlando have been set for three days prior through three days following the conference. For those wishing to put three or more adults per room, there is a $20 per night charge at the Marriott. Marriott's Executive Level is available to conference attendees at the reduced rate of $109 per night.

Please Note:

All room reservation requests must be made on the special conference room reservation form, available from the National Federation. This form must be returned to the National Federation, along with a conference registration form and fees. The room reservation form must include either a separate check for the first night's deposit made payable to Marriott's Orlando World Center, or a credit card guarantee for each reservation requested.

It is important that names of all room occupants are included on the room reservation form. The National Federation will record the room reservation before forwarding it to the Marriott's Orlando World Center. A reservation confirmation will be sent by the Marriott. It is important to know that room reservations cannot be made by phone or without first registering for the conference. In case of cancellation, the deposit will be refunded if the hotel is notified at least 24 hours prior to the scheduled arrival.

Conference Registration

Conference registration forms, hotel room reservation cards and the optional tour brochure will be sent to all NIAAA members and all athletic administrators who have attended one or more of these National Conferences during the past five years. Anyone not included in that group may secure registration forms, room reservation cards and exhibit information by writing the National Federation, P.O. Box 20626, Kansas City, Missouri 64195-0626, or by calling 816/464-5400 between 8:00 a.m. and 4:30 p.m. (central time) Monday through Friday.

Conference Activity Fee

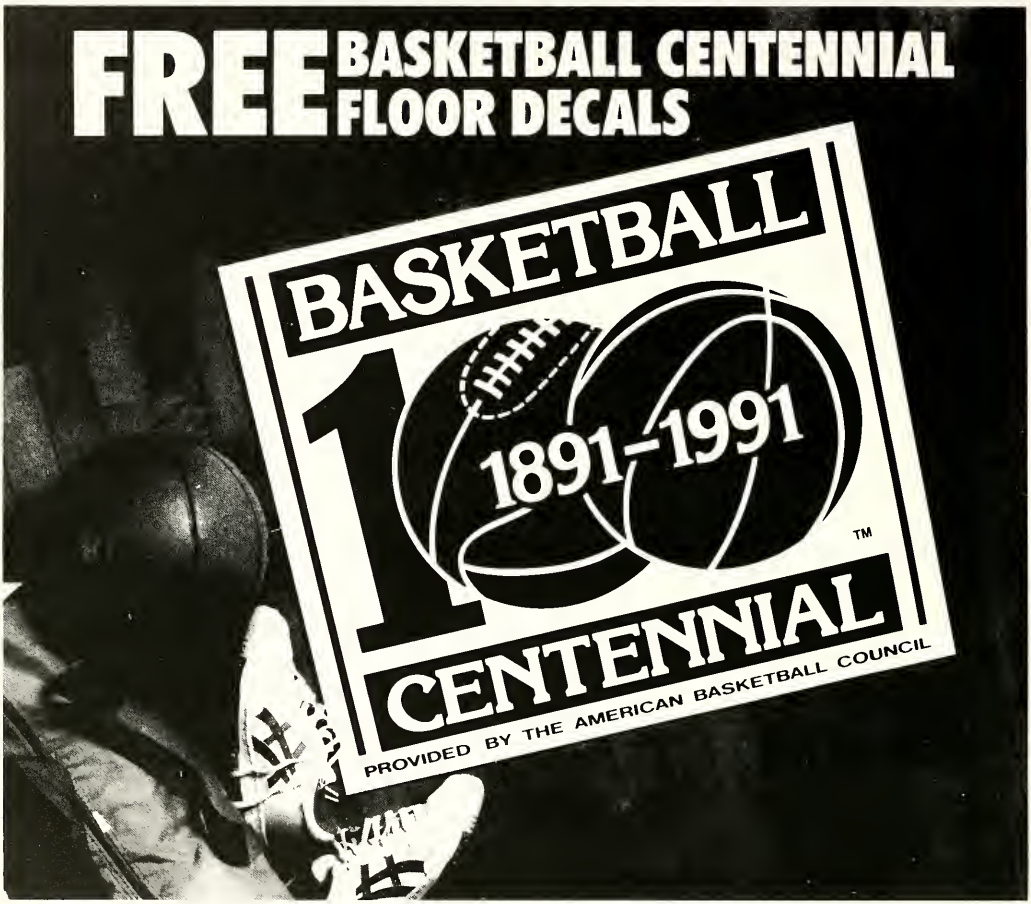
The conference activity fee has been set at $110 for 1991-92 NIAAA members, and $120 for non-members who register prior to November 14. **After November 14,** the registration fee for all attendees is $140, and registrations will be accepted only on a space-available basis. No registrations will be accepted after November 20. The conference activity fee includes all meal functions.

The spouse/guest registration fees if $25 and includes all conference activities, with the exception of the Monday luncheon and Tuesday banquet. Extra tickets for the luncheon are $16 and $33 for the banquet. The spouse registration fee also includes the Sunday evening exhibit hall reception, a full breakfast and program on Monday morning, and FCA share time on Tuesday morning.

Refund Policy

A refund of advance payment, minus a $25 cancellation fee, will be made to any registrant who must cancel, provided notice of cancellation has been received by the National Federation **no later than Thursday, December 12.**

FREE BASKETBALL CENTENNIAL FLOOR DECALS



Celebrate The Centennial... Right On Your Home Court.

The upcoming 1991-92 season commemorates the 100th Anniversary of Basketball. To help you celebrate, you can get attractive floor decals for your court featuring the Basketball Centennial logo. The first two decals you order are **FREE** (plus $6.95 for shipping and handling). But you'd better hurry . . . the decals are only free to the first 4,500 schools that order them!

If you want more than 2 decals, there is a cost of $6.95 **for each additional decal** you order.

The floor decals are 24" × 28", and come in handsome red, white and blue colors. They're designed to last a season, and will peel off easily when your celebration's done.

Order Your FREE Floor Decals Now!

Here's all you have to do. Just fill out the order form on this page, and be sure to enclose a check to cover shipping and handling costs for your 2 FREE decals. If you order more than 2 decals, be sure to add $6.95 **for each additional decal.** Remember, the first 2 decals are free, but only to the first 4,500 schools that order them.

Participation at 5.3 Million in High School Activities

An increase of 41,820 participants in high school athletic programs in 1990-91 pushed the total of 5,298,671 to its highest figure in 11 years, according to the annual sports participation survey conducted by the National Federation.

The National Federation has compiled the survey since 1971 based on figures from the 51 state high school athletic/activity associations that are members of the National Federation.

The 1990-91 sports participation total of 5,298,671 is composed of 3,406,355 boys and 1,892,316 girls. Boys participation was up 8,163 and girls participation increased 33,657 to attain the overall increase of 41,820.

With the exception of a slight decrease from 1987-88 to 1988-89, participation has risen slightly each year since the 1984-85 year. The 1984-85 totals stopped a six-year downward spiral in which participation dropped five years.

Participation in high school athletic programs hit an all-time high of 6,450,482 in 1977-78, which was the height of high enrollments in high schools nationwide resulting from the "baby boom" generation of the late 1950s and early 1960s.

This year's figure of 5,298,671 is the highest since 1980-81 when there were 5,356,913 participants in high school athletic programs.

Soccer continued its climb in the boys and girls listings. Soccer gained the most participants among boys sports (7,603) and moved to within 2,300 of fifth-place wrestling, which lost 3,183 participants in 1990-91. Wrestling is fifth with 230,673 participants, followed by soccer at 228,380.

Baseball strengthened its hold on the No. 3 spot with an additional 5,434 participants in 1990-91. Other top 10 boys sports that registered increases in participation last year were tennis (4,311) and golf (2,905).

Although it lost 6,334 participants in 1990-91, football remains the No. 1 boys sport with 941,423, followed by basketball (515,644), baseball (419,015), outdoor track and field (401,350), wrestling (230,673), soccer (228,380), cross country (155,375), tennis (141,250), golf (125,903) and swimming/diving (82,925).

Fast-pitch softball gained the most participants (14,424) among girls sports and remains No. 4 overall. Other girls sports registering large increases in participation were outdoor track and field (11,953), soccer (10,011) and volleyball (7,122).

Basketball remains the most popular girls sport with 387,802 participants, followed by outdoor track and field (320,763). The remainder of the top 10 is unchanged in order from a year ago: volleyball (300,810), fast-pitch softball (219,464), tennis (132,607), soccer (121,722), cross country (106,514), swimming/diving (88,122), field hockey (48,384) and golf (41,410).

While the number of participants in high school athletic programs reached its highest total in 11 years, school sponsorship of certain sports declined slightly.

One explanation of these contrasting figures is that some schools have combined sports teams and formed cooperative programs. This solution to rising costs ensures that, while schools may reduce or cut programs, high school athletes still have the opportunity to compete in varsity athletics.

Soccer also was the leader among boys sports in increases in school sponsorship with an additional 224 schools.

The only other top 10 boys sports to register increases in school sponsorship were cross country (108), golf (61) and swimming/diving (14).

Seven of the top 10 girls sports showed increases in school sponsorship, led by soccer (362), cross country (198) and fast-pitch softball (179).

The 1990-91 sports participation survey includes one new listing - total number of participants by state. Texas ranked No. 1 in 1990-91 with 515,415 participants, followed in the top 10 by California (424,577), New York (291,591), Ohio (282,337), Illinois (253,676), Michigan (238,565), Pennsylvania (211,768), New Jersey (187,356), Iowa (150,224) and Wisconsin (142,884).

The 1990-91 survey will be printed in the 1991-92 National Federation Handbook, which will be available soon from the National Federation, 11724 Plaza Circle, P.O. Box 20626, Kansas City, Missouri 64195-0626.

Sportsmanship — A United Effort

Whether the scene is the smallest high school in the United States or the World Series or Super Bowl, and whether you are a player, coach, official or spectator, sportsmanship is the common denominator and No. 1 priority, even more important than winning and losing.

Sportsmanship is so important that eight organizations responsible for athletics in the United States have banded together to promote sportsmanship.

The "Be A Sport" theme and logo were produced as a sign of unity among the eight organizations. The handshake on the logo symbolizes the spirit by which contests should be played at all levels of competition. For more information about the "Be A Sport" emphasis, including merchandise available for purchase, contact the National Federation, 11724 N.W. Plaza Circle, P.O. Box 20626, Kansas City, MO 64195-0626.

Join these eight groups this season; and whether you're a player, coach, official or spectator, remember to BE A SPORT.

Following are quotes from the leaders of the eight members of the National Sportsmanship Committee regarding the importance of sportsmanship:

Fay Vincent
Commissioner
Major League Baseball

"Sportsmanship and athletic competition go hand in hand. While winning is important and surely preferable to the alternative, no victory lasts very long. The next game or event comes along very quickly. Sportsmanship is enduring, like a fine memory. It lasts a lifetime. Sportsmanship, like a person's reputation, counts . . . win or lose."

James R. Chasteen
Executive Director
National Association of Intercollegiate Athletics

"The NAIA is glad to be a part of the effort to promote sportsmanship for amateur and professional athletics. We see this partnership with other amateur and professional sports organizations as a collective approach that will improve sportsmanship in athletics. The NAIA fully endorses the concept of promoting sportsmanship at all levels of athletic competition and will continue to be a part of future National Sportsmanship Committee efforts."

David J. Stern
Commissioner
National Basketball Association

"In the NBA, sportsmanship is demonstrated by the respect our players show to their teammates, opponents and coaches, and by selfless play and teamwork. Not only can sportsmanship be found in professional basketball, but also in every sport and at every age. The NBA and its players support the National Federation of State High School Associations in promoting the 'Be A Sport' campaign to the many young athletes around the country. No matter how talented you are, you can always be a good sport."

Richard D. Schultz
Executive Director
National Collegiate Athletic Association

"The NCAA is proud to be a part of the 'Be A Sport' campaign and the National Sportsmanship Committee. I encourage athletes, coaches, administrators, officials and fans to promote the principles of fair play and sportsmanship to ensure that the athletics experience is rewarding for all involved. The NCAA is most concerned with the educational experiences that NCAA student-athletes receive, and the 'Be A Sport' campaign promotes those elements, such as respect for opponents, adherence to rules and regulations, and appropriate crowd behavior that are essential to providing this experience. I am encouraged that this organized effort will make athletics an even greater experience in the future."

Brice Durbin
Executive Director
National Federation of State High School Associations

"More than victories or state championships, learning to be a sport is the single most important value gained from participating in high school athletics. The National Federation has made sportsmanship its No. 1 priority because it believes the future of interscholastic athletics rests with an understanding and commitment to fair play, ethical behavior and integrity. The help of others in the school-college community and the professional leagues is invaluable because high school players, coaches and fans emulate the behavior of their peers at the college and professional levels. We are proud to be associated with the National Sportsmanship Committee and the 'Be A Sport' campaign."

BE A SPORT TM

Paul Tagliabue
Commissioner
National Football League

"We encourage our players and teams to strive to be the best. A big part of that commitment is recognizing the importance of sportsmanship. To be the best, you have to be a good sport. What is sportsmanship? It's just what the dictionary says: 'a person who can take loss or defeat without complaint, or victory without gloating, and who treats his or her opponents with fairness, generosity and courtesy.' The NFL is pleased to be part of this effort to celebrate and promote sportsmanship."

John A. Ziegler, Jr.
President
National Hockey League

"The greatest of the world's hockey players have something richly in common: their dedication to the principle of excellence, their embodiment of the spirit of fair, tough, open competition. This is a definition of sportsmanship which I commend to all who would participate, and perhaps excel, in sport at any level. It describes the true test of athletic endeavor: to aspire, not just to win."

George E. Killian
Executive Director
National Junior College Athletic Association

"Sportsmanship is the most important factor to be gained from intercollegiate competition. Sportsmanship and fair play are ideals that, once learned, can be used continuously in life. If the purpose of athletics and education is to prepare the young people of today to be successful in the future, integrity, fair play and ethical behavior provide solid building blocks to achieve that success. It is important that the school-college community be united in our efforts to support and promote all programs leading to that end. We are proud to be associated with the National Sportsmanship Committee and the 'Be A Sport' campaign."

COOPERATIVE EXTENSION SERVICE

CHILDREN AND HEALTH TELECONFERENCE

WHAT:

"Working Together for Healthy Children"-a teleconference on children's health issues. Sponsored by Dairy & Food Nutrition Council, Kentucky Cooperative Extension Service, and Food and Drug Administration.

WHEN:

Thursday, November 7, 1991
(Registration begins at 12:30 p.m.)
1:00 - 4:00 p.m. Eastern Standard Time

WHERE:

1. Adair County: Columbia, First National Bank.
2. Boone County: Burlington, Extension Office
3. Bracken County: Brooksville, First Nat'l. Bank
4. Breathitt County: UK Robinson Substation, Quickstand, Community Room.
5. Caldwell County: Princeton, UK Research & Education Center, Rm. 100A.
6. Calloway County: Murray, People's Bank of Murray.
7. Carter County: Grayson, Commercial Bank - basement community room.
8. Fayette County: Lexington (UK Campus).
9. Fleming County: Flemingsburg, People's Bank Board Room.
10. Fulton County: Fulton, City National Bank Training Room, 2nd Floor.
11. Hardin County: Elizabethtown, Extension Office, 201 Peterson Drive.
12. Jefferson County: Louisville, University of Louisville, Shelby Campus.
13. Johnson County: Paintsville, Citizen's National Bank.
14. Knox County: Barbourville, Union Nat'l. Bank & Trust.
15. Madison County: Eastern Kentucky University, Perkins Building, Main Floor.
16. McCracken County: Paducah Community College.
17. Meade County: Brandenburg, Extension Office.
18. Nelson County: Bardstown, Farmers Bank & Trust.
19. Pike County: Pikeville National Bank, Main Street.
20. Todd County: Elkton, Extension Office.

Possible additional sites include: Warren County. Contact your County Extension Agent-Home Economics for details.

TOPICS:

Nutrition, physical activity, behavior modification, and medicine are the central focus of the program. Nationally recognized experts will discuss how children (6-12 years of age) are unique, changing health needs, and various factors influencing their health needs. Participants will gain practical information to develop innovative programming and services.

SPEAKERS:

William Dietz, M.D., Ph.D.
Director for Clinical Nutrition
Department of Pediatrics
New England Medical Center

Stephen Rice, M.D., Ph.D., M.P.H.
Division of Sports Medicine
Dept. of Pediatrics & Orthopedics
School of Medicine
University of Washington

Ronald Kleinmann, M.D.
Pediatric GI & Nutrition Department
Massachusetts General Hospital
Boston, Massachusetts
Chairman, Committee on Nutrition
American Academy of Pediatrics

Dr. Deborah McGriff
Superintendent of Education
Detroit, Michigan

WHO SHOULD ATTEND:

Those concerned about the health of children ages 6-12 years. Including Home Economists, Dietitians/Nutritionists, Curriculum Directors, Supervisors and Managers of School Food Service, Classroom Teachers, School Nurses, NET Coordinators, PTA, After School Program Coordinators and other Professionals interested in learning about Children's Health Issues.

CONTINUING EDUCATION UNITS:

Applied for American School Food Service Association Members. Registered Dieticians, Certified Home Economists, Day Care Providers, Dietary Managers and Nurses (applied nationally).

FOR FURTHER INFORMATION CONTACT:

Dairy & Food Nutrition Council of the Southeast, Inc.
3901 Atkinson Drive, Suite 115
Louisville, KY 40218-4528
1-800-336-2882

Make checks payable to: University of Kentucky, Cooperative Extension Service. Must contact SUZANNE BADENHOP, Lexington for refunds. However, substitutions are permissable. Must preregister, space limited. Assume acceptance, unless contacted.

$15.00 for registration fee includes nutritious snack and teleconference materials.

Please return promptly to:
DR. SUZANNE B. BADENHOP
Assistant Director for Home Economics
Rm. 206, Scovell Hall
University of Kentucky
Lexington, KY 40546-0064

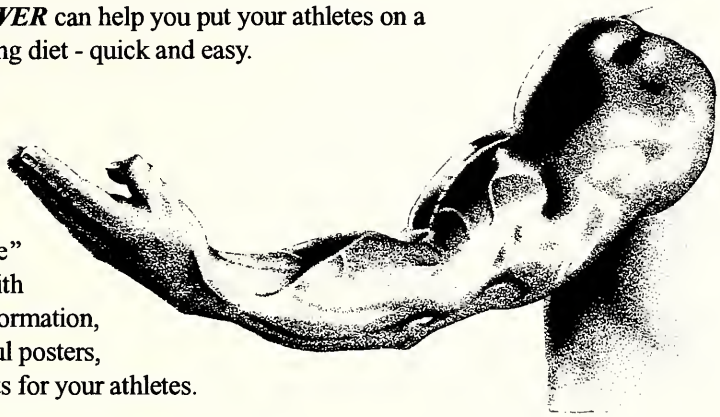
TURN YOUR ATHLETES INTO WINNERS!

Athletes no matter what sport they play, are only as good as their physical condition. What they eat can be the key to that competitive advantage.

FOOD POWER can help you put your athletes on a sound training diet - quick and easy. The newly revised "Coach's Guide to Improving Performance" is packed with practical information, three colorful posters, and handouts for your athletes.



Here's your chance to have a real impact.
Give your athletes or any active teens the facts they need to make smart food choices - in season and off!

GIVE THEM: FOOD POWER
A coach's guide to improving performance

Association Appendix

Photo Tips

Schools are reminded as the seasons in all sports get underway, to make arrangements for team photos. Tournament managers and many opponents and news outlets will request photos. We offer these tips for good team photos:

1) A good photo makes a good half tone. The printer cannot make a clear image out of a fuzzy, out-of-focus photo;
2) A good photo of your team shows school pride and encourages pride among your schools' patrons;
3) A good photo shows all of the faces, and ideally, the jersey/uniform number if applicable. A mom or dad wants to see their child's grinning face in the program after traveling to that post season tournament;
4) A good photo of large teams can be achieved by thinking vertically, not horizontally. Add more rows instead of making two or three long rows. This will enable the photographer to come in for a closer shot of your group. The closer the shot, the clearer the faces;
5) A good photo is accompanied by proper identification. Type the group members' names so there will be no doubt as to spelling. It is disappointing to students and parents to have their name misspelled or omitted from the tournament program;
6) A good photo is planned for well in advance to allow for a retake;
7) Lastly, a good photo arrives to the tournament manager and the KHSAA before the deadline date.

Missed Deadlines

November 1, was a day of deadlines, did you get your information in on time?

*Last day we accept football ticket requests.
*Last day we accept "Sweet 16" priority seating requests.
*Due date for basketball district rotation plans.

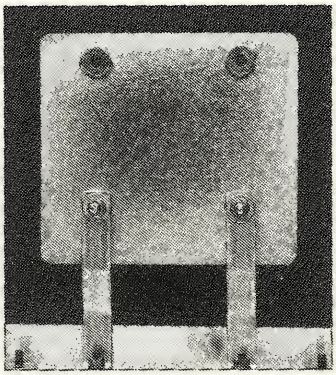
RULE CHANGE

RIM RESTRAINER

FOR BASKETBALL GOALS/GLASS BACKS



#RRK-90 Rim Restrainer
In 1991 KHSAA has adopted a new rule which affects every school in Kentucky. "The basket must be securely attached to the backboard support system with a rim-restraining device. Such device will ensure that the basket stays attached, even in the event that the glass backboard breaks." This strap was strong enough to keep that rim from free-falling to the floor in the event of a shattered backboard.

FALL SPORTS UPDATE

by Brigid L. DeVries

The 1991 High School fall sports season is off to a great start. Golf, Volleyball, Cross Country and Soccer Championships have been completed and the football playoffs are well under way.

Elizabethtown Country Club hosted the girls state Golf Tournament where Madisonville-North Hopkins claimed team honors for the second year in a row, beginning what could be a western Kentucky golf dynasty. Aimee Cantrell of Johnson Central took top individual honors. Franklin County also repeated as boys team champion this year at Lincoln Trail Country Club in Vine Grove. Pat Vadden of St. Xavier took top boys honor as the individual winner.

Seneca High School was host to one of the most exciting and well attended State Volleyball Tournaments ever. Quarter-final action had Mercy Academy edging Assumption in a three game match that was the longest in State Volleyball history at two hours and ten minutes. Semi-final action paired Louisville rivals Mercy and Holy Cross against each other in a lengthy match, with Mercy prevailing. Notre Dame Academy defeated host Seneca for a spot in the finals. Notre Dame picked their playing level up a notch in the final match against Mercy, to become the State Volleyball State Champion for the seventh time.

State Soccer action placed Henry Clay against Covington Catholic in the state semi-finals at Woodford County. It was Henry Clay over Covington Catholic in a game that ended 2-1. Male defeated Marshall County 5-2 in the second game of the semis. The final game was an even matchup with Henry Clay over Male 2-1 winning its first State Soccer Title.

Cross Country participants enjoyed running on a new course at the Horse Park this year. The Class A girl's title was won by Trigg County, while the boy's title was won by Bishop Brossart. Notre Dame captured the girl's AA championship after dropping down a class from AAA where they won the title in 1990. The Class AA boy's winner was Elizabethtown High School, their first boy's Cross Country team championship ever. Pulaski County girls won their fourth team championship in AAA, and Louisville Trinity made it 13 state titles in the boys division.

The new football playoff system is under way with some upsets in round one adding excitement to the playoff picture. There were four number four seeds upsetting number one seeds in the first round. This always makes for an interesting playoff when the underdog prevails.

The Fall Sports season will come to a close at Cardinal Stadium December 6 & 7, 1991 as we look forward to the State Football Playoffs. Winter sports begin soon, and we all anticipate more exciting High School Sports action around the State.

MINUTES OF THE BOARD MEETING
OCTOBER 12, 1991

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. Office Building in Lexington, Kentucky on Saturday, October 12, 1991. The meeting was called to order by President Alvis Johnson at 1:00 p.m. with all Board members present. Others present were Commissioner Billy Wise, Assistant Commissioners Brigid L. DeVries, Louis Stout and Larry Boucher, Business Manager Julian Tackett and Sports Information Director Jeff Rogers. The Invocation was given by Roland Williams.

Sandy Allen made a motion, seconded by Roland Williams, that the minutes of the July 26, 1991, meeting of the Board be approved after the following correction: "Following a discussion of By-Law 5, Sec. 4, Ray Story . . .". Ray Story moved to amend the minutes as corrected and the motion passed. Eddie Saylor made a motion to approve the minutes of the Building Committee Meeting on September 9. Ray Story seconded the motion which passed.

Jack Portwood made a motion, seconded by Stan Steidel, that all bills of the Association for the period beginning July 1, and ending September 30, 1991, he accepted. The motion carried unanimously.

Asst. Commissioner DeVries reported the results of the Track & Field Survey:
Girls Triple Jump - Failed 78-73, 3200m Relay - B & G - Passed 94-60. Roland Williams made a motion that the 3200m relay be adopted for the 1991-92 season. Ray Story seconded the motion which passed unanimously.

Following a discussion of the Due Process Procedure submitted to the Board from the State Department of Educations, Marvin Moore made a motion that the procedure be adopted. Sandy Allen seconded the motion which passed unanimously.

Following the hearings of all appeals, the following actions were taken by the Board:

Shauna Turner, Berea High School -
Voted to waive By-Law 6, Sec. 1;
Harold Lamb, Lexington Catholic H.S. -
Voted to waive By-Law 6, Sec. 1;
Richard Shaw, Trinity H.S. -
Voted to uphold By-Law 6, Sec. 1;
Anjou Goo, Model H.S. -
Voted to uphold By-Law 6, Sec. 2.
Andy Macdonald, Hopkinsville H.S. -
Voted to waive By-Law 4;
Brian Lykins, P.L. Dunbar H.S. -
Voted to uphold By-Law 4;
Matthew Anderson, St. Xavier H.S. -
Voted to waive By-Law 6, Sec. 1.
Richard Smith, Magoffin County H.S. -
Voted to waive By-Law 6, Sec. 1;
Steve Bentley, Woodbridge Academy -
Voted to uphold By-Law 3, Age;

President Johnson then called on Ray Story, Football Committee Chairman for the committee's report. The following procedure was recommended for the 1991 football playoffs:

1) Draw for the order of the class
2) Top of the bracket will be the home team on the scoreboard and the host site
3) Net profit or loss shall be shared by the competing schools.

Ray Story moved to accept the Football Committee's Report and Jack Portwood seconded the motion which passed.

The following are the results of the draws:

Class A -		
Region 1	at	Region 3
Region 4	at	Region 2
Class AA -		
Region 3	at	Region 2
Region 4	at	Region 1
Class AAA -		
Region 2	at	Region 1
Region 4	at	Region 3
Class AAAA		
Region 1	at	Region 3
Region 2	at	Region 4

President Johnson then called on Philip Lewis, attorney for the Leslie County Board of Education who had requested a hearing regarding the 54th Basketball District Tournament Rotation. Following presentations by various school representatives of the 54th District, Mr. Johnson informed the representatives that they had until November 1, 1991 to submit a rotation plan to the Board or one would be set for them at its December meeting.

President Johnson then introduced Mr. Mark Haertzen, a representative of the *ONE MILLION DOLLAR KENTUCKY SHOOTOUT*, who requested to appear before the Board to outline a proposal for Board consideration. Following his presentation and comments and questions, the Board postponed a decision on the *SHOOTOUT* until Sunday.

The next item on the Agenda was an appeal by Officials Kenny Clark and Gary Riffe. These officials had been suspended for the remainder of the year by their Assigning Secretary for their failure to accept a football officiating assignment. Following a lengthy discussion by the Board members, comments by Bobby Crager and Assistant Commissioner Boucher, Frank Cardwell made a motion to uphold the Assigning Secretary recommendation which is suspension for the remainder of the year. Marvin Moore seconded the motion. The motion passed by a vote of 10-1.

A recess was called at 7:00 p.m. until Sunday, October 13 at 9:00 a.m..

President Johnson reconvened the Board of Control meeting at 9:00 a.m. on Sunday, October 13, 1991, with all Board members present except Sandy Allen, Gene Brooks and Jack Portwood.

The first item of discussion was the *ONE MILLION DOLLAR KENTUCKY SHOOTOUT*. Following comments and concerns regarding the proposal, Ray Story made a motion to participate in the *SHOOTOUT*. The motion was seconded by Roland Williams. The motion failed by a vote of 5-3.

Following a discussion of reimbursable travel and per diem expenses, the Board voted 8-1 to adopt that section of the Board of Control Handbook under "Reimbursement of Board & Staff Members". Claudia Hicks made a motion to adopt the entire Board of Control Handbook as written. Stan Steidel seconded the motion which passed by a vote of 8 in favor of the motion and one abstension.

Roland Williams made a motion to authorize Commissioner Wise to issue 1150 complimentary tickets each for the boys and girls state basketball tournaments. Harry Jansing seconded the motion which passed unanimously.

As a result of a survey mailed to all officials, Asst. Comm. Boucher discussed the elimination of mailing the *ATHLETE* to the officials, but replacing it with a Newsletter geared toward officials. Following a discussion of said topic and due to the fact that the registration form states that officials will receive the *ATHLETE* for the 1991-92 year, Stan Steidel made a motion that effective for 1992-93, the K.H.S.A.A. no longer mail the *ATHLETE* to officials on an automatic basis, but replace it with an officials' newsletter. Marvin Moore seconded the motion which passed unanimously.

A discussion ensued regarding the trophies and awards that the K.H.S.A.A. now purchases for all tournaments. Frank Cardwell made a motion that the schools, beginning with the 1991-92 winter sports season, purchase all trophies for the district, regional and sectional tournaments except cross country, golf, swimming, tennis and track. Claudia Hicks seconded the motion which passed unanimously.

Louis Stout reported that the Association has received approximately $65,000. in brick sales to help finance the K.H.S.A.A. Hall of Fame Museum.

Continued on next page

MINUTES continued

Due to the absence of Earl Cox, Comm. Wise and Bus. Mgr. Tackett gave a status report on corporate sponsors. The Association is in the process of securing several sponsorships for 1992. Mr. Tackett also gave a status report on the Hall of Fame Basketball Contests.

Anne W. Mays, Off. Mgr., reported that $242,732. in ticket sales has been received through this date for the Boys State Basketball Tournament. Advanced ticket sales for the Girls State Basketball Tournament has netted $17,560. Both figures are ahead of last year's receipts for the same time period.

President Johnson gave the Executive Committee's Report. The committee recommends that the following retirement benefit be paid as follows: 30% of unused sick leave days. Compensation shall be the daily rate of pay being received at the time of retirement, based upon 260 work days per year. Marvin Moore made a motion that the above be adopted. Ray Story seconded the motion which passed unanimously.

The 1990-91 Audit and the 1991-92 Budget were then discussed. Following a discussion of the sale of the present headquarters, Frank Cardwell made a motion, seconded by Marvin Moore, that the K.H.S.A.A., through its attorney, apply for a zoning change at 560 E. Cooper Drive and put the K.H.S.A.A. office building up for sale. The motion passed unanimously.

Marvin Moore was called on for the Basketball Committee's Report. No action was taken on the following items that were discussed:
*conducting the girls state basketball tournament first each year;
*redistricting in the 13th & 14th districts;
*rotation plan for the 54th district basketball tournament;
*assignment of officials for the district and regional tournaments.

The last item will be discussed and a decision made at the December meeting.

Following a discussion of the Contract for Hall of Fame Basketball Contests, Frank Cardwell made a motion, seconded by Eddie Saylor that 1(c) be changed to read: That in accordance with K.H.S.A.A. rules, <u>one school may sign the contract with the Association</u>, that this contest shall be classied as a Hall of Fame game and payment of $150. made to the Association on or before January 1, 1992. <u>In the event the school plays an out-of-state school, the payment shall be $200.</u> The motion passed unanimously.

Frank Cardwell, Vice Chairman of the All-Sports Committee, then gave their committee's report. The committee recommends that the K.H.S.A.A. survey the schools to determine interest in girls soccer and in which season they would prefer to play. Following a discussion of this item, Claudia Hicks moved to approve the committee's recommendation. Marvin Moore seconded the motion which passed by a vote of 6-3.

Ray Story, Chairman of the Football Committee advised the Board that a request has been received from Lexington Catholic H.S. to be moved to another region. This item along with a request from Eminence H.S. regarding a change in their classification will be discussed at the December and January meetings respectively.

Following a discussion of several proposals to increase member schools dues, Ray Story made a motion that dues be calculated in the following manner: $250./school plus $50./ sport. and that Comm. Wise discuss the proposal at the Principal's meeting for feedback. Stan Steidel seconded the motion which passed by a vote of 7-2.

Frank Cardwell made a motion to purchase seats as per the sample for the new auditorium at a cost of $28,000. Stan Steidel seconded the motion which passed unanimously.

Comm. Wise gave a report of the Regional Meetings that were conducted during the month of September. Asst. Comm. Boucher discussed the possibility of increasing officials' fees for the 1992-93 year.

Following further discussion of the suspension of Kenny Clark and Gary Riffe, Stan Steidel made a motion to rescind the earlier action of the Board, suspend the officials for two (2) games--which they have served--and reinstate them as of October 14, 1991. Roland Williams seconded the motion which passed by a vote of 7 in favor of the motion. Claudia Hicks and Marvin Moore voted against the motion.

Comm. Wise read a letter from Ath. Dir. Wayne Wilson, Middlesboro High School requesting that two athletes who violated By-Law 20 by participating in a post season game on April 8, 1991, be reinstated and allowed to participate during the 1991-92 school year. Eddie Saylor moved to approve the request, seconded by Stan Steidel. The motion passed unanimously.

The next meeting of the Board will be held on December 5, 1991 at 1:00 p.m. at the Executive Inn in Louisville for the purpose of hearing appeals. The regular meeting will be on December 6, 1991, at 8:00 a.m.

Committee meetings will be held on Thursday evening. Mr. Wise informed the Board that they have been invited to meet with the State Board on November 6.

Marvin Moore made a motion that Tom Mills' resignation as Building Consultant be accepted. Stan Steidel seconded the motion which passed unanimously.

There being no further business, the October 1991 meeting of the Board stood adjourned.

STUDENTS SPEAK

The following article is reprinted from the November 1991 issue of "On TARGET," a prevention publication designed to help schools educate students about tobacco, alcohol and other drugs.

We at On Target continue to receive positive responses to the What Do You Think? column and invite your school's participation.

This month's topic: Advertising and promotion of alcohol and tobacco products.

The average American child will see an estimated 75,000 drinking scenes on television before turning 18 years old, according to the National Coalition on Television Violence. United State Senator Strom Thurmond said, "Alcohol advertising is the single greatest source of alcohol education for Americans and rarely does it encourage them to consider the consequences of drinking."

The Center for Science in the Public Interest, in a survey of 180 youth in Maryland, found that most young people could name more alcoholic beverages than they could U.S. Presidents.

One 10-year-old girl could name only four Presidents, but could name 15 alcoholic products. An 11-year-old boy spelled correctly Matilda Bay, King Cobra and Bud Light while his best spelling of Presidents' names were "Nickson" and "Roselvet."

"Anybody who thinks that two-and-one-half billion dollars a year in the advertising and promotion of cigarettes doesn't contribute to the smoking rates among our children and adolescents simply hasn't given much thought to the matter," said Lloyd D. Jonston, Ph.D. Dr. Johnston is the principal investigator of the annual survey of drug use among high school seniors conducted by the University of Michigan for the National Institute on Drug Abuse.

However, the Tobacco Institute denies the suggestion that advertising plays a part in habit formation. Representatives of the tobacco industry claim there is no link between advertisements and getting people to smoke.

The National Commission on Drug-Free Schools, in a September, 1990, report recommended that, by 1992, an independent agency be required to examine whether advertising practices still target youth and glamorize alcohol and tobacco use. "If such promotional tactics continue, Congress should consider enacting a ban on advertising and promotion of either or both of these products," the report stated.

The commission also noted that voluntary advertising codes that limit the youth-oriented images that can be used in alcohol and tobacco advertisements are not being followed. The alcohol and tobacco industries often target underage drinkers and smokers by using highly attractive and persuasive advertising and promotion techniques.

In December, 1988, the U.S. Surgeon General's Workshop on Drunk Driving recommended the elimination of alcohol advertising, promotion and sponsorship of public events (e.g., musical concerts, athletic contests) where the majority of the anticipated audience is under the legal drinking age.

We invite your students' comments on regulations of advertising and promotion of tobacco and alcohol products. Ways to address the topic might include:

- *Class discussion
- *Have students keep a log of television, radio, newspaper or magazine advertising of alcohol or tobacco products.
  - -- Are the products glamorized or linked to material success or physical and sexual attractiveness?
  - -- Count the number of times alcohol is consumed on a television program or film (for example, Dick Tracy, rated PG-13, shows 27 drinking scenes).
- *Write to alcohol or tobacco company officials and ask them to give their "side of the story."

Send your students' responses to TARGET, P.O. Box 20626, Kansas City, Missouri 64195-0626.

1991-92 National Federation Wrestling Rules Interpretations

SITUATION #1:
During a wrestling match Wrestler A asks for a timeout and indicates to the referee that his asthma is bothering him and, in order to continue the match, he needs to take some medication. What does the referee do in this situation?
RULING: The rules state that the use of medication during a match, including timeout, in order to relieve a pre-existing condition, is not allowed and, if medication is taken, it shall result in the default of the match. The referee can inform the wrestler of this alternative and, if the wrestler is unable to continue, the match will be over and his opponent will have won by default.
COMMENTS: Anytime a wrestler requests timeout the official need to stop the match and find out what the problem is. (4-2-3)

SITUATION #2:
The wrestlers go back to the center of the mat for a restart and they are in the down position. Wrestler A is on the bottom and the referee indicates to Wrestler B to assume his position, he assumes the optional starting position. What is the procedure for the referee?
RULING: Wrestler B has assumed an incorrect starting position because he did not notify the referee of his intentions to use the optional start. This is a technical violation and the first two times it occurs we have a caution and, following the two cautions, there is a one-point penalty for each violation. (5-1-7)

SITUATION #3:
Wrestler A has Wrestler B on his back at the edge of the mat in a pinning situation. Wrestler B's shoulders are out-of-bounds and the upper part of Wrestler B's scapula is also out-of-bounds. Is it possible to earn near fall points in this situation?
RULING: The rules state that it is a near fall when the offensive wrestler has control of his opponent in a pinning situation and any part of both shoulders or both scapula of the defensive wrestler are held for two seconds within four inches of the mat or less or when one shoulder or scapula of the defensive wrestler is touching the mat and the other is at an angle of 45 or less. If the near fall criteria is met for the two seconds, near fall points will be scored.

SITUATION #4:
The match concludes and the scoreboard shows Wrestler A-6 and Wrestler B-5. Wrestler B is upset about his loss and immediately following the the end-of-match procedure, leaves the wrestling mat and goes to the dressing room. The coach of Wrestler B goes to the scoring table and indicates to the referee that an error has been made and the final score of the match should be Wrestler B-7 and Wrestler I-6. Is this a correctable error?
RULING: Errors by the timekeeper, scorer or referee must be corrected prior to the offended contestant leaving the mat area if additional wrestling is necessary. In this situation no additional wrestling is necessary and, as long as the offended contestant or his coach remain in the mat area, the correction can be made. (6-6-4A)

SITUATION #5:
Wrestler A applies the guillotine with a headlock to Wrestler B and then turns Wrestler B to his back.
RULING: This is an illegal headlock as it is not permissible to lock around the head without an arm in the guillotine until near fall criteria has been met. In this situation the headlock is applied prior to turning his opponent and is therefore illegal. (7-1-5c)

SITUATION #6:
During the referee's visit to the dressing room he notices one contestant wearing a properly cut one-piece uniform with biking shorts underneath it extending almost to the knees. Is this a legal uniform?
RULING: Biking shorts are not considered as a suitable undergarment to be worn under a one-piece wrestling uniform. If a contestant wishes to wear biking shorts he must wear them so they are totally covered by the uniform.
COMMENTS: A properly cut one-piece uniform must have at least a four-inch inseam at the legs and shall not extend below the knees. Anything that extends below knees length would come under the full-length tight definition and would have to have the stirrup around the foot. (4-1-1)

SITUATION #7:
A contestant reports to the mat and has a greasy substance on his body. What is the correct procedure for the referee to follow?
RULING: Any contestant reporting to the mat with a greasy substance on his body shall be disqualified from competition if the substance is not removed within a two minute period. This time limit does not count minute period. This time limit does not count against the injury time. (8-1-1)

SITUATION #8:
Wrestler A is attempting a reversal from Wrestler B and, in order to prevent that reversal, Wrestler B applies a figure four body scissor. What is the correct procedure for the referee to follow?
RULING: The figure four body scissor applied by Wrestler B is a technical violation, but when this is applied as your opponent is attempting a reversal or escape, we treat this as a delayed call similar to locked hands. By delaying the call the defensive wrestler is allowed the opportunity to complete his escape or reversal and earn those points as well as the point for the technical violation. (8-1-2)

SITUATION #9:
During the semi-finals of a tournament Wrestler A is behind by a score of 7-4 and, as the contestants go out-of-bounds, Wrestler A strikes Wrestler B and is guilty of flagrant misconduct. What is the procedure for the referee to follow?
RULING: Wrestler A is disqualified for the duration of the tournament and shall receive no points for his team in the tournament. All advancement points, fall points and placement points are negated. Wrestler B would advance on to the finals and no one would go to the back side of the bracket. (8-1-6)

SITUATION #10:
At the conclusion of a tournament match the score is tied at 4-4. How do we determine the winner in high school wrestling?
RULING: The match will immediately go into a two-minute overtime period with no rest between the regular match and the overtime. The wrestlers will start in the neutral position and the wrestler who scores the first point(s) will be declared the winner. If no winner is declared by the end of the two-minute period a 30-second tiebreaker will be wrestled. The referee will flip a coin to determine the starting position for the tiebreaker and, again, the wrestler who scores the first point(s) during the tiebreaker will be declared the winner. If no scoring occurs then the offensive wrestler will be declared the winner.
COMMENTS: If during the first two minutes of wrestling both wrestlers are charged with stalling and each receive one point, the match shall immediately go to the tiebreaker in order to determine the winner. The same would be true for any simultaneous points earned by both wrestlers. If, however, one wrestler was to receive two points and the other one point, the match would be over immediately. If a similar situation occurred during the tiebreaker and both wrestlers received the same number of points you would continue the tiebreaker so that a winner could be determined. (10-4)

SITUATION #11:
Wrestler A applies a figure four overscissor on Wrestler B and Wrestler B's leg is bent and there is no pressure on the knee. Is this a legal or an illegal hold?
RULING: Even with the knee bent, the figure four overscissor is illegal by application. If shall be stopped immediately so that injury will not result when the knee is straighten andpressure is applied. (7-1-5S

Continued on Page 7

1991-92 National Federation Basketball Rules Interpretations

PUBLICATIONS CORRECTIONS:
Rules Book, page 68, Rule 3-5-5 Exp, last paragraph - change "1 x 1" inch to "1 1/2 x 1 1/2" inch; Case Book, Play 33, delete "division line"; Play 4.8A, change "five personal" to "seven team"

SITUATION #1:
A1 is fouled in the act of shooting and the 3-point try is unsuccessful. Erroneously the administering official states "two" instead of "three" free throws. Free thrower A1 (a) misses both; or (b) makes both; or (c) misses the first and makes the second attempt. Play continues but the error is discovered within the limit which allows correction. *RULING:* In all cases, A1 is awarded the third free throw and play then continues from the point of interruption. The correction procedure is to simply award the merited free throw which had not already been attempted. (2-10-1)

SITUATION #2:
A1 attempts to dunk but the ball bounces off the ring into the cylinder above it. A1 is hanging on the ring. *RULING:* A1 is permitted to grasp the basket to prevent injury, thus no technical foul is charged in either (a) or (b). However, A1 does commit basket interference in both cases. No goal is scored and it's B's ball for a throw-in. (9-12-1; 10-3-6 Exp)

SITUATION #3:
A1 controls an outlet pass and drives toward A's basket on a breakaway. B1 and B2 race to prevent A1's try and commit a multiple foul. The fouls are committed while A1 is in the act of shooting and B1's contact is ruled intentional. *RULING:* A1 is awarded two free throws whether or not in the act of shooting or whether or not the try is successful. When any part of a multiple foul is intentional, the offended team is also awarded the ball for a throw-in. (10-6 Pen 6)

SITUATION #4:
A squad member of Team A is detected dunking about five minutes before the game and a squad member of B does the same thing about a minute later. *RULING:* The technical foul free throws will be attempted in the order in which the fouls were called. Team B shoots first followed by Team A. Team A will then be given the ball for a throw-in at the division line. When the thrower is handed the ball, the possession arrow will be set pointing toward Team B's basket. (4-3c(2); 6-3-3; 7-5-7)

SITUATION #5:
Regulation play ends with a tied score. Even though Team A has used all its allowed time-outs, A1 requests a time-out before the overtime period begins. *RULING:* The time-out is granted and results in a technical foul. The additional time-out provided for an overtime period cannot be used until the overtime has actually started with the ball becoming alive. The overtime will begin with the technical foul free throws followed by division line throw-in by Team B. (5-11-1; 10-1-7)

SITUATION #6:
During the jump ball, both jumpers A1 and B1 do not tap the ball until they have returned to the floor. *RULING:* Legal. A1 and B1 are still "jumpers" even though they are not in the air. However, if the tossed ball touches the floor without being tapped by at least one jumper, the referee shall toss it again. (6-4)

SITUATION #7:
Thrower A1 rolls the ball to A2 from a throw-in outside the end line by B's basket. Does the backcourt count start when the throw-in touches the floor inbounds? *RULING:* No it does not. There is no team or player control during a throw-in. Furthermore, a backcourt count does not start until a player of Team A gains control in A's backcourt. The location of the ball is not established for either team until a player has gained control of the throw-in inbounds in a team's frontcourt or backcourt. (4-12-1,6;9-8)

SITUATION #8:
A1 is fouled in the act of shooting by B1. A1's try lodges between the ring and the backboard. How is this situation administered? *RULING:* A1 is awarded two free throws and play continues as per any similar free throw situation. Even though the ball lodged, alternating possession is not used as the ball is put in play with the free throws resulting from B1's foul. Alternating possession would have been used in this situation if no foul had been committed. (6-1;6-3-3d)

SITUATION #9:
Team A is awarded an alternating possession throw-in following a held ball near a sideline in A's frontcourt. A1 lobs the throw-in pass toward A2 who is breaking to the basket. The throw-in pass is too high and lodges between the ring and backboard. *RULING:* This is not a throw-in violation. To resume play, it is A's ball for an alternating possession throw-in from the out-of-bounds spot nearest to where the ball was lodged. Since A1's throw-in did not end, Team A did not lose its opportunity to make an alternating possession throw-in. The arrow is not reversed until the throw-in ends. (4-36-3; 6-3-4; 9-2-2)

SITUATION #10:
A1 is at the free throw line for the second of two attempts. After the ball is at A1's disposal, B1 commits a lane violation. The administering official inadvertently sounds his or her whistle: (a) before A1 starts the free throw motion; or (b) after the ball has been released; or (c) during A1's motion but before release of the ball. *RULING:* Whether or not the whistle was sounded inadvertently it has the same result. In (a) and (c) the ball becomes dead immediately. In (b) the whistle does not cause the ball to become dead until the free throw ends. In all cases, a substitute throw is awarded if the free throw attempt by A1 is unsuccessful. (4-19-3; 6-7-5 Exp 6)

SITUATION #11:
Following the free throws for a technical foul, A1 makes a throw-in from out-of-bounds at the division line. The throw-in pass is deflected by: (a) A2; or (b) B1, and it then goes directly through A's basket. *RULING:* Score two points for Team A in both (a) and (b). The throw-in ended when the ball was touched by an inbounds player and the live ball subsequently passed through the basket. The fact it was not a try for goal does not affect the scoring of two points. (4-36-4; 5-1,2)

SITUATION #12:
A1 is dribbling in A's frontcourt when the ball strikes his or her shoe and bounces away. During the interrupted dribble: (a) A1 accidentally steps on the sideline: or (b) B1 stays within six feet of A1; or (c) the ball rolls into A's backcourt; or (d) A1 fouls B1. *RULING:* It is an out-of-bounds violation in (a) but no closely guarded count in (b). In (c) if A1 or a teammate is first to touch the ball it will be a violation. In (d) it is a player control foul by A1. (4-18-6; 9-3 Ques; 9-9; 9-11-3)

SITUATION #13:
A1 and B1 dive for a loose ball and hit heads causing them to fall to the court. The game is stopped and both coaches are beckoned onto the court. Neither player is actually injured and both coaches inform the officials that the players will remain in the game. *RULING:* Each team is charged with a time-out. The time-outs will run consecutively and whatever part of a time-out has not already been used is available for normal time-out privileges. (5-9 Exp 1)

Continued on Page 7

Basketball Rule Interpretations *continued*

SITUATION #14:
A6 who has been disqualified subsequently reports to the scorer. The scorer fails to detect that A6 is no longer eligible to play. The official beckons A6 to enter. *RULING:* A6 will not "participate" until the ball becomes alive. If detected prior to the ball becoming alive, A6 would be directed to the bench and no penalty imposed unless the official judged it was a deliberate attempt to circumvent the rules. If detected after the ball becomes alive, it is an automatic flagrant technical foul. (10-3-2 Pen)

SITUATION #15:
A1 is at the line for a free throw. As a normal part of preparing to shoot and with no attempt to deceive Team B. A1: (a) leans forward and touches the ball to the floor inside the free throw line and A1 then straightens up and shoots; or (b) fumbles the ball into the lane. *RULING:* There has been no violation in either (a) or (b). In (b) the official should sound his or her whistle to prevent any violations as the free thrower or other players attempt to recover the loose ball. (9-1)

SITUATION #16:
The Team A coach is charged with a technical foul. In error, the two free throws are attempted at A's basket. The error is detected immediately after the second free throw attempt. *RULING:* If either free throw attempt was unsuccessful, it is cancelled. The free throws will be attempted at the proper basket. Any player(s) or incoming substitute(s) may attempt these two free throws. Play will resume from the point of interruption. (2-10-4; 8-3)

SITUATION #17:
A1's second free throw for a technical foul comes to rest on the metal plate between the ring and the backboard. After waiting a few seconds, the administering official sounds the whistle causing the ball to become dead and rules a jump ball. *RULING:* the official has erred. Following the last free throw for a technical foul. Team A is entitled to a division line throw-in. A method existed by rule to put the ball in play without alternating possession. If this happened on the first of two throws, A1 would still attempt the second throw. (7-5-7)

SITUATION #18:
A1 is fouled intentionally by V1 with the score tied and only few seconds left to go in the game. The coach has A1 come near the bench to get instructions. Meanwhile, the administering official has waited for A1 and finally charges A1 with a technical foul for delay. *RULING:* Even though A1 has been charged with a technical foul, he or she does not lose the opportunity to attempt the two merited free throws for the intentional foul. Following A1's second free throw, the technical foul free throws will be administered. Team B will have a throw-in at the division line following the second free throw. (7-5-9; 10-3-8)

SITUATION #19:
B1 attempts to steal the ball from stationary A1 who is holding the ball. B1 misses the ball and falls to the floor. In dribbling away, A1 contacts B1's leg, loses control of the ball and also falls to the floor. *RULING:* No infraction has occurred and play continues. Unless B1 made an effort to trip or block A1, he or she is entitled to a position on the court even if it is lying on the floor after falling down. (4-7-1, 2)

SITUATION #20:
A1 is unable to attempt either of the two free throws awarded to him or her because A1 was injured during the play. A6 enters, replaces A1 and attempts the first free throw. A7 reports and enters to replace A6. *RULING:* A7 must return to the bench and A6 remains in the game to attempt the second free throw. Since A6 replaced A1, A6 must shoot the free throws unless A6 is injured or disqualified in this case before attempting the second free throw. If this situation involved technical foul free throws A7 would be allowed to enter and attempt the second free throw. (8-2)

Wrestling Rule Interpretations *continued*

SITUATION #12:
Are there any exceptions to the rule that the referee shall stop the match when indicating an infraction?
RULING: There are exceptions when the referee does not stop the match when indicating an infraction. They are when warning or penalizing the defensive wrestler for stalling, penalizing the defensive wrestler in a pinning situation and in penalizing the offensive wrestler for locked hands, grasping of clothing or the application of a figure four body scissor while the defensive wrestler is attempting an escape or reversal. (8-1-2)

SITUATION #13:
In tournament competition where there is more than one referee is it permissible for an official that is not officiating a match to request to the home management that they remove a spectator because of his inappropriate actions?
RULING: The rule states that when a spectator acts in an unsportsmanlike manner he may be removed from the premises. This removal is to be done by the home management upon request by the referee. In tournament competition any referee would have this authority. (7-5-6)

SITUATION #14:
With the wrestlers in a neutral position Wrestler A initiates a bear hug on Wrestler B and takes him directly to the mat on his shoulders. The referee begins the near fall count with Wrestler A still in the bear hug and, immediately after the count of 2, Wrestler B is able to turn slightly with one shoulder on the mat and the other at about a 75 angle and the referee stops the count. Do we have a violation after reaction time for Wrestler A to release the locked hands that he had when he brought Wrestler B to the mat or can the locked hands continue until the near fall situation is concluded?
RULING: There is no violation in this situation and the locked hands can remain until the situation concludes. (7-3-4)

SITUATION #15:
Wrestler A is in the advantage position and locks his hands as Wrestler B is attempting a reversal. The referee indicates locked hands and, as Wrestler B continues his reversal, he ends up with an illegal head scissor on Wrestler A prior to completing the reversal. What is the correct procedure for the referee to follow and how many points are awarded the contestants?
RULING: Wrestler B would receive one point for the locked hands by Wrestler A and Wrestler A would receive one point for the illegal hold by Wrestler B. The contestants would be restarted at the center of the mat with Wrestler A in the advantage position. (8-1-2)

SITUATION #16:
May a wrestler's knees or hips land on or beyond the out-of-bounds line and still gain a takedown or reversal as long as the toes remain on the mat in-bounds?
RULING: If the scoring contestant has control of his opponent and his opponent lands out-of-bounds with only the feet of the scoring contestant inbounds then a takedown shall be scored. The correct call procedure would be: two points, takedown, out-of-bounds and then back to the center of the mat. Depending upon the type of takedown, the knees of the offensive wrestler might be on the mat or it could be his hips. (5-2-1)

SITUATION #17:
Prior to control being established, if a knee touches out-of-bounds but the feet are still inbounds can a wrestler then move up to gain control and secure a two-point takedown?
RULING: The out-of-bounds rule has not changed. If the feet are inbounds and the knees touch the mat out-of-bounds the wrestlers are out-of-bounds. You must have control at the time the out-of-bounds call is made. (5-2-1)

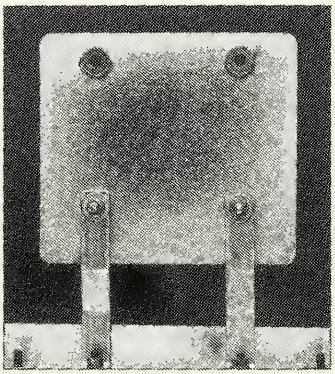
RULE CHANGE

RIM RESTRAINER

FOR BASKETBALL GOALS/GLASS BACKS



#RRK-90 Rim Restrainer
In 1991 KHSAA has adopted a new rule which affects every school in Kentucky. "The basket must be securely attached to the backboard support system with a rim-restraining device. Such device will ensure that the basket stays attached, even in the event that the glass backboard breaks." This strap was strong enough to keep that rim from free-falling to the floor in the event of a shattered backboard.

JANUARY 1992

A New Perspective

By: Larry Boucher, Assistant Commissioner

At a Highway Department Conference in 1974, a friend mentioned that he had just registered to become a high school basketball official. I think it might have been at that very moment that the "bug" bit. Officiating was a way, as I am sure it has been to thousands of people over the years, for me to stay close to my love of sports. My father had been a coach (there was even a referee in my family!) and I grew up loving athletics. If you bounced it, hit it or threw it, I played it in high school. Never in my wildest dreams, however, did I realize that my decision in 1974 would one day lead to an Assistant Commissioner's position with the Kentucky High School Athletic Association.

I have felt for some time that Kentuckians have a very special love for their high school sports. I recently wrote an article about that "specialness" Kentuckians feel, particularly at our basketball "Sweet Sixteen". I compared it to a state-wide reunion. To stand at our seats and look around the crowd for friendly faces from other parts of the State that we have known from days gone by, *but now undoubtedly see once a year,* reminds me of the "special" place high school sports play in our lives. Being an employee of the Kentucky High School Athletic Association and being such an integral part of that makes me feel special.

One of the more enjoyable periods I spent in officiating was when I became a Supervisor of Officials in 1986. Working with many people who wanted to be their best and coordinating training programs that allowed them to pursue that goal was especially rewarding to me. We have a very large group of men and women who, while enduring sacrifices and inconveniences, find great satisfaction in a sense of service to others through officiating. To be in an avocation of honor, to stand for the role of integrity and impartially in relationship to the youth we serve, is what makes it all worthwhile for many officials. I believe schools have entrusted officials to assist them in the educational development of their youth through athletics. I enjoyed working with each of the schools in my area to ensure they received the best officiating possible.

As Assistant Commissioner in charge of the Officials' Division, I believe my most immediate efforts should be in the areas of training, development and recognition of our officials. I am totally convinced that there is a significant percentage of our registered officials who are willing to tackle the hard work it takes to be the best. I am also convinced they are willing to avail themselves to clinics, workshops, skull sessions and other training opportunities that must be developed for them. Standing still in officiating is an illusion. Learning is an ongoing process and if one is not growing and advancing through training and development then he/she is moving backward.

I also want to more formally recognize the men and women who have contributed significantly to our high school athletic programs through officiating. An annual awards banquet, an officials' newsletter, career certificates, championship lapel pins or rings and other rewards are just a few of the things that can make officiating more rewarding. We have a long way to go in organizing and developing many of these goals....they may take months or even years to implement. However, once we do Kentucky will set the standard for the positive relationship between high school sports programs and its officiating corps.

Obviously, I owe a great deal to Commissioner Billy Wise who felt there was a need to organize the policies regarding officiating into one division with the Kentucky High School Athletic Association.....and who gave me the opportunity to lead that effort. My efforts will be more easily realized if all of our officials understand that I truly believe that once we put on that uniform our status as a person undergoes an irrevocable change. Every member of the officiating profession carries a responsibility to act in a manner becoming a professional person. We must always remember that the conduct of any official influences the attitude of the public toward our profession in general. It will take hard work but our children and our sports programs deserve no less. I hope that working together we can someday say we made a difference.

He Coaches City Kids To Meet Life's Challenges

COACHES Care

High school presents many challenges for teenagers. For inner city kids from rough neighborhoods, the biggest challenge isn't always in the classroom or on the athletic field, but in their every day lives. That's why a role model like Jeff Bieder is so important.

Bieder is head basketball coach and Dean of freshmen students at Long Island City High School in the New York City borough of Queens. He grew up in a Brooklyn housing project and knows from personal experience about students' daily struggles to overcome the perils of the street. Bieder's outstanding 221-46 record in basketball hardly compares to the mark he's left on the lives of hundreds of inner city kids.

"Coach Bieder was always on my case about getting an education," said Cedric Holder, senior captain of the basketball team. "My grades weren't that good, so coach Bieder asked me to spend more time studying after school. There's a lot of killing going on where I'm living, so I stay inside now and study."

"I had a lot of difficulties in school," admitted sophomore guard Tyree Gibson. "After talking with Mr. Bieder, I realized that I have a lot of talent in basketball, but I have a lot of potential in school, too."

"Jeff Bieder is an excellent coach," said LICHS Principal Frank Nappi. "But he goes beyond that. In the past few years alone he's converted at least a half dozen 'at-risk' students—potential drop-outs. He instills motivation in them, talks to them about academic achievements, even visits their homes. What he does with the kids is truly amazing."

Even after 24 years of coaching, Bieder still relishes the challenge of helping inner city teenagers become good students with a purpose, a plan and dream.

"It's a good feeling to see kids turn things around and make something out of their lives," Bieder explained. "Temptations are all around, so you have to be more than a coach. You have to be a guidance counselor and father figure, and show that you care."

Jeff Bieder is a two-time "Coach of the Year" in New York City. But for hundreds of inner city high school students in Queens, he's a coach of a lifetime.

For 24 years, Coach Jeff Bieder has been helping inner city teens avoid the perils of the street and stay in school. His players this year include (from left) Harold Wright, Cedric Holder, Louis Chatfield and Tyree Gibson.

Do You Know Someone Who Deserves Coaches Care Distinction?

Coaches Care pays tribute to outstanding high school coaches who not only do their job well, but also display special care and concern for young people. Anyone wishing to nominate a high school coach for *Coaches Care* distinction may write to **The Gatorade Company** for an application. Please send your request to:

First Hoops Game Played Over 100 Years Ago

"The Kentucky High School Athletic Association is proud to be a participant in the celebration of the 100th Anniversary of the game of basketball. A season like this comes along only once. The Basketball Centennial is a salute to the spirit and tradition unique to the game of basketball."

The first game of basketball was played over 100 years ago last month - on December 21, 1891.

The game was played in Springfield, Mass., at a school that is now known as Springfield College.

Dr. James Naismith invented the game as an indoor activity to meet the physical needs of young men who could not participate in game-like outdoor activities during the winter months.

The game was not "invented" by "accident," Naismith wrote in a 1939 magazine article. "It was developed to meet a need."

Excerpts from Naismith's magazine article were quoted and edited by the Associated Press in an article which appeared in many newspapers throughout the country on January 6, 1991. Some of that article follows:

"No problems arose so long as we could get out of doors for exercise, but when the winter came, my worries began," Naismith said of his first year of teaching. "Those boys simply would not play drop the handkerchief!"

"Dr. Luther Gulick, head of the school, put the problem squarely up to me, and kept bringing the matter up in faculty meetings, until I realized I really had to do something about it," Naismith recalled.

"Dr. Gulick had reminded me on one occasion that there is nothing new under the sun - what appears new is just a combination of older things. So I began to recall my boyhood games and to study the problem in that light."

His thoughts first turned to football. He was, after all, the 150-pound center on the college's first football team, started by another grad student, Amos Alonzo Stagg. If the new game hadn't caught on, Naismith, who stuck a cutup rugby ball and ear muffs on his head to play, might be remembered as one of the inventors of the football helmet.

Although his class liked the rough-and-tumble of football, Naismith conceded that tackling a man running with a ball "would be too dangerous on a gymnasium floor," and "determined the ball must be thrown."

"But a small ball might be hurled with dangerous force," he reasoned, with his boisterous students in mind, "so I used a larger ball, choosing a soccer ball since one was at hand."

"I recalled also from my boyhood in Canada that when we played the game called duck on a rock, a hurled ball might send the duck farther, but the tossed ball was more accurate," so he ruled that the ball "must be tossed at the goal."

"The Canadian game of lacrosse suggested the positions. . . home, right forward, left forward, center, right center, left center, goal, right back, left back," he wrote. Originally, Naismith devised his game with nine players on a side to accommodate his 18-man class.

If the goal was on the floor it would be easy to guard, so he opted for a 'box above the floor."

That is where James W. Stebbins got his chance to become a footnote to sports history. The janitor couldn't find any when the scholar demanded two boxes each 18 inches square, so he dragged a couple of peach baskets over to the gym.

KHSAA TRACK AND FIELD COMMITTEE MEETING

The Kentucky High School Athletic Association Track and Field Committee met at the Association Office in Lexington on Tuesday, December 10, 1991. The meeting was called to order by Brigid L. DeVries, Assistant Commissioner at 1:30 P.M.

Members present were: Bro. Borgia, Charlie Ruter, Alice Leigh, Augie Schiller, John Gettler, Gordon Bocock, Dave Shufelt, Barry Binkley, Bob Stacey, Jack Keller, Tim Estes, Frank Miklavcic and Jean Wright. Members absent were Jeff Saylor, Bill Patton and Tony Rowe.

Charlie Ruter reported on the Mason Dixon Games to be held on February 28 & 29, 1992, at Broadbent Arena, which is adjacent to Freedom Hall. The Mason Dixon Committee is coordinating efforts with the KTCCCA to help secure officials for the high school division. The high school division will be open to Kentucky athletes only. Gordon Bocock and Frank Miklavcic will be the contact people for the games.

The Kentucky Association of the Athletics Congress is sponsoring a TAC Officials Clinic on Sunday, January 12, 1992, at the downtown YMCA at Second and Chestnut in Louisville. For more information on the clinic, contact Charlie Ruter at 502-239-5258.

Jean Wright gave a report on the 1991 Blue Grass State games. The participation was good, and one of the goals for 1992 will be to get Track entries from the Kentucky counties where there was no representation. The dates for the 1992 games are July 24-26, 1992.

Larry Wingfeld gave a brief report on the upcoming KTCCCA Clinic to be held on January 24-25, 1992 at the Holiday Inn on Newtown Pike in Lexington. Anyone interested in attending the clinic should contact Larry at Shelby County High School.

The next item on the Agenda was a discussion of the Regional and Sectional Track Meets and sites. Committee members discussed and made recommendations regarding Regional and Sectional sites. Ms. DeVries will begin to solicit sites for both the 1992 Regional and Sectional Meets. The dates for the 1992 Meets are as follows:

Regional Meets: May 15 & 16, 1992
Sectional Meets: May 23, 1992
State Meet: May 30, 1992

The State Meet Order of Events was discussed with the addition of the 3200 M Relay to the program. It was recommended that under the current format the 3200 M Relay be first in the order of guests, followed by the 3200 M Runs. This order will be evaluated following the 1992 season. The other item on the recent Track survey was the Girls Triple Jump, which did not pass.

Gordon Bocock and Frank Miklavcic had several recommendations regarding the state Meet. One of the items would be scheduling 3 separate State Meets, Class A, AA & AAA, instead of the Meet order as it is. Frank Miklavcic also recommended that the K.H.S.A.A. look into sanctioning indoor Track. It was also recommended that the regulation requiring athletes to finish the races they are entered in, be deleted. Following a discussion on these and other items it was recommended that Frank Miklavcic and Gordon Bocock do a presentation at the January meeting of the Board of Control. It was suggested that the current four meet participation forms be revised. Dave Shufelt and Gordon Bocock will work on a new form to be used in Track & Field. Several revisions were made on the State information sheets and entry forms.

Ms. DeVries brought up a request from one of the member schools regarding state meet records. It was decided that records should reflect the actual distances that the athletes competed in. Two meet records will be changed and they are the 800 M Run and the 1600 M Run.

The Track committee still has recruitment of new Track & Field officials as one of its goals.

There was a brief discussion regarding the National Federation Rule Changes. The discus cage is not mandatory until 1993.

Miscellaneous items included a recommendation by Gordon Bocock that the classifications for A, AA & AAA be reviewed. There may need to be some changes especially in the AAA Classification due to the decline in enrollment and new school construction.

"Moye" starting blocks will be available at the State Meet this year in addition to the regular blocks provided. The "Moye" block is a legal block, and there will be eight of these provided, so schools can choose the traditional or the "Moye" block. Jack Keller will coordinate the "Moye" blocks.

There being no further business, the meeting was adjourned.

Following are the 1991-92 Track & Field Clinic dates and locations.

Tuesday	December 3, 1991	Paducah Tilghman H.S.	7:00 p.m.
Wednesday	December 4, 1991	Owensboro, Daviess Co. H.S.	7:00 p.m.

Education Tops U.S. Agenda

The California Senator has been a long time ardent supporter of California schools and their extracurricular programs.

By Senator John Seymour
United States Senate

Focus puts new programs in classrooms, streets

Over the last few months we have seen drastic changes in the world; and in the coming months America will shift her own priorities to reflect those changes. Of the many social issues at the top of the American agenda, is the country's educations system.

During a recent visit to one of Los Angeles' public schools, I had the chance to discuss this topic with some very concerned members of the community. I was asked why the government was wasting so much of its time and money on East Los Angeles, especially since nothing ever seems to change, and even the police are afraid to walk the streets. While the question is valid, no one should question its cynicism, since it was asked by a fifth grade student.

It is politically fashionable today to talk about the decline of the American student, but I strongly deny this idea. Instead of blaming our children for their less than favorable showing in class, we should ask ourselves if we've done everything possible to give them a safe, positive learning atmosphere. When a child innocently asks a question so filled with despair, I have to say we have not.

To say we must do more is obvious, but to discuss the solutions that are now being tried is essential. The restoration of our education system is being enacted on two fronts: in the classrooms, and in the streets out front.

In the classrooms, President Bush has initiated the comprehensive America 2000 program. Its aim is to create a new generation of schools. I've co-sponsored this program and believe wholeheartedly in its goals. Among its valuable provisions, America 2000 calls for a national testing program, world class standards in five core subjects, and new levels of leadership to increase accountability of the entire education process. The new leadership will consist not only of federal, state and local officials, but community and industry leaders as well.

In the streets, the efforts focus on anti-crime legislation. I amended a recent Senate crime bill to include tougher laws to help fight the war against gangs and the drug trade. The new legislation adds muscle to the laws covering the commission of a crime as a gang member, the use of a minor to commit a crime, and the production and distribution of drug paraphernalia. For years now, we've seen young kids watch their older friends lead well-paying criminal lives, and they eventually fall prey to the same temptations. This bill, if approved, would show these younger kids that a life of crime will put criminals in jail quickly and for substantial amounts of time. I think this will make the drug trade less attractive.

Though the overhaul of America's education system will be an ongoing process for many years, I strongly believe that the agenda we've set, if followed, will be successful. We've learned the important relationship between the education our children receive, and the roles they will eventually play in society. If we are to have leaders of merit tomorrow it's essential to provide our children with the absolutely finest means of preparation today. Our education system must become more than a means of keeping children busy until they enter the work force; it must instill the desire to learn, and spark the intellectual fire that has made America what she is today.

Athletics can help in that process. The pursuit of sports provides our youth with an important opportunity for character development. When a child plays for a team, he or she learns to appreciate the rewards of hard work. He or she also has the chance to develop the skill of working with others toward a common goal, not to mention the alternative it provides to the lure of gangs. These are the skills that are fundamental to success in both academic careers and modern life.

I have confidence in our system of education, because I have confidence in its administrators, teachers, and most importantly, our children. With our agenda in place, I believe improvement is right around the corner.

Job Openings

Rowan County High School seeks Head Football Coach. Interested parties should send letter of application with resume' and references to Marvin Moore, Rowan County High School, 100 Viking Drive, Morehead, Ky. 40351. Application deadline -- January 15, 1992.

South Oldham High School seeks Head Football Coach. Send letter of application with resume' to Larry Phillips, Box 549, Crestwood, KY 40014.

Boyle County High School seeks Head Football Coach. Interested parties should send letter of application with resume' and references to Tom Mills, Boyle County High School, 1637 Perryville Road, Danville, KY 40422-9775.

Back to School?

University of Kentucky's Health, Physical Education, Recreation and Dance Department is offering new courses in Biomechanics of Sports, Football Coaching/Officiating and Physiology of Sport. The courses will be taught in Intersession and Summer School.

Persons interested in applying to the University of Kentucky Graduate School for graduate study or taking courses as post-baccalaureates should contact Dr. Rob Shapiro, Director of Graduate Studies in HPERD, at (606) 257-4266.

For general additional information on the new courses available contact: Dr. Shapiro, Dr. Ron Bulbulian (606) 257-7898 or Steve Parker (606) 257-7904.

Academic All-State

Each school should soon receive a temporary supply of Academic All-State and Academic All-State Honorable Mention Certificates. You may use these certificates to honor your students athletes that meet the designated requirements.

In the spring you will receive new A.A.S & A.A.S.H.M. certificates in quantity. The printing of the new certificates is held up pending corporate sponsorship. We apologize for any inconvienence.

Growing For You. . .

About your K.H.S.A.A. . .

* Your Kentucky High School Athletic Association serves as the governing agency for all 12 of Kentucky's high school sports. Your association regulates eligibility rules and sponsors 29 state championships.

* Your association is a private, non-profit organization that receives no tax funding, all of the K.H.S.A.A.'s operating budget comes from private donations and reciepts from the state championships *(basketball, football and soccer receipts comprise 80% of the association's revenue!)*

A helping hand. . .

* Your association is dedicated to serving its member schools. That's why we pay the premium on a catastrophic life insurance plan that covers every student-athlete in the state of Kentucky. From the classroom to the practice field to the game court if a catastrophic accident should occur, your association will be there to provide comfort and financial assistance. Your association also provides a liability insurance plan for member schools and coaches.

Our new home...

* Construction is underway on a 25,000 square foot building that will house your association's offices and a Hall of Fame and Museum *(to honor the thousands of persons who have made a lasting contribution to high school athletics in the state of Kentucky.)* The offices will be ready for occupancy by January 1992 with full implementation of the museum expected by the 1993-94 school year. We have many exciting exhibits planned to showcase Kentucky's unique athletic history. Come celebrate with us in your K.H.S.A.A. Hall of Fame and Museum.

Delegate Assembly Members

Members of the Delegate Assembly at the forthcoming 1992 annual meeting of the Association were elected by the Board Appointed Representatives of the KHSAA. Article IV, Section 2-c, of the Constitution states in the last sentence, "If the duly elected delegate or alternate does not answer the roll call at the annual meeting of the Delegate Assembly, the district shall remain not represented." The name of the district representatives and alternates are as follows:

Delegate	School	Alternate	School
1 Larry Gardner - D1	Fulton County H.S.	Phillip Rudolph - A1	Hickman County H.S.
2 Steve Johnson - D2	Paducah Tilghman H.S.

1991 GIRLS' "SWEET SIXTEEN" CHAMPIONS MARSHALL COUNTY HIGH SCHOOL

Front Row: Amy Leeper, Nicole Alexander - Middle Row: Melanie Smothers, Heather Rose, Jalonda Stokes - Back Row: Amy Morefield, Traci Wynn, Joanna Roy

KAPOS NEWS STATE TOURNAMENT INFORMATION

Participating cheerleader and cheerleading coaches registration: all cheerleading squads and/or coaches are asked to stop by the KAPOS table to:

1) Register your squad.
2) Pick up important information and materials for you and your school.

Along with a KAPOS board member, there will be high school cheerleaders on hand to assist you. They can be identified by their hostess armbands. Feel free to ask them for help, and in turn they may seek you and your cheerleaders to be interviewed by one of the radio commentators. In order to make their task easier, we are asking that you register your seat, row and section number. A possible radio interview is often missed because the guides could not locate the desired person in time for the interview.

Hospitality Room: May we remind all cheerleading coaches and cheerleaders. We cordially invite you to have refreshments, socialize with friends, exchange ideas and perhaps get help with your problems.

"Sweet 16 Cheerleading Squads: ATTENTION PRINCIPALS! If your team will be participating in the State Tournament, included in the packet sent to you by the KHSAA will be a letter pertaining to your cheerleading squad. Be sure to look for this and relay all information to your cheerleading coach. We request that you cheerleaders be chaperoned by a well qualified, school approved adult. Verification of this, along with your cheerleading coach's name, must be contained in the letter of confirmation which you will receive. This letter must be in the hands of the KAPOS officer prior to the time that your cheerleaders take the floor.

IMPORTANT! Please be sure that your school is a paid member of KAPOS or pays the fee before their first game in order for your squad to compete for the cheerleading awards in the State Tournament. The winners of these will be determined by use of the KAPOS Judging Sheet, a copy of which appears in the KAPOS Handbook.

AWARDING OF TROPHIES

KAPOS is pleased to honor outstanding cheerleading squads with the recognition they so well deserve. All cheerleader awards will be presented between games on Friday night of the State Tournament. The awards are as follows:

The winning cheerleader squad in the Boys' Sweet Sixteen will receive the Ted Sanford Trophy; in the Girls' Sweet Sixteen the Tom Mills Award. The runner-up cheerleading squad will receive a trophy, with the third and fourth place squads being awarded plaques. In addition, the special K-Pep Award will be presented. All tournament cheerleading squads and their coaches are asked to be located close to the playing floor so they can easily come on the floor should they be called for an award.

GOVERNOR JONES DECLARES GOOD SPORTSMANSHIP MONTH

While every month should be Good Sportsmanship Month, KAPOS has always tried to put special emphasis on being a good sport at tournament time. Being a good sport is part of being a good citizen. We don't believe that good citizens need to be reminded to exemplify good sportsmanship. However, it is especially fitting at tournament time to remind all citizens that it is a privilege to be able to attend the games and that each individual can contribute to the success of the tournament if he will abide by the KAPOS Sportsmanship Creed proclaimed by Governor Jones. The Governor's proclamation is on display at the KAPOS table.

KAPOS NEWS. . .*cont.*

STATE-AT-LARGE CHAMPIONS

Recognition is annually given to cheerleading squads other than those sixteen fortunate enough to participate with their teams in the State Tournament. The winner will receive the Jane Meyer trophy, while the runner-up will receive the the KAPOS President's Trophy. Plaques will be given to the third and fourth place squads.

Beginning at the district level, all squads that are KAPOS members are eligible to be judged for the honor of representing their district in the KAPOS Region-at-Large cheerleading competition. The winner and runner-up of each district will progress to the region. In turn the girls' varsity winner and runner-up and the boys' winner and runner-up from each region is allowed to compete for the title of State-At-Large Cheerleading Champions.

Judging for the Boys' State-At-Large winners will take place at 8:30 a.m. on Saturday, March 28 in Shepherdsville at Bullitt Central High School.

Judging for the Girls' State-At-Large winners will take place at 8:30 a.m. on Saturday, March 21 in Lexington at Memorial Coliseum. The public is invited to these outstanding events. The admission charge of $4.00 will go toward the expenses of KAPOS scholarship award, details of which are supplied below.

At the conclusion of the judging, trophies will be awarded to the top squads, in addition to several special awards.

NOTES TO ALL ADMINISTRATORS

Many of you have responded to our SOS in releasing teaching personnel to assist with the many tasks necessary to keep this organization functioning effectively.

Again, we need judges and personnel help at the tournament. This involves at least 12 to 15 people. It is also backbreaking, tiresome work. However, we have many dedicated persons who have indicated a willingness to help share these duties provided they get a release from their administrators. Therefore, the KAPOS board is seeking your understanding and cooperation should you be asked to release a teacher from his or her duties to help carry on the work that KAPOS is doing to make cheerleading a worthwhile educational experience in the State of Kentucky.

STELLA S. GILB SCHOLARSHIP

KAPOS is happy to annually award the Stella S. Gilb Scholarship to outstanding cheerleaders from Kentucky. In 1991, KAPOS awarded 10 $500 scholarships to well-deserving cheerleaders. One of your cheerleaders may be a potential scholarship winner, so get your applications in early. Applications must be turned in no later than April 30. Contact a KAPOS board member or officer for application forms, or pick them up at the State Tournament KAPOS Table.

KAPOS SERVICES

* Maintains an affiliation with the KHSAA in order that we may help them and they may assist us in any way possible to promote good sportsmanship in the state of Kentucky.

* Maintains continual communication with cheerleading coaches in the state to ascertain their needs, problems, suggestions and criticism.

* Publishes The Handbook of the Kentucky Association of Pep Sponsors.

* Holds judging clinics to promote better understanding between cheerleading coaches and judges, and to encourage consistency in interpretation of KAPOS rules and recommendations.

* Sponsors awards to outstanding cheerleading squads at the district, regional and state levels.

* Sponsors the judging of outstanding cheerleading squads at the State Tournament for the "Sweet 16" Competition.

* Sponsors Sportsmanship Month during the month of March.

* Hosts the KAPOS table and the KAPOS Hospitality Room at the State Tournament both Boys' and Girls'.

* Sponsors the Stella S. Gilb Scholarship, an educational scholarship awarded each year to outstanding and deserving cheerleaders in Kentucky.

* Presents Cheerleading Coach of the Year Award" for both Girls' and Boys' Coaches.

* Presents the "Pat Dooley K-Pep Award" in each region and state tournament.

* Members serve as instructors and judges as requested by the various groups (KHSAA, YMCA, NCA, schools, etc.)

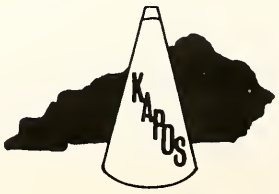
* Sponsors the Kentucky Cheerleading Coaches Conference annually during July or August in Lexington.

* Sponsors a Medical Symposium designed for cheerleading coaches.

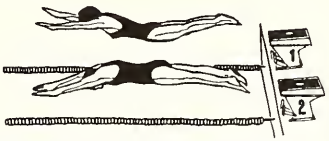
MEMBERSHIP REQUIREMENTS

Membership in KAPOS is open to all schools who are affiliated with a school system in Kentucky. Dues are $2.00 per varsity cheerleader plus $2.00 for the coach, and entitle the school to membership in the organization for the fiscal year from July 1 through June 30.

Dues should be paid to the treasurer of KAPOS by December 15. A membership card will then be returned to you. A KAPOS handbook is mailed to all high school principals at the beginning of each school year.



FOR YOUR INFORMATION SWIMMING MEETS



The events for the State Swimming Meets will be the same as those listed in the K.H.S.A.A. Constitution and By-Laws. Swimming Regulation, on page 57. **NOTE:** There will be a cutoff time for the 500 Freestyle for the regional meets. Boys - 6 minutes, 30 seconds; Girls - 7 minutes.

The dates of the State Meet are February 21 & 22, 1992. The site will be at Lancaster Aquatic Center, University of Kentucky, Lexington, KY. Mr. Tim Cahill will manage the meet. The girls and boys meets will be run together. The schools are divided in the following regions.

LOUISVILLE REGION

Manager: Marty O'Toole
Site: Lakeside/Crescent Hill

Girls: Assumption, Atherton, Ballard, Brown, Butler, Central, Doss duPont Manual, Eastern, Evangel, Holy Cross, Holy Rosary, Ky. Country Day, Louisville Collegiate, Male, Oldham Co., Pleasure Ridge Park, Sacred Heart, Seneca, Shawnee, Shelby Co., South Oldham, St. Francis, Trinity, Waggener.

Boys: Atherton, Ballard, Brown, Butler, Central, DeSales, Eastern, Evangel, Fern Creek, Ky. Country Day, Louisville Collegiate, Male, Oldham Co., Pleasure Ridge Park, Seneca, Shawnee, Shelby Co., South Oldham, St. Francis, St. Xavier, Trinity, Waggener.

WESTERN KENTUCKY REGION

Manager: Dale Baggett
Site: Hopkinsville High School

NORTHERN KENTUCKY REGION

Manager: Dave Webb
Site: Scott High School

Girls: Beechwood, Bellevue, Boone Co., Boyd Co., Campbell Co., Conner, Dixie Heights, Highlands, Holmes, Holy Cross, Lloyd Memorial, Newport, Newport Central Catholic, Notre Dame, Paul Blazer, St. Henry, Scott, Simon Kenton, Villa Madonna.

Boys: Beechwood, Bellevue, Boone Co., Boyd Co., Campbell Co., Conner, Covington Catholic, Covington Latin, Dixie Heights, Highlands, Holmes, Holy Cross, Lloyd Memorial, Newport, Newport Central Catholic, Paul Blazer, Scott, Simon Kenton.

1991-91 Certified and Approved Basketball Officials

A large number of KHSAA registered officials have qualified for the advance ratings of Certified and Approved as a result of the National Federation Part II Examination. Only officials receiving these higher ratings are eligible to work in the district and regional tournaments. Only Certified officials are eligible to work in the state tournament.

MINUTES OF THE DECEMBER BOARD MEETING

The Board of Control of the Kentucky High School Athletic Association met at the Executive Inn, Louisville, Kentucky on Thursday, December 5, 1991. The meeting was called to order by President Alvis Johnson at 1:00 p.m. with all Board members present. Also present were Commissioner Billy Wise, Assistant Commissioner Larry Boucher and Business Manager Julian Tackett. The invocation was given by Ray Story.

Stan Steidel made a motion that the Agenda be amended to move the Committee Meetings to Friday at 8:00 a.m. Jack Portwood seconded the motion. Ray Story moved to table the motion, seconded by Marvin Moore. The motion to table passed unanimously.

Claudia Hicks made a motion, seconded by Harry Jansing, that the minutes of the October 12, 1991 meeting of the Board be approved. Gene Brooks called for the following correction: "In the event the school plays an out-of-state school (in a Hall of Fame Basketball Contest), the payment shall be $150." The motion passed unanimously with the minutes being corrected as requested.

Roland Williams made a motion that the minutes of the November 6, 1991 meeting be approved. Gene Brooks seconded the motion which passed. Eddie Saylor moved to approve the minutes of the November 22nd East Eligibility Committee Meeting. Stan Steidel seconded the motion which passed.

Following a discussion of the October 1 through November 30 bills, Ray Story made a motion to accept. Harry Jansing seconded the motion which passed.

Following the hearings of all appeals, the following actions were taken by the Board:

David Snyder - P.L. Dunbar H.S. - Eligibility denied

Hung Kim Tran, Tu Thanh Tran, Hoang V. Nguyen, Tai Thanh Tran & Chuong Do - Iroquois H.S. - Eligibility reinstated

Steve Wisher - Dixie Heights H.S. - Eligibility denied

David Freeman - Paducah Tilghman H.S. - Tabled until January

Richard McGraw - Trigg County H.S. - Eligibility denied

Fasion Hayes - Lafayette H.S. - Eligibility denied

Jeff Perry - Central Hardin H.S. - Eligibility reinstated but to remain on probation until the end of the school year

A recess was called at 4:00 p.m. until Friday, December 6, at 8:00 a.m.

President Johnson reconvened the Board of Control meeting at 8:00 a.m. on Friday, December 6, 1991, with all Board members present.

Commissioner Wise recommended the following District Basketball Tournament Site Rotation Plan for District #54:

M.C. Napier H.S. - 1992
Hazard H.S. - 1993
Buckhorn H.S. - 1994
Dilce Combs H.S. - 1995
Leslie County H.S. - 1996

Eddie Saylor moved to accept Mr. Wise's recommendation. However, in the event of consolidation, the next school in the rotation would host the tournament. Sandy Allen seconded the motion which passed.

Following a presentation by representatives of BK District #11, the Board approved the following Rotation Plan provided facilities are as promised with regard to safety:

Hancock County H.S. - 1992
Trinity H.S. - 1993
Frederick Fraize H.S. - 1994
Breckinridge Co.H.S. - 1995

President Johnson then called on Marvin Moore, Chairman of the Basketball Committee for their report. Mr. Moore discussed the following items:

a) Request that Casey County be moved from the 48th to the 45th District. The Commissioner was requested to notify all schools in the 45th & 48th Districts and invite them to attend the January meeting for discussion.

b) Assignment of Officials for the District & Regional Tournaments. Upon the recommendation of the committee, officials will stay within their district for district tournaments and go out of the region for the regional tournaments. Eddie Saylor made a motion to approve the recommendation. Stan Steidel seconded the motion which passed.

The following Basketball Tournament Report was given:
Boys ticket sales through this date: $341,522.00
Girls ticket sales through this date: $21,250.00

It was reported that the boys ticket sales were ahead of last year and the girls ticket sales were slightly below sales at this same period last year.

President Johnson then asked for the All-Sports Committee report. Sandy Allen, Chairperson, made the following recommendations to the Board:

a) Request from Owensboro Catholic H.S. that Henderson County be moved out of the present soccer district. The committee recommended that the request be denied and that the district alignment remain the same in Regions I & II.

b) Request from Owen County to move Walton Verona from District #32 to District #33 in baseball. Stan Steidel moved to table this request. Frank Cardwell seconded the motion which passed.

Following is the Football Committee's report by Chairman Ray Story.

a) Recommend that no action be taken on moving Lexington Catholic to another District.

b) Allow Eminence to design a plan for the Class A schools and present it to the Board at its January meeting. Sandy Allen moved to approve the Football Committee's recommendations. Frank Cardwell seconded the motion which passed 11-1.

The Board next discussed the K.H.S.A.A. sports committees and how they are structured. Asst. Commissioners Boucher, DeVries and Stout informed the Board how the members of each committee were chosen. President Johnson appointed Stan Steidel and Claudia Hicks to serve on a committee to work with Larry Boucher, Brigid DeVries and Louis Stout for the purpose of setting up a structure for sports committees.

Commissioner Wise then discussed with Board members proposals submitted by member schools which are to be considered by the 1992 Delegate Assembly. Topics included in the proposals are: a) Board members shall be principals; b) Board members shall hold a valid teaching certificate; and c) Change in By-Law 8 and By-Law 25.

Roland Williams moved to go into Executive Session. Stan Steidel seconded the motion which passed. Following a closed session, Gene Brooks moved to return to Open Session, seconded by Roland Williams. Motion passed.

Commissioner Wise advised the Board of the status of the new K.H.S.A.A. Office and Hall of Fame Building. Stan Steidel made a motion giving the Commissioner the authority to write a letter to KET giving them until December 12 to respond to a proposal to purchase the present facilities. If no bid is forthcoming at that time, the K.H.S.A.A. will assume they are not interested in purchasing the property. Frank Cardwell seconded the motion which passed.

The next meeting of the Board will be held in Louisville at the Executive Inn during the Louisville Invitational Tournament. Committee meetings will be held on Thursday, January 16, and the regular meeting will be held at 8:30 a.m. on Friday, January 17.

There being no further business, Roland Williams made a motion that the meeting be adjourned. Jack Portwood seconded the motion which passed.

Quality Video

The new leadership of your Kentucky High School Athletic Association wants there to be one word associated with every service we provide. . .**QUALITY**. That's why we've hired a **professional video production company** to handle the videotaping of our state championship events.

We tape these events due to the limited space available for schools and fans to tape contests and to eliminate the problems caused when many fans wish to tape the same contest, particularly in a crowded facility.

Our new video program will make it possible for you to obtain a **Professional "Broadcast Quality"** video tape at a reasonable price.

The special student or team that is responsible for your interest in high school athletics takes pride in the opportunity to compete in a state championship. We want to provide you with **Quality** memories that you can enjoy for years to come.

If you are interested in ordering a tape simply complete the form below and mail it to us.
For a list of available videos from previous state championships, call or write the KHSAA.

MINUTES OF SPECIAL CALLED MEETING

The Board of Control of the Kentucky High School Athletic Association met in a Special Called Meeting on Monday, December 23, 1991, at the K.H.S.A.A. Office in Lexington, Kentucky. The meeting was called to order by President Alvis Johnson at 9:00 a.m. with all Board members present except Gene Brooks and Harry Jansing. Commissioner Billy Wise and Business Manager Julian Tackett were also present. The invocation was given by Julian Tackett.

The purpose of the meeting was to discuss the following items: Member Schools Dues, Regional Basketball Sites and the sale of the K.H.S.A.A. headquarters on Cooper Drive.

Commissioner Wise discussed the possibility of obtaining sponsorships for the Boys and Girls Basketball Tournaments, gave a status report on the new building including a move in date around the first of February, and the Association's need to recognize an additional $300,000. in receipts beginning with the 1992-93 fiscal year.

A lengthy discussion ensued regarding avenues to raise the needed revenue. Regarding the option of restructuring the member schools dues, Frank Cardwell made a motion that a new fee schedule be implemented for the 1992-93 school year and leave the billing procedure open. Claudia Hicks seconded the motion. Roland Williams moved to table the vote until the January meeting giving Board members an opportunity to discuss the matter within their regions and get feedback. Ray Story seconded the motion. The motion to table passed by a 5-4 vote. Following further discussion, Frank Cardwell made a motion to send the Board's recommended procedure for raising additional funds--that being to increase Membership Dues and provide multiple payments for such--to member schools and advise them that the plan will be implemented at the January meeting of the Board. Schools may call their respective Board member with input and recommend an alternate plan. Eddie Saylor seconded the motion. The motion passed by a vote of 6-2 with 2 abstentions.

The Regional Basketball Tournament Sites on the following page were recommended by Commissioner Wise:

There being no further business to come before the Board, Frank Cardwell moved for adjournment. Roland Williams seconded the motion which passed.

SITES FOR 1992 REGIONAL TOURNAMENTS SELECTED

On January 22 Commissioner Billy V. Wise announced the host sites for the 1992 Boy's and Girl's Regional Basketball Tournaments. The Regional Tournaments are slated to begin the week of March 9th, the exact dates and times will be announced by the regional managers or host schools. The venues are as follows:

	Boys	Girls
1st Region	Murray State University	Murray State University
2nd Region	Hopkinsville	Webster County
3rd Region	Hancock County	Breckinridge County
4th Region	Western Kentucky University	Barren County
5th Region	Central Hardin	Adair County
6th Region	Valley	Valley
7th Region	Ballard	Ballard
8th Region	Henry County	Oldham County
9th Region	Holmes	Northern Kentucky University
10th Region	Mason County	Bourbon County
11th Region	Memorial Coliseum (TC)	Western Hills
12th Region	Pulaski County	Boyle County
13th Region	Clay County	Clay County
14th Region	Breathitt County	M.C. Napier
15th Region	Allen Central	Betsy Layne
16th Region	Morehead State University	Boyd County

ENCROACHMENT PROCEDURES AMONG HIGH SCHOOL FOOTBALL RULES CHANGES

Beginning with the 1992 high school football season, encroachment restrictions will begin when the center places his hands on the football rather than when the center makes the final adjustment of the ball.

This was one of seven rules changes approved by the National Federation Football Rules Committee at its January 6-8 meeting in New Orleans, Louisiana.

Dick Schindler, assistant director of the National Federation and editor of the high school football rules, said although the encroachment procedure probably ranked as the most important rules change, the committee did not make any huge changes.

"We are extremely satisfied with the game of high school football as it is today, and that is reflected with only seven rules changes," Schindler said. "The committee is concerned with illegal contact and sportsmanship, and it addressed those concerns in the Points of Emphasis."

With encroachment restrictions previously beginning when the center made the final adjustment of the ball, Schindler said problems had surfaced in determining when the final adjustment occurred. Henceforth, centers will not be able to take their hands off the ball after placing them on the ball.

In a related change, the committee voted to prohibit linemen between the two ends from moving off the line after having placed their hands near the ground. this would be a false start.

Schindler said teams no longer will be able to re-huddle to change signals. "As a result of these changes, I think teams will send their linemen to the line of scrimmage before the center puts his hands on the ball."

The committee also addressed running the "fumblerooskie" or "guard around" made famous a number of years ago by the University of Nebraska. The rules group said teams may not play similar to the fumblerooskie, i.e., a planned loose ball, without first informing the referee prior to the play.

"this change was made so that officials will be prepared to properly call such a play," Schindler said. "If officials have no foreknowledge of the play, they would not be able to identify a planned loose ball."

In another rules change, if a player on the offensive or kicking team goes out of bounds prior to change of possession and returns, it becomes a foul at the time of his return. The illegal participation foul would be a 15-yard penalty.

Schindler noted, however, that if the player is pushed out of bounds and returns at the first opportunity, it would be a legal play. He said the intent of the change is to penalize players who intentionally go out of bounds to gain an advantage.

"We are extremely satisfied with the game of high school football as it is today, and that is reflected with only seven rules changes," *Dick Schindler*

Another option was given to the receiving team on a kickoff when the ball is kicked out of bounds. In addition to the options of a five-yard penalty and re-kick, or putting the ball in play at the in-bounds spot, teams also will have the choice of putting the ball in play 15 yards behind the receiving team's free-kick line, which would be the 35-yard line in most cases.

In a safety move, which is the No. 1 priority of all National Federation rules committees, the Football Rules Committee mandated that rib pads and back protectors, if worn, must be covered by a jersey. Schindler said exposed pads could cause injury.

The final change approved by the rules committee involves the official end of a period. Henceforth, when a period officially ends, any obvious errors in timing no longer may be corrected.

"the rules committee continued its strong stance towards safety and against illegal contact," Schindler said. "Other points of emphasis were pass interference and identifying eligible receivers."

In its continuing emphasis on sportsmanship, the committee passed a resolution recommending that the National Federation Sportsmanship, Ethics and Integrity Committee study the possibility of state associations adopting specific penalties for unsportsmanlike conduct the Football Rules Committee recommended that such policy for unsportsmanlike conduct cover all activity programs, not just football.

OFFICIAL NOMINATION FORM

Dawahares-Kentucky High School Athletic Association Hall of Fame

The Dawahares-Kentucky High School Athletic Association Hall of Fame is open to anyone who has played, officiated or administered high school athletics at any Kentucky high school, past or present, and to anyone who has been of service to Kentucky high school athletics. (please type all information)

Name of person nominated:_____

Address of person being nominated:_____
(or surviving relative if deceased)_____

City, State, Zip:_____

Telephone of person being nominated:_____

Briefly list accomplishments of nominee:_____

List names of school(s) where nominee was involved:_____

Name of Individual submitting nomination:_____

Address:_____

Phone:_____

Comments:_____

Signed:_____ Date:_____

All nominations will be forwarded to the Hall of Fame Selection Committee to be appointed by the President of the Kentucky High School Athletic Association Board of Control.

KHSAA HALL OF FAME

Eligibility
Eligibility for the KHSAA Hall of Fame is based on high school accomplishments and contributions only. Any player who has been out of high school eight years or any coach, administrator or official with 20-plus years of service is eligible.

Nominations
Anyone can nominate a person for the Hall of Fame. Nomination deadline this year is March 15. Starting in 1992, the nomination deadline will annually be February 1. An official KHSAA Hall of Fame nomination form must be completed for each nominee. Additional information can also be submitted with the nomination form.

Selection
Fifteen people will be inducted into the Hall of Fame each year.
A selection committee will meet the third Friday of April in Lexington to pick the inductees.

Provided there are enough nominations to meet the criteria, a minimum of two women, two minority and one each from Regions 1-4, 5-8, 9-12 and 13-16 will be among the 15 inductees.

INSTRUCTIONS

All information on this form must be completed and received by the Kentucky High School Athletic Association before March 15. The completed nomination form and support materials should be sent to 2280 Executive Drive, Lexington, KY 40505. Once the nomination form is received by the KHSAA, all actions necessary to the selection process shall remain confidential. All information submitted shall be retained by the Hall of Fame.

Please include a limited number of newspaper clippings, magazine articles and other supportive materials that would be helpful to the Hall of Fame Screening Committee.

GENERAL CRITERIA

Nominees must exemplify the highest standards of sportsmanship, ethical conduct and moral character.

Athletes would be former student participants who are being nominated for their achievements in interscholastic athletics. Coaches would be considered on the merits of their high school coaching achievements only and officials on the basis of their service as a high school official.

ALL CANDIDATES WILL BE JUDGED ON THEIR SIGNIFICANT AND/OR LONG-TERM CONTRIBUTIONS TO INTERSCHOLASTIC ATHLETICS.

Accomplishments at the college or professional will not be considered by the selection committee.

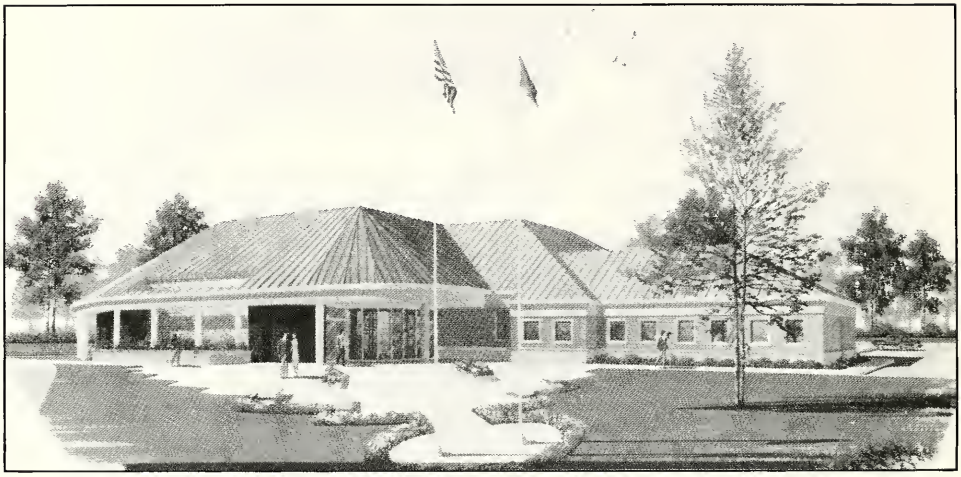
MARCH 1992

Growing For You. . .



High school athletics is something every community in Kentucky has in common, and every community will be represented in some way in the new **Dawahares / Kentucky High School Athletic Association's Hall of Fame and Museum.**

About your K.H.S.A.A. . .

* Your Kentucky High School Athletic Association serves as the governing agency for all 12 of Kentucky's high school sports. Your association regulates eligibility rules and sponsors 29 state championships.

* Your association is a private, non-profit organization that receives no tax funding, all of the K.H.S.A.A.'s operating budget comes from private donations and reciepts from the state championships *(basketball, football and soccer receipts comprise 80% of the association's revenue!)*

A helping hand. . .

* Your association is dedicated to serving its member schools. That's why we pay the premium on a catastrophic life insurance plan that covers every student-athlete in the state of Kentucky. From the classroom to the practice field to the game court if a catastrophic accident should occur, your association will be there to provide comfort and financial assistance. Your association also provides a liability insurance plan for member schools and coaches.

Our new home...

* Construction is completed on the 25,000 square foot building that houses your association's offices and a Hall of Fame and Museum *(to honor the thousands of persons who have made a lasting contribution to high school athletics in the state of Kentucky.)* The offices are occupied by the association staff with full implementation of the museum expected by the 1993-94 school year. We have many exciting exhibits planned to showcase Kentucky's unique athletic history. Come celebrate with us in your K.H.S.A.A. Hall of Fame and Museum.

In Memory

Father Harry Jansing

By Julian Tackett

We lost a friend this month. We meaning the Kentucky High School Athletic Association, the member schools of the Association, and most importantly, the students in Kentucky's schools.

Early Monday morning, March 2, Father Harry Jansing, Board of Control representative from the 7th and 8th regions, passed away at his home following a long illness. Services were conducted on Friday, March 6, with his long time friend, Commissioner Billy Wise, serving as one of the pall bearers.

"Father Harry" as he was known to the thousands of people he worked for and with, became ill following his return from the National Athletic Directors Conference in December. It is perhaps fitting irony that the last two major events in which he was involved were the state high school football championships, and the AD conference. He had served as the ticket manager at the play-offs for many years, a post he also held with nearly every major event held in Jefferson County.

Jansing's education began at St. George School followed by one year at St. Xavier High School before entering the Seminary at St. Mary. His education was completed at St. Meinrad in Indiana, and he was ordained in 1955. In the fall of that year, he began his career at Trinity teaching a variety of subjects. He was named Athletics Business Manager in 1970, and Athletic Director in 1971, a post he held until his death.

Father Harry was active in the formation of the local, state and national Athletic Director organizations, and was one of the first recipients in the Certified Athletic Administrator program in 1989. Harry will be remembered most for his efforts to help others. His use of computers in athletic adminstration began well before this practice was popular, as he wrote and maintained many programs to help his peers more efficiently perform their tasks. He never charged anything for his services, but the user did have to listen to his unique philosophy about life and living.

"Harry Jansing was a devoted person to Kentucky's high school athletes, " remarked K.H.S.A.A. Commissioner Wise, "and a truly supportive Board of Control member. He will be missed." Proof of his support of the Association was demonstrated in December when he organized a tournament in basketball, and a special event in soccer designed to benefit the K.H.S.A.A. Hall of Fame.

Harry lived a full life, and is finally free from the suffering of the past few months. Kentuckians from throughout the Commonwealth have benefited from people like Harry who make a life long commitment to our kids, and are willing to help young people, be they students, coaches or administrators. Come to think of it, I lost a pretty good friend myself.

MINUTES OF THE JANUARY BOARD MEETING

The Board of Control of the Kentucky High School Athletic Association met at the Executive Inn, Louisville, Kentucky, on Thursday, January 16, 1992. The meeting was called to order by President Alvis Johnson at 1:00 p.m. Present were all Board members except Harry Jansing who was hospitalized, Commissioner Billy Wise, Assistant Commissioners Louis Stout, Brigid DeVries and Larry Boucher, Business Manager Julian Tackett, S.I.D. Jeff Rogers and Earl Cox. The invocation was given by Alvis Johnson.

Roland Williams made a motion that the minutes of the December 5-6, 1991, meeting be approved with one correction. Eddie Saylor seconded the motion, which carried unanimously.

Claudia Hicks made a motion to accept the minutes of the Called Meeting on December 23, 1991. Jack Portwood seconded the motion, which carried unanimously.

Gene Brooks made a motion, seconded by Frank Cardwell, that the bills of the Association for the period December 1 through December 31, 1991 be approved. The motion passed unanimously.

Following the hearings of all appeals, the following actions were taken by the Board:

Randy Allen Lawson - Williamsburg H.S. - Eligibility reinstated
Courtney Colman - Sacred Heart Academy - Eligibility reinstated
Stephanie Buston - Sacred Heart Academy - Eligibility reinstated
David Freeman - Paducah Tilghman H.S. - Eligibility reinstated
Matt Smithers - Eastern H.S. - Reinstatment denied

A recess was called at 3:30 p.m. until Friday, January 17, at 8:30 a.m.

President Johnson reconvened the Board of Control meeting at 8:30 a.m. on Friday, January 17, 1992, with all Board members present except Harry Jansing. Ray Story gave the Invocation.

The first item on the Agenda was a discussion by the Board regarding a request from Casey County High School to move from the 48th Basketball District to the 45th District. Representatives from Casey County, Boyle County, Danville and Lincoln County made presentations. Following a discussion of their request, Jack Portwood made a motion to move Casey County High School into the 45th District. Eddie Saylor seconded the motion which passed by a vote of 10-1.

President Johnson then called on representatives from Assumption High School, Western Kentucky Principals Association, Kentucky Association of School Administrators, Doss High School, Kentucky Association of Secondary School Principals who spoke to the Board regarding Membership Dues increase for member schools. Mr. Johnson thanked everyone for coming and expressing the feelings of their various organizations. Ray Story made a motion to delay any action by the Board until the March meeting and requested that the Commissioner's office send a letter to all member schools listing various options suggested to raise additional funds for the Association and to submit any other ideas for consideration. The motion passed 10-1.

Robert Davenport, Principal, Marion County High School, appeared before the Board to request that his school be assigned to host the 5th Region Boys Basketball Tournament. Due to the fact that the sites had been assigned, no action was taken by the Board.

The next item was a request from Coach Sharon Fanning, University of Kentucky for the Board to sanction a Downtown Showdown three-on-three, double elimination tournament. Following a lengthy discussion and based on By-Law 25, Sec. 2 (5), Marvin Moore moved that the request be denied. Eddie Saylor seconded the motion which passed.

President Johnson called on Donald Butler to address the Board on the status of the 1991 State Baseball Tournament which was held in Owensboro at Kentucky Wesleyan College and the plans for the 1992 Tournament which will be held there also. He advised the Board that the tournament has been very successful there and would be interested in bidding on the 1993 tournament if the Board so chooses.

MINUTES OF THE JANUARY BOARD MEETING

Upon the recommendation of Commissioner Wise, Eddie Saylor made a motion, seconded by Stan Steidel, that the Commissioner be empowered to grant each team that participated in the State Football Playoff Finals $1200. to help defray expenses. The motion passed unanimously.

President Johnson called on Ray Story for the Football Committee's Report. A discussion ensued regarding a proposal submitted by Eminence High School for a Class A playoff. Mr. Story moved that this Committe continue to study this proposal and look at the issues addressed. Marvin Moore seconded the motion which passed. The second item presented by Mr. Story related to the 1992 Football Playoff schedule. Ray Story made a motion that the Board wait until the March meeting to act on the proposal thereby giving Board members an opportunity to discuss the proposal within their regions. Roland Williams seconded the motion which passed unanimously.

Sandy Allen was then called on to present the All-Sports Committee Report. She discussed with Board members several items regarding Track and Cross Country as follows:

1) A request for a review of the alignments in cross country and track for 1992-93. Sandy Allen made a motion that Ms. DeVries and Mr. Stout review the alignment figues as submitted and make a recommendation to the Board. Claudia Hicks seconded the motion which passed.

2) A request for a two-day state track meet. Stan Steidel moved that this proposal be submitted to the schools for their input and be discussed further at the March meeting. Sandy Allen seconded the motion which passed.

3) A request to change the four-meet track participation form effective with the 1991-92 season. Marvin Moore moved to accept this request. Roland Williams seconded the motion which passed.

4) A request that a track contestant be required to finish a race he starts and that this change be made in the Handbook under Tournament Rules. Stan Steidel moved to accept this recommendation of the Track committee effective with the 1992-93 season. Ray Story seconded the motion which passed 9-0.

5) A request that the Mason Dixon Games be fully sanctioned and recognized as a championship. Stan Steidel moved to deny this request. Frank Cardwell seconded the motion which passed unanimously.

Commissioner Wise presented a copy of the contract between the Kentucky High School Athletic Association and the Kentucky Educational Foundation, Inc. for the sale of the KHSAA Office Building at 560 East Cooper Drive. Ray Story made a motion that the Board approve the sale of the property, approve the contract between the KHSAA and the KETF and that the Deed be executed by a majority of the members of the Board of Control as trustees for and on behalf of the KHSAA, and that Commissioner Wise for and on behalf of the KHSAA be authorized to execute any and all other documents necessary for the sale. Marvin Moore seconded the motion which passed unanimously.

Asst. Comm. Boucher distributed an Official's Evaluation Procedure for the Board to consider as a Pilot Project. Following a lengthy discussion of a new Ratings Evaluation System Frank Cardwell made a motion to allow Mr. Boucher to proceed with this Pilot Program in Regions 6 & 7 and send to other Assigning Secretaries throughout the State to allow them to use the program if they so desire. Marvin Moore seconded the motion which passed by a vote of 6-4.

The Board then recessed until 1:30 p.m.

Following a recess, President Johnson called on Louis Stout for his report on softball and soccer surveys that had been mailed to member schools. Due to the fact that the surveys are not due in the K.H.S.A.A. office until February 17, Mr. Stout advised the Board he would give a report at the March meeting.

Mr. Johnson then gave a report on the National Federaton Winter Meeting in New Orleans. Items discussed were increase in dues, football rules changes, Dreamers & Doers, lawsuits, TARGET program and football receiver's gloves.

Mr. Wise advised the Board he had discussed the catastrophic insurance with Doug Ruedlinger and a letter regarding same would be forthcoming from him regarding the rates for the 1992-93 school year. He also discussed new property and auto insurance with the Board. It was suggested that an Insurance Committee be appointed to look at other insurance carriers regarding the catastrophic insurance. Mr. Johnson appointed himself as Chairman of the Insurance Committee and the following persons to serve with him: Jack Portwood, Eddie Saylor, Stan Steidel, Roland Williams, Billy Wise, Larry Boucher and Julian Tackett.

MINUTES OF THE JANUARY BOARD MEETING

Mr. Tackett advised the Board of the status of the Hall of Fame basketball games. He advised the Board that $13,000. has been received to date plus a $6,000. donation from the Louisville Catholic High Schools.

Mr. Boucher then distributed GOALS for the Officiating Division beginning with the 1992-93 school year. Recruitment, Training and Development and Officials Recognition were the topics of discussion. Since the Board felt that these goals were important and due to shortage of funds to provide these items, Marvin Moore made a motion that the Officials Registration Fees be increased from $20.00 to $25.00 for the first sport and from $10.00 to $15.00 for each additional sport beginning with the 1992-93 school year. Sandy Allen seconded the motion which passed unanimously.

Mr. Stout discussed the baseball pitching rule that is now in effect. He asked the Board to consider a change beginning with the 1992-93 school year which would enable a pitcher who has pitched less than three (3) innings on Day 1 to pitch his additional six (6) innings on Day 2 if the game is called due to inclement weather. He advised the Board that a Baseball Committee Meeting is to be held on January 24 and would discuss the change with them at that time. Marvin Moore made a motion to approve this change beginning with the 1992-93 school year. Stan Steidel seconded the motion which passed unanimously.

Following Mr. Wise's discussion of Coach Frazier's suspension and Cumberland High Schools' probation which was imposed due to the playing of an ineligible player, Eddie Saylor made a motion that the penalty imposed on Coach Frazier be changed to restore his ability to practice with the team and to reduce the number of games suspended from five (5) to three (3). Marvin Moore seconded the motion which passed unanimously.

Eddie Saylor moved to go into Executive Session. Roland Williams seconded the motion which passed.

Following the Executive Session, the following items were approved by the Board:

1) Elevate John Ginn from part time to full time due to added responsibilities at the new K.H.S.A.A. Office;

2) Effective at the end of the 1991-92 fiscal year, discontinue the support of the Sectional Directors due to the financial burden the K.H.S.A.A. is presently experiencing;

3) Approve the 1991-92 contracts for the Administrative Staff.

The next meeting of the Board will be held at 8:30 a.m. on Wednesday, March 18 in Richmond at the Best Western Motel. If necessary, the Board will continue to meet on Thursday and Friday mornings.

Roland Williams made a motion that the meeting be adjourned. Frank Cardwell seconded the motion which passed.

Dreamers and Doers

The National Federation is no longer associated with the Walt Disney World Dreamers and Doers program. This unforeseen development will result in the program being suspended until a new corporate sponsor can be obtained. The National Federation will begin to seek new funding in order to initiate the STARS program to replace the Dreamers and Doers program during the 1992-93 school year. An update will be forthcoming at the National Federation Annual Summer Meeting scheduled for Fort Lauderdale in June of this year.

13. **PARIS** - Augusta, Bourbon County, Deming, Harrison County, Lewis County, Mason County, Millersburg Military Institute, Montgomery County, Paris, Pendleton County, St. Patrick, Scott County

State Tennis Committee Meeting

January 28, 1992

The State Tennis Committee met on Tuesday, January 28, 1992, at the Kentucky High School Athletic Association Office in Lexington. Assistant Commissioner Brigid L. DeVries called the meeting to order at 1:30 p.m. Committee members present included Nonnie Hopper, Cliff Richardson, Rick Cotton, Jerry Johns, Terry Johnson, Doug Lehring, Joe Kroh, Bob Duricko, Mary Robinson, Jeff Isaacs, Carl Stoltzfus, Tom Wischer, and Bob Love. Absent were Bill Goodan, Erwin Jones and Kathy Johnston.

The first item on the agenda was a discussion of regional tournament sites. Suggestions were made by committee members with regards to the Regional Tournament Managers for regional sites not secured at this time. The dates of the Regional Tournaments are listed on the school calendar as the week of May 18, 1992. As in the past, May 16 & 17 may be used if necessary. All Regional Tournaments must be completed by May 24, 1992. The Committee reviewed the regional information that will be mailed to the schools and made some revisions. A procedure to allow some coaching during dual matches and tournament information was added. It was further recommended that the regional and state entry form include the "designated head coach's name," and that person be the only one allowed to coach during play.

The next item on the Agenda was the State Tennis Tournament. The dates for the 1992 Tournament are June 4-6, 1992, and will be held at the University of Kentucky in Lexington. The committee reviewed the state information and made a few changes.

The seeding committee for the state tournament was the next item for discussion. It was felt that the committee should continue to be representative of all areas of the state.

Cliff Richardson from Atherton High School was asked to report on the status of the All-State Tennis Team. It was decided that the 1992 All-State Tennis Committee be made up of Joe Kroh, Doug Lehring, Mary Robinson, Kathy Johnston, Tom Wischer, Carl Stoltzfus, Larry Heflin, Terry Johnson, Bill Goodan and Nonnie Hopper. Selections will be made during the State Tennis Tournament. Coaches will receive a nomination form, to be submitted at the coaches meeting prior to the state tournament. Joe Kroh is working on getting a corporate sponsor to underwrite certificates for the players. The All-State team from the previous year will be printed in the 1992 program. The 1992 All State Tennis Team chairman will be Bob Love.

The committee reviewed the Constitution and By-Laws with respect to the Limitation of Seasons. It was noted that regular season play ends on the Saturday preceding regional tournament play.

Joe Kroh gave a brief report on the selection process for the PRINCE all American program. Kentucky will participate again this year.

Ms. DeVries appointed a sub-committee to work on developing guidelines for high school play. This committee will also review proposals submitted to the Kentucky High School Athletic Association regarding team tennis as well as other pertinent regulations. The committee will include Mary Robinson, Joe Kroh, Bob Love, Jerry Johns, and Carl Stoltzfus.

There being no further business the meeting was adjourned.

CHEERLEADING

Cheer Coaches Need Proper Training

Few issues are debated between school administrators and cheer coaches as squad safety. Even though most of the state interscholastic athletics or activities boards permit cheer stunts which are in compliance with the rules established by the National Federation of State High School Associations, many squads remain grounded — 80 percent in Ohio according to Liz Kahoun of Americheer, which is a cheer school in Columbus and runs Ohio state championships each November.

The school administrators say they have legitimate concerns. Some district have a high turnover of cheer coaches. Neither the coaches nor the students on the cheer squad have proper training and thus the school districts are open to too much liability.

The coaches say the school administrators should stop and pay attention to what has been going on in cheerleading. Many squads are no longer content to stand in front of the crowds at football and basketball games and cheer. The members of the cheer squads want to learn routines so that they, too, can participate in competitions. Coaches say that school administrators have adopted unreasonable rules about an activity they know very little about.

Most of the cheer companies are working toward giving cheer coaches the necessary training for safety certification. Some, like the International Cheer Federation (ICF), Nation-Wide and the American Association of Cheerleading Coaches and Advisors are involved in projects to track cheerleading injuries to provide a basis for the development of cheering techniques.

It's not that there hass been a sudden increase of catastrophic cheerleading injuries — at least none that anybody knows about. A 1990 report made to the National Federation shows that there have been three catastrophic injuries involving high school cheerleaders between 1980 and 1990.

The problem seems to be a misunderstanding from all sides.

"Cheerleaders and their coaches see things on television and then decide they'd like to try it, when they haven't worked up to it," say Jean Zuchelli, president of Nation-Wide Cheerleaders. "They don't realize they have to do these things in progression to do them safely. They don't realize that not every cheer squad and/or their coach has the training or the capability to perform what they've seen."

Likely what they've seen are highly trained college cheerleaders doing partner stunts or flips or pyramids, basically gymnastics.

The progressions discussed involve moving along from a simple group of activities to a more complex one: learning to do forward and backward tumbles very well before moving along to floor-level handstands and floor-level hand springs, and learning to do floor-level handstands and handsprings before moving along to the backward handsprings and lay-out backward somersaults.

"The average cheerleader advisor can handle a basic program in a safe way," says Gerald George, professor of

health and physical education at the University of Southwestern Louisiana and editor of the *AACCA Cheerleading Safety Manual*, which was recently published by Universal Cheerleaders Association.

"But," he continues, "if they are going to build pyramids, they have to become knowledgeable about how to build pyramids, and how to spot them, then, it's OK for them."

George defines basic cheering as "sideline cheers and choreographed routines without acrobatic movements."

In other words no tumbling, no partner stunts or pyramids.

George is the director of safety for the U.S. Gymnastics Federation and has written what are considered to be the official safety manuals for gymnastics and diving.

The American Association of Cheerleading Coaches and Advisors (AACCA) has established a consortium comprised of George and a group of other relevant experts.

"Certain kids are fit to do cheering," George says. "Certain kids aren't. We want the coaches to learn the guidelines."

The guidelines consider the cheerleader an athlete who must undergo training and conditioning like any other athlete. Cheering as an activity is considered similar to gymnastics. The level of athlete and the type of coach required is directly related to the level of program the school has.

"Basically, we're concerned that coaches are in tune to the abilities of their squads," Zuchelli says. "They and the cheerleaders should understand any stunt they try and every step of it from beginning to end."

Gwen Holtsclaw of Cheer Ltd. recommends taking the total safety process one step further by telling coaches to put the cheerleaders in a classroom setting to watch the cheering safety video produced by the National Federation and then administering a written test on the video.

Holtscalw suggests that once the tests are corrected, the cheerleaders should correct anything they've had wrong, then sign the tests and give them to the coach to file. This not only emphasizes the importance of safety for the squad, it also shows that coaches have acted responsibly, should there be any liability suits.

"Most healthy young people can participate in cheering activities," says Jon Tucker, physician of sports medicine at Allegheny General Hospital in Pittsburgh. Tucker is working with Nation-Wide Cheerleaders to track the injuries of 600 cheerleaders across the United States for a paper he'll present to a medical journal.

For now he considers cheerleaders as gymnasts. Since nobody has ever tracked cheerleading injuries, he doesn't have any data to draw from. What he expects to find is what he knows to be true of gymnasts; i.e., ankle sprains, pain around the knee, fracture and elbow dilocations. He doesn't expect many catastrophic injuries, but notes that there is always some risk involved in an athletic activity. He also notes that the risks are decreased as people take an interest in safety.

"Certain regulations about tackling in football help prevent catastrophic injury," he noted, "and certain regulations in cheering will do the same."

For now, school administrators are concerned with more than safety. They are concerned about liability.

"I do think that people need to change their minds about cheerleading," says Susan True, director of the spirit association of the National Federation. "Cheerleading is very athletic. The fact that some people don't want it to be, because they are afraid someone will get hurt, isn't going to change that. The trend of cheerleading going toward gymnastics isn't going to go away."

True says that in the meantime athletic directors and school administrators must recognize this and consider cheerleading accordingly. Squads can't be relegated to practicing in the school corridor or out in the parking lot.

She says school administrators assume the same responsibility for cheerleaders as they do for any of the school's athletes.

Like the National Cheerleading Coaches Conference, Nation-Wide Cheerleading and the AACCA, True believes that coaches should be properly trained. She wouldn't disagree with the principal who grounded his squad because he had a new inexperienced coach with a squad that had not come up through any type of cheerleading or gymnastics program.

True speaks to cheerleading coaches all over the nation.

"I always asked how many of them have any gymnastics training," she says. "Hardly anybody raises their hand. Then, I proceed to tell them, their squads should all be grounded."

"Teachers and coaches run astray," George says, "because they are generally ignorant of their unique vulnerability. It's different being an English teacher than being a physical education teacher. Teachers are generally not aware of that, neither are their principals. They certainly hold a greater measure of risk."

George notes that coaches being trained would not prevent all injuries, nor would it preven lawsuits. But he notes, "when injury rears its ugly head, the advisor is much better prepared to defend himself . . . an affirmative offense can be provided."

THE NATIONAL FEDERATION

NFICA/NFIOA NATIONAL CONFERENCE AND COACHES/OFFICIALS SCHOOL — CINCINNATI, OHIO — JULY 15-19, 1992

TENTATIVE DAILY SCHEDULE

WEDNESDAY, JULY 15

9:00 a.m. - Noon — NFICA/OA BOARD MEETING
9:00 a.m. - 6:00 p.m. — EARLY REGISTRATION/INFORMATION
10:00 a.m. - 6:00 p.m. — NFICEP SPORTS SCIENCE COURSE (Graduate Credit Optional)
10:30 a.m. - Noon — OHIO COACHES ASSOCIATIONS ROUNDTABLE (Coaches and Association Officers of all Sports Invited)
10:30 a.m. - Noon — OHIO OFFICIALS ASSOCIATIONS ROUNDTABLE (Association Officers, Assigners and Officials of all Sports Invited)
12:30 p.m. - 6:00 p.m. — GOLF CLINIC AND SCRAMBLE TOURNAMENT
7:00 p.m. - 8:30 p.m. — EXHIBITOR/STATE DIRECTOR RECEPTION

THURSDAY, JULY 16

8:00 a.m. — EXHIBITS OPEN — FREE COFFEE (First Exhibitor Door Prize Drawing)
8:00 a.m. - 6:00 p.m. — REGISTRATION/INFORMATION
8:30 a.m. - 10:30 a.m. — NF CHEERLEADER/SPIRIT INTERPRETERS MEETING
8:30 a.m. - 10:30 a.m. — †NF FOOTBALL INTERPRETERS MEETING
10:45 a.m. - 12:30 p.m. — NFICA STATE DIRECTOR BUSINESS SESSION
10:45 a.m. - 12:30 p.m. — NFIOA STATE DIRECTOR BUSINESS SESSION
10:45 a.m. - 11:45 a.m. — †OHIO STATE FOOTBALL RULES MEETING
Noon - 1:30 p.m. — CASH LUNCH IN EXHIBIT HALL AND STATE DOOR PRIZES AT 12:45 P.M.
1:30 p.m. - 4:15 p.m. — *AMERICAN ASSOCIATION FOR CHEERLEADING COACHES AND ADVISORS SAFETY CERTIFICATION
1:30 p.m. - 2:30 p.m. — NFICA COACHING/NFIOA OFFICIATING SCHOOL #1

Sports tentatively scheduled for the six coaching/officiating schools are baseball, basketball, football, golf, soccer, softball, swimming, track, volleyball, wrestling, cheerleader/spirit and a special topic workshop.

1:30 p.m. - 3:00 p.m. — SPOUSE HOSPITALITY RECEPTION
2:30 p.m. - 3:15 p.m. — VISIT EXHIBITORS (Second Exhibitor Door Prize Drawing)
3:15 p.m. - 4:15 p.m. — NFICA COACHING/NFIOA OFFICIATING SCHOOL #2

Six joint and separate coaching/officiating school sessions will be held for each sport plus a general topic. **Also, separate roundtable sessions for directors of state coaches associations will again be held.** All sessions are for both men and women. Extensive offerings insure small groups in all sessions.

4:15 p.m. - 5:00 p.m. — VISIT EXHIBITORS (Third Exhibitor Door Prize Drawing)
7:00 p.m. - 8:00 p.m. — KEYNOTE ADDRESS — FIRST GENERAL SESSION
8:15 p.m. - 10:00 p.m. — TASTE OF CINCINNATI HOSPITALITY PARTY

*Additional Fee for AACCA (4 year) Certification
†Satisfies Ohio High School Athletic Association Attendance Requirements as well as Requirements for Most Other States

FRIDAY, JULY 17

8:00 a.m. - 9:00 a.m. — VISIT EXHIBITORS — FREE COFFEE (Fourth Exhibitor Door Prize Drawing)
8:00 a.m. - 12:30 p.m. — REGISTRATION/INFORMATION
8:00 a.m. - 10:00 a.m. — †NF VOLLEYBALL INTERPRETERS MEETING
8:30 a.m. - 10:00 a.m. — AACCA CHEERLEADER COACHES SAFETY EXAM
9:00 a.m. - 10:00 a.m. — NFICA COACHING/NFIOA OFFICIATING SCHOOL #3
10:00 a.m. - 10:45 a.m. — VISIT EXHIBITORS — FREE COFFEE (Fifth Exhibitor Door Prize Drawing)
10:45 a.m. - 11:45 a.m. — †OHIO STATE VOLLEYBALL RULES MEETING
10:45 a.m. - 11:45 a.m. — NFICA COACHING/NFIOA OFFICIATING SCHOOL #4
11:45 a.m. - 12:30 p.m. — LAST CHANCE TO VISIT EXHIBITS
12:30 p.m. - 2:00 p.m. — LUNCHEON

NFICA DISTINGUISHED SERVICE AWARDS
Frank Yelinko, Pennsylvania, President
NFIOA DISTINGUISHED SERVICE AWARDS
Del Gab, North Dakota, President
NATIONAL FEDERATION COACH AND OFFICIAL CITATIONS
Brice B. Durbin, Executive Director

2:00 - 6:00 p.m. — NFICEP SPORTS FIRST AID COURSE
FREE TIME — OPTIONAL TOURS, ETC.
7:35 p.m. — CINCINNATI REDS VS. ST. LOUIS CARDINALS AT RIVERFRONT STADIUM

SATURDAY, JULY 18

8:00 a.m. - 12:00 p.m. — REGISTRATION/INFORMATION
8:00 a.m. - 10:00 a.m. — †NF SOCCER INTERPRETERS MEETING
9:00 a.m. - 10:00 a.m. — NFICA COACHING/NFIOA OFFICIATING SCHOOL #5

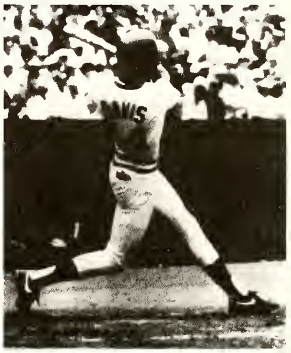
Top national speakers will present topics stressing hands-on fundamental techniques of coaching and officiating.

9:00 a.m. - 11:00 a.m. — SPOUSE BREAKFAST AND PROGRAM
10:15 a.m. - 11:15 a.m. — NFICA COACHING/NFIOA OFFICIATING SCHOOL #6
10:15 a.m. - 11:15 p.m. — †OHIO STATE SOCCER RULES MEETINGS
11:30 a.m. - 12:15 p.m. — FINAL GENERAL SESSION(S) Coaches and Officials
12:30 p.m. - 2:00 p.m. — PRESIDENT'S RECEPTION
FREE TIME — OPTIONAL TOURS
7:00 p.m. - 11:00 p.m. — OHIO NIGHT DINNER/DANCE, ENTERTAINMENT, 50/50 RAFFLE AND DOOR PRIZE DRAWING

SUNDAY, JULY 19

8:00 a.m. — FCA BREAKFAST
10:00 a.m. — NFICA/NFIOA BOARD MEETING

CLARION HOTEL AND CINCINNATI CONVENTION CENTER



Reds vs. Cardinals — Friday Night — July 17

CONFERENCE SPECIAL ROOM RATE — $59.00 Single/Double

NFICA COACHING/NFIOA OFFICIATING SCHOOL SESSIONS DESCRIPTION:

THIS IS A SAMPLE COACHING/OFFICIATING SCHOOL FROM LAST YEAR. SEPARATE SESSIONS

NFICA COACHING SCHOOL #2 (1991)
Baseball — Mario Borrocci, Michigan
"Hitting the Double Play"
Basketball — George Raveling, USC
"Creating Better Player/Coach Relations"
Football — Johnny Majors, Tennessee
"Surrounding Yourself with the Right People"
Volleyball — Kathy DeBoer, Kentucky
"Training Your Setter"

NFIOA OFFICIATING SCHOOL #2 (1991)
Baseball — Butch Jacques, Wisconsin
"Umpire Preparation — In Season/Off Season"
Basketball — Art Mendini, Big Sky
"Who Are We and Where Are We Going?"
Football — Larry Rice, California
"Calls That Must Be Made — Safety/Sportsmanship"
Volleyball — Joan Arens, Oregon
"Yellow and Red Cards"

JOINT SESSIONS
Soccer — Al Kleinatis, Illinois — "Serious Foul Play"
Golf — John Novosel, Nevada — "Extension and Acceleration in the Swing"
Track — Earl Engman, California — "So You Are Hosting a Big Meet"
Special Topic — Ellen Coleman, M.P.H., M.A. — "Nutrition Fundamentals for Performance"
State Coaches Roundtable — Harold Park, Oklahoma & Steve Johnsen, Nebraska — "Administering the State Coaches Association Finance"

CONFERENCE HIGHLIGHTS

- *Coaching/officiating School Sessions Featuring Hands-on Techniques Plus General Sessions*
- *Approximately 100 Speakers and Breakout Sessions*
- *Nationally Known Featured Speakers*
- *Ohio Night Banquet with Entertainment*
- *Taste of Cincinnati Hospitality Party*
- *National Awards Luncheon*
- *Annual Business Meeting of NFICA and NFIOA*
- *NFICEP Leadership Training & Coaches Course*
- *Spouse Breakfast, Gifts, Program and Activities*
- *NF and Ohio Rule Changes and Official Interpretations*
- *Exhibit Area Featuring Major Suppliers*
- *Room Costs Only $59.00 Per Night*
- *Cincinnati Reds & Tours*
- *Fabulous Door Prizes*
- *FCA Breakfast*

1992 NATIONAL FEDERATION BASEBALL RULE INTERPRETATIONS

Rule Book

Note under 8-4-2-l, Pg. 48 — In first line, after "contact" add "and/". (This note applies to 8-4-2-k and 8-4-2-l.)

CASE BOOK

1.3.5b Play, Pg. 9 — In first line of ruling, after "c" insert "and (d)".

1.4.2b Comment, Pg. 10 — After associations, add "or allied group have adopted that provision. Protests may no longer be honored because the game was played on a non-regulation facility, the coaches have either by inference or by mutual agreement consented to play the game, even though the field does not meet all rule specifications. There are many high school fields that are deficient in some part of the field requirements, but when coaches agree to play on such field or the game is started, the non-regulation facility is not protestable."

2.20.2 Play, Pg. 12 — In sixth line, after "gave up" add "and entered the dugout or other dead ball area."

3.3.1p Play, Pg. 20 — In first line of ruling, before "(b)", add "(a) and".

7.4a Play, Pg. 38 — In ruling, delete everything in first sentence after "out" and replace with "because first base was occupied". In second sentence, place a period after "diamond". Delete "or". Revise last sentence to read, "He is out if he gives up by . "

8.3.2b Play, Pg. 46 — Add to end of ruling, "or if in the umpire's judgment the runner could have advanced farther had obstruction not occurred, the umpire could award additional bases."

8.3.2d Play, Pg. 46 — Delete

8.3.4k Play, Pg. 50 — Begin ruling with "Because it was the second play by an infielder".

8.4.2c Play, Pg. 51 — In second line of ruling, revise shaded area to read, "left the baseline or his position, believing there was no further play."

SITUATION #1: As R1 slides into second base (a) on a force play or (b) attempting to steal second base, he overslides the base and makes contact with F4's leg and alters the play.
RULING: In both (a) and (b) the ball is dead immediately. R1 is out for interference, and in (a) if in the judgment of the umpire, a second out could have been made had there been no interference, the umpire shall declare a second out. 2-32, 8-4-2-b, 8-4-2-k,l
SITUATION #2: With the bases loaded and one out, B5 hits a home run out of the park. While advancing to second base, B5 passes R3 (force is removed) and B5 is declared out. R3 fails to touch second base, but touches third base on his way home.
RULING: For missing a base or leaving a base too soon, the umpire shall wait until the end of playing action to declare the violating runner out. Since the ball is already dead, umpire mechanics call for the umpire to rule R3 out as soon as he touches a succeeding base. When the out is called has no bearing on whether or not R1 and R2 score, because this is not a time play. 8-2 Penalty.
SITUATION #3: With R1 at second base and R2 at first base and two outs, B5 hits a home run out of the park. While running the bases he (a) passes R2 at first or (b) maliciously runs over F4.
RULING: In both (a) and (b) B5 is out. Runners who have already touched the plate are considered to have scored, since that out was made on a situation that was not to be called at the end of playing action, such as for missing a base or leaving a base too soon. In (b) B5 would be ejected for malicious contact. 9-1-1, 8-4-2-k
SITUATION #4: With R1 on first, as B2 is taking his position in the batter's box, he asks the umpire for "Time". The umpire gives the "Do Not Pitch" signal just as F1 picks of R1. The coach of the team at bat claims that the pick off should not be allowed because the "Do Not Pitch" signal means the ball is dead immediately. The coach of the defensive team felt that the out should stand because F1 was in the process of attempting to pick off and did not see the umpire give the "Do Not Pitch" signal.
RULING: As soon as the umpire gave the "Do Not Pitch" signal, the ball was dead. Therefore, the pick off would be nullified. Umpire Signals.
SITUATION #5: During the game the coach from Team A goes onto the field to have a defensive conference. The coach is not wearing the team uniform.
RULING: Coaches are required to be in team uniform whenever occupying a coach's box. State associations may require their coaches to be in uniform or to be appropriately attired. 3-2-1
SITUATION #6: During the game a fielder's glove that has a sticky palm is pointed out to the umpire. Upon inspection, the umpire discovers that the catching area of the glove is tacky or sticky.
RULING: A glove with a catching area that has been made tacky or sticky for the purpose of aiding a fielder in catching is illegal. Whether the leather comes tacky or a foreign substance is used to make the leather tacky makes no difference. A glove that has a tacky or sticky catching area is considered to offer the fielder an unfair advantage. Furthermore, a glove of this nature is nontraditional playing equipment and must be reviewed by the rules committee. The umpire shall require the fielder to obtain a legal glove. 1-1-11, 10-2-3-g
SITUATION #7: With R1 on second and R2 on first and one out, B4 hits a high fly to second base which could have been caught by F4. Neither umpire declares "infield fly". F4 unintentionally drops the ball but picks it up and tags R2 who is off the base.
RULING: The half-inning is over as R2's out is the third out. The infield fly out for the second out holds even though it was not declared. The situation determines the out, not the declaration. The umpires should always declare "Infield Fly, Batter Out If Fair" to lessen any confusion. 7-4-e Note
SITUATION #8: With no outs and R1 attempting to score from third, B2 buntss a ball that hits R1 (a) before he reaches the plate or (b) after he has touched the plate, but while he is in fair territory.
RULING: In (a) R1 is out for interference and B2 is awarded first base, unless the umpire feels the interference prevented a double play, in which case the second out is declared. In (b) since R1 had scored when hit by the batted ball, his run counts. However, R1 is guilty of interference, since the ball hit him while he was in fair territory. Had he been in foul territory, the ball would have been simply a foul ball. This results in B2 being called out. 8-4-2-b
SITUATION #9: Bases loaded, one out. B1 attempts a squeeze play. R1 scores easily from third. All other runners leave the baseline to celebrate the potential winning run but do not advance a base. B1 does not reach first base. In (a) the defense turns a 1-6-3 double play to end the inning, or (b) runners who have left the baseline are declared out by the umpire.
RULING: At the end of playing action, the umpire shall declare the runners out for not touching the next base. Since the third out is a force out, no runs score. 9-1-1-a
SITUATION #10: With two outs and runners on first and second, B5 hits a ground ball to F3, who backhands the ball and shovels a throw to F1. The umpire calls B5 out, but B5 asks the umpire to check with the plate umpire, because B5 thought F1 pulled his foot. During the discussion, R1, from second, scores. The plate umpire calls B5 safe. The coach of the defensive team tells the umpire that because the call was reversed, a run scored. Therefore, the runner should have to return to third base.
RULING: The run scores. A situation in which an umpire's decision that was reversed and places a batter-runner or runner in jeopardy can be rectified. If the batter or base runner are not placed in jeopardy on the play, runners do not have to return. Proper umpire mechanics would have prevented this from happening. 10-2-3-l
SITUATION #11: With no outs and F1 in the set position, R1, who is on third base, attempts to steal home. F1 legally steps backward off the pitcher's plate and throws home. B2 hits the ball.
RULING: Typically, batter's interference is a delayed dead ball in order to give the defense an opportunity to make an out on the initial put out attempt. Since that opportunity was not afforded the defense, because the batter hit the ball, the ball is declared dead immediately. R1 is out because of B2's interference. 5-1-2-a, 7-3-5, 8-4-2-g
SITUATION #12: R1 on second takes a five step lead and then backs up about five steps, so that he is in line with F6. The coach of the defensive team complains to the umpire that R2, even though he is not being played on, is far enough out of the baseline to be distracting to his fielder.
RULING: R2 is not restricted in this instance as to where he may take his lead, as long as he does not intentionally interfere. Once he is played on, he established his baseline as directly between his position and the base toward whic he is moving. At first base he could be called for interference as in Case Book Play 8.4.2a, 8-4-2-b
SITUATION #13: F1 singles and is replaced at first by a courtesy runner. On the next pitch, the courtesy runner attempts to steal second base and sprains his ankle, but is safe on the slide. Does F1 have to replace the courtesy runner?
RULING: No. Any legal substitute may become the courtesy runner. Suggested Speed Up Rules
SITUATION #14: F2 singles and is replaced by a courtesy runner is replaced by another courtesy runner.
RULING: Legal. A courtesy runner may be replaced by another legal courtasy runnar at anytime. Suggested Speed Up Rules
SITUATION #15: With a full count on B2, R1 attempts to steal second. The umpire calls "Ball Four" on a check swing, but upon checking with the base umpire, tha call is reversed and he changes his mind to "Strike Three" (a) as F2 throws out R1 who was oblivious to the umpire changing his call or (b) reaches second base safely. Is R1 out, entitle to second base or returned to first base?
RULING: In (a) the out stands, since R1 was not affected by the umpire changing his call. In (b) R1 is allowed to remain at second. 10-2-3-l

1992 NATIONAL FEDERATION SOFTBALL RULE INTERPRETATIONS

Rule Book

1-2-2, Pg. 11 — Revise second sentence at top of page to read, "While the tape is still in this position locate the front of the pitcher's plate, 40 feet (12.192 m) for female fast pitch; 46 feet (14.0208 m) for female slow pitch using a 12" ball; 46 feet (14.0208 m) for male slow pitch and male fast pitch; and 50 feet for female slow pitch using an 11" ball, from home plate."

2-1-5, Pg. 15 — At end of first sentence, delete "of the defensive team."

3-2-1, Pg. 26 — After ejected, add "for unsportsmanlike behavior."

Note under 8-4-2-p, Pg. 56 — In first line after "contact" add "and/". (This note applies to 8-4-2-o and 8-4-2-p).

10-2-3-i Pg. 66 — In "EXCEPTION" at end of first line, change "must" to "may."

Comments On The Rules, 9 Play, Pg. 70 — Add to last sentence of play, "and interferes with F4." In first line of ruling after "B2" change "is" to "maybe".

CASE BOOK

8.2.6a Play, Pg. 77 — Delete last line of ruling and insert "interference".

Transparency Script

#16, Detecting Unreported Substitute — In "B" add "and shall be ejected when discovered". Delete "C" and "D".

SITUATION #1: R1 slides into second base on (a) force play or (b) attempted steal. She slides illegally.
RULING: In both (a) and (b) if R1, in the umpire's judgment, did alter the play be sliding illegally, interference shall be called. In the judgment of the umpire, if the interference prevented a second out anywhere, not only is the interferer out, but the umpire shall also call the runner closest to home out. 8-4-2-o, 8-4-2-p, Note, 8-4-2-d Note
SITUATION #2: With the bases loaded and one out, B5 hits a home run over the fence. B5 passes R3 at first base. R3 misses second base and upon advancing is called out for missing second base as soon as she touched third base. Do R1 and R2 score?
RULING: Yes. For missing a base or leaving a base too soon, the umpire shall wait until the end of playing action to declare the violating runner out. Since the ball is already dead, National Federation umpire mechanics call for the umpire to rule R3 out as soon as she touches a succeeding base. When the out is called has no bearing on whether or not R1 or R2 score, because this is not a time play. 8-2 Penalty
SITATUION #3: While running the bases, a lower body undergarment becomes visible below the uniform shorts. The lower body undergarment is not a similar color as the predominant color of the uniform shorts.
RULING: The player will not be permitted to resume playing without removing the lower body undergarment or replacing the illegal lower body undergarment with a legal lower body undergarment. 1-1-5
SITUATION #4: Team A's lower body undergarments are similar in color to the predominant color of the uniform shorts. However, the lower body undergarment features a contrasting stripe or design.
RULING: Illegal. Only solid color lower body undergarments are permitted, which must be similar in color to the predominant color of the uniform shorts. 1-1-5
SITUATION #5: With no outs and R1 on third and R2 on second, B3 hits a fly ball to F6. R1, who was on third, is off with the pitch, and has crossed th eplate before R2, trying to protect R1 from being doubled off, bumps into F6.
RULING: The interferer, R2, is called out. Obviously, had F6 caught the ball, R1 would have been doubled off, so there could have been a second out, just as there could have been a second out on the catch. Call R1 out, since she is the closest runner to home. R1 would not have legally scored, beause she would have had to tag up had F6 been allowed to catch B3's fly. If the umpire judges that F6 would have caught B3's fly ball, then B3 would also be out. 8-4-2-d Note 1.
SITUATION #6: With a full count on B2, R1 attempts to steal second. The umpire calls "Ball Four" on a check swing, but upon checking with the base umpire, the call is reversed and he changes his mind to "Strike Three" (a) as F2 throws out R1, who was oblivious to the umpire changing her call or (b) R1 reaches second base safely. Is R1 out, entitled to second base; or returned to first base?
RULING: In (a) the out stands, since R1 was not affected by the umpire changing her call. In (b) R1 is allowed to remain at second 10-2-3-m
SITUATION #7: With no outs and no one on base, B1 pops up in front of the plate. F2 stumbles as she attempts to catch the ball. The ball deflects off her glove and into her mask that she is holding with her other hand.
RULING: Not a catch. The ball remains alive. 2-3-1
SITUATION #8: With no outs and R1 on third and R2 on second, B3 hits a ground ball to F6. R2 collides with F6 as she is fielding the ball. R1 has not scored.
RULING: If, in the umpire's opinion, B3 or R1 could have been out, the runner closest to home would be called out. 8-4-2-d Note 1
SITUATION #9: The coach of the defensive team has taken three charged conference. In the seventh inning, he tells the umpire he wants to switch his pitcher and shortstop and then walks onto the field to inform F1 and F6 of the change and (a) returns to the bench or (b) gives F6 some advice on how to pitch the next hitter as he begins returning to the bench.
RULING: In (a) the coach would not be charged a conference. In (b) the coach would be charged a conference, because he took advantage of the situation when he began coaching. Conferring with any player shall be viewed by the umpire as taking advantage of th situation, which would result in the coach being assessed a fourth charged conference. As a result, the replaced pitcher cannot return to pitch. 3-4-1
SITUATION #10: B1 receives ball four. On the way to first base, she exchanges her helmet with the on-deck batter.
RULING: At the end of playing action, the umpire shall call "Time". If the infraction was the first for that team, the umpire shall issue a team warning. If that team had received a warning previously, then both players would be ejected, since they both violated the rule. 1-1-6-b
SITUATION #11: With R1 on third base and one out, B4 hits a fly ball that (a) F8 is about to catch, (b) is about to go over the fence for a home run or (c) bounces off the fence into play, as R1's coach at third physically assists R1 at third base.
RULING: R1 is called out immediately, because of her coach's interference. In (a), (b) and (c) the bal remains alive to allow a fielder the opportunity to make a catch. Once the ball goes over the fences as in (b) or is caught as in (c) the ball becomes dead immediately. In (b) R1's out is the second out, therefore, B4's home run counts. Had there been two outs when B4 hit the ball, B4's home run would not have counted, because R1's out was the third out. In (c), anytime the ball is not caught in flight, the batter is awarded first base. 3-2-3, 9-1-1
SITUATION #12: Without being granted "time", B1 steps out of the batter's box to adjust her helmet without lifting it above the temples and then (a) F1's pitch goes over the head of F2 and over the backstop, or (b) F1's pitch hits in the dirt and rolls to the backstop.
RULING: In (a) a strike is called on B1, and all base runners are awarded one base. In (b) a strike is called no B1 and the ball remains alive. 7-3-1 Note 2
SITUATION #13: At the end of the sixth inning, the score is (a) home 5 - visitors 4, or (b) home 5 - visitors 5, or (c) home 4 - visitors 5. In the bottom of the seventh inning, rain prevents play from continuing. What is the status of the game?
RULING: If a suspended game rule has not been adopted, then the score shall be the same as it was at the end of the last completed inning, provided the game has gone at least five complete innings. In (a) the home team is the winner. In (b) the game is declared a tie, and in (c) the visiting team is the winner. Had the state association adopted 4-2-3 Note 2, the game would have been counted a 1/2 game won and a 1/2 game lost for each team. If a state association has adopted 4-2-3 Note 1 (a game called prior to the completion of any full inning, after the fifth inning, the game shall be suspended provided the visiting team has socred one or more runs to tie the score or take the lead). Therefore, in (a) the home team is the winner, in (b) and (c) the game is suspended. If a state association has adopted 4-3-1 (a game called for any reason where a WINNER CANNOT BE DETERMINED . . .) the game shall be treated as a suspended game. Therefore, in (a) the home team is the winner. In (b) and (c) the game is suspended. 4-3-1, 4-2-3 Note 1,2
COMMENT: The difference between 4-2-3 Note 1 and 4-3-1 is that a game must go at least five full innings before a game can be suspended, whereas, in 4-3-1 there is no restriction as to when a game can be suspended (i.e., a game can be suspended as soon as one pitch is delivered). However, a winner can never be determined unless five full innings have been played, or the home team has scored an equal or greater number of runs in four or four and a fraction terms at bat than the visiting team has scored in five terms.
SITUATION #14: During the game a fielder's glove that has a tacky or sticky catching area is pointed out to the umpire. Upon inspection, the umpire discovers that the catching area of the glove is sticky or tacky.
RULING: A glove with a catching area that has been made tacky or sticky for the purpose of aiding a fielder in catching is illegal. Whether the leather comes tacky or a foreign substance is used to make the leather tacky makes no difference. A glvoe that has a tacky or sticky catching area is considered to offer the fielder an unfair advantage. Furthermore, a glove of this nature is non-traditional playing equipment and must be reviewed by the rules committee. The umpire shall require the player to obtain a legal glove. 1-1-11, 10-2-3-g

The K.H.S.A.A. Salutes the Winners of the Academic Showcase

The seventh annual Sweet 16 Academic Showcase was held in Lexington, Kentucky during the week of the Boys' Sweet 16 Basketball Tournament. More than 300 students from around Kentucky participated in 12 competitions. Regional competitions were held at colleges and universities around the state in January and February. From these sites the top four place finishers in each competition qualified to come to Lexington to compete for scholarships. The finals in 12 categories were at Transylvania University. The awards were presented on March 20th at a banquet at Marriott's Griffin Gate Resort. A total of $75,000 in scholarships and prizes was awarded. The showcase is funded by an annual televised auction and donations from private corporations.

MATH
First - Hareendra Yalamanchili, Zen Mogri, Scott Griffith and Paul Gray, Paul Blazer High School, Ashland
Second - Dave Pettit, Brad Smith, James Warner and Ryan Porter, Apollo High School, Owensboro

FROM THE INSIDE

by Julian Tackett
Business Affairs Director

Has anybody seen the file folders? Where are the game contracts, Madison Central needs one? Hart County needs a ticket order form, where are they? Where's my office? Can anyone find the bathrooms? These are but a few of the questions that have floated around the office since our move to the new Association office building in Lexington.

There were a lot of memories on Cooper Drive. The Association had been located at 560 East Cooper next to KET for over 20 years. All four of the Association's Commissioners served in that building, as well as all of the past Assistant Commissioners and office staff. When John Ginn and I removed the last touches of the building, the dedication sign and the outdoor lettering on the building, we couldn't help but think of the many outstanding athletes, coaches and contributors who had served the Association during its 75 year history. The past 22 years saw unprecedented growth in the state basketball tournaments and football play-offs, as well as the addition of many sports to the K.H.S.A.A.'s offerings. "Planning for the future, Preserving the past" was the theme of the Association when we broke ground in June of 1990 for the new K.H.S.A.A. offices on Winchester Road. Though we knew we would miss the convenience of being near the University of Kentucky, where many of our post season events were held, we also knew we were stepping on top of each other, and desperately needed more room to continue our service to our schools and constituents. Though we were beginning to think the project would never be completed, we were finally able to move on February 13. Though we continue to find little things which need to be patched, fixed, or replaced, it is quickly becoming a true "home" for our staff and the schools.

The new complex includes offices for the staff, a library for selected archives and our Target drug program, and a large work room and several storage rooms for the Association's many publications and undertakings. Also included is a large unfinished room which will eventually be the home of the Dawahares KHSAA Hall of Fame and Museum. Just off of the lobby is a 90 seat theatre, which will host the annual meeting of the Association, and may possibly be home to clinics and other instructional meetings. This room could eventually be used for an introductory tour for groups visiting the museum.

Currently under construction is the Court of Support, the brick area which allows all Kentuckians to participate in the fund raising of the Association as well as immortalizing their name in brick for the life of the building.

The new complex is located at 2280 Executive Drive, off Winchester Road near I-75 (Exit 110) in Lexington. Our new phone number is (606) 299-5472, and our fax number is (606) 293-5999. We invite all of you to come by and see us, but be careful, we might ask you to move a box or two.

1992 ANNUAL MEETING OF THE DELEGATE ASSEMBLY

The Business meeting of the Delegate Assembly of the Kentucky High School Athletic Association will be held on Friday, April 17, 1992, at 11:00 a.m. at the K.H.S.A.A. Office Building, 2280 Executive Drive, Lexington, Kentucky.

As provided in Article IX, Section 1, of the K.H.S.A.A. Constitution, the following proposals for changes in the rules of the Association, to be acted upon at the Annual Meeting are hereby submitted to all members of the K.H.S.A.A. for their information. No proposals other than these may be considered at the Annual Meeting except by a two-thirds (2/3) vote of the delegates.

PROPOSAL I

Principal James A. Sexton, Eastern High School proposes that the following changes be made to the Constitution:

Article IV, Section 2. a - Representative:

Each local . . . . association. Only personnel employed by the local district, or private or parochial schools who hold a valid Kentucky Teaching Certificate issued by the Department of Education are eligible to serve as a present or future representative.

Article IV - Section 2.b - Board of Control - Notification to the Representative:

To be eligible for membership and presently or in the future serve on the Board of Control, one must be an employee holding a valid Kentucky Teaching Certificate issued by the Department of Education and be an employee of an accredited member school or system which is in good standing with the K.H.S.A.A. and the school involved must be a school in the district which the alternate is to represent.

Article IV - Section 2. c - Delegate Assembly

Each delegate and alternate to the Delegate Assembly must be an employee holding a valid Kentucky Teaching Certificate issued by the Kentucky Department of Education and be an employee of an accredited member school or system which is in good standing with the K.H.S.A.A. and the school involved must be a school in the district which the alternate is to represent.

PROPOSAL II

Principal Kenneth Frick, Butler High School, proposes that the following change be made to the Constitution:

Article IV - Section 2. b - Board of Control:

Members of the Board of Control shall be elected for a period of four years by vote of the representatives of member schools in each section (Basketball Regions 1 & 2, 3 & 4, 5 & 6, 7 & 8, 9 & 10, 11 & 12, 13 & 14, 15 & 16) **and shall be a high school principal.** In addition, two blacks and two females shall be elected to serve as minority representatives, **but they do not have to be a high school principal.**

PROPOSAL III

Principal Robert D. Combs, Apollo High School, proposes that By-Law 8, Contestant on Other Team be changed to read:

Any student who is a contestant on any other team at any time during an athletic season shall be ineligible to represent any secondary school in that sport for the remainder of the season. A student may participate in a summer sports program upon completion of their season or the spring semester has ended, whichever occurs first.

PROPOSAL IV

Principal Robert D. Combs, Apollo High School, proposes that By-Law 25, Limitation of Seasons, Section 7. Softball -Girls (6) be changed to read:

A regulation . . . completion. The eleven (11) inch softball shall be utilized in all contests.

PROPOSAL V

The Board of Control of the Kentucky High School Athletic Association proposes that By-Law 25, Limitation of Seasons, Section 4. Football - Boys, be amended.

(a) Add a new section (6), and renumbering all subsequent sections. Section (6) would read as follows —— "(6) The Board of Control may waive provisions (2) and/or (4) of this By-Law to allow member schools to participate in Hall of Fame Classic contests. Rules on participation shall be made by the Board of Control, and published in the Athlete Magazine as a part of the official record of the Association.

(b) That the contest shall count toward any regular season records;

(c) That the financial split of the net revenue of the game shall be 1/3 to the host school, 1/3 to the visiting school, and 1/3 to the K.H.S.A.A.

PROPOSAL VI

The Board of Control of the Kentucky High School Athletic Association proposes that By-Law 25, Limitation of Seasons, Section 2. Basketball - Boys and Girls, be amended by revising section (7), part (f), to read as follows:

That the game so played shall count toward regular season records, but shall not be used in calculating seeding in a seeded district.

PROPOSAL VII

The Board of Control of the Kentucky High School Athletic Association proposes that Article IV, Section 3, d-8, of the K.H.S.A.A. Constitution be amended to read as follows:

8. Have authority to establish tournaments and meets in all sports and to adopt regulations for these tournaments and meets. The Board of Control shall have the authority to assess all post season tournaments in basketball and football a maximum of ten percent (10%) of the gross receipts, to be paid to the Association following the tournament. The Association shall receive all revenue from the Boys and Girls State Basketball Tournaments and the State Football Championships.

ATTENTION
Track Coaches

The Regional Track Meets are scheduled for May 15 & 16, 1992.

The Sectional Track Meets are scheduled for May 23, 1992

The State High School Track Meet all classes will be held on Saturday, May 30, 1992. The State Manager is John Gettler.

1992 Track & Field Regional Managers (Boys & Girls)

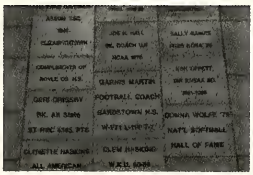
Dawahares/K.H.S.A.A.

HALL OF FAME AND MUSEUM COURT OF SUPPORT



To honor the more than 1,000,000 Kentucky men and women who have contributed to "Great Moments in Kentucky High School Sports" throughout the years, the Dawahares/Kentucky High School Athletic Association Hall of Fame was established in 1988. The association chose this manner in which to pay tribute to, and to immortalize record setting and influential coaches, players, officials and supporters of high school athletics in this great Commonwealth. After twenty-two new members are inducted in March 1992, the total numbers of members in the Hall of Fame will have reached one-hundred eleven.

The Association began the project with the help of the Dawahare family, as an effort to recognize the excellence of high school educators, athletes, coaches, officials, administrators and other contributors.

Hall of Fame members are chosen for their contributions to Kentucky high school athletics. Many Hall of Fame members, such as Paul Hornung, Cliff Hagan, and Tommy Bell, have gone on to outstanding careers in college or professional sports, while members such as S.T. Roach, longtime coach at Lexington's Dunbar High School, and Ralph Carlisle, who coached at Lexington's Lafayette High School are honored for the guidance they have given thousands of young people.

He Makes Athletes Feel Like Champions

COACHES Care

Many people gauge the success of a coach by the accomplishments of the team. But coaches like Tim Nixon of Liberty High School in Liberty, Missouri contribute much more to student athletes than can be measured by wins and losses. Just ask the 70 young runners who participate on Nixon's boys and girls cross country teams each year.

"Coach Nixon is really the only reason I'm still out for the sport," said senior Bill Sudholt. "He doesn't really care about our winning, as long as we're doing the best we can. If all we can do is finish the race, he's just as excited as if we had come in first."

"He's a great influence," said junior Tracy Meseberg. "Coach Nixon encourages us to push harder to reach our goals in school and in cross country."

"The cross country program has provided an opportunity for students to belong to something, and that's important, especially in this day and age," explained Liberty athletic director Ron Ives. "Not every kid is going to be a champion, but Tim Nixon makes each and every athlete feel like an important part of the program."

"I try to accomplish the same goal, whether a student is coming into my science classroom or an athlete is coming out for the cross country team," explained Nixon, who has coached at Liberty for 13 years. "I want kids to feel good about themselves and what they're doing."

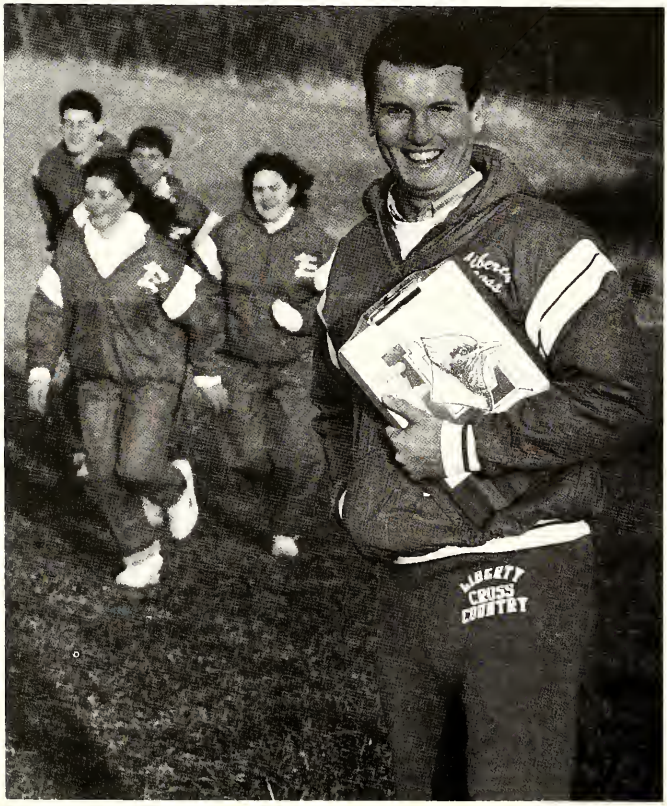
"He's a very knowledgeable running coach, but that is a secondary role," said Bud Yazel, the cross country coach at nearby Fort Osage High School who nominated Nixon for **Coaches Care** distinction. "Tim is an example of everything school sports is supposed to be about."

Despite having asthma and hypoglycemia, Yazel's daughter Renee competed on Nixon's cross country team for four years and was all-state during her senior season. But overcoming adversity is nothing new for Tim Nixon. After running competitively since eighth grade, Nixon suffered a career-ending knee injury in 1987. Two years later he discovered he had cancer, which he has since overcome.

"Tim has been an extraordinary example and inspiration to all those around him, not only in his day to day life, but through the adversity of his own cancer," Yazel said.

"People have told me that I would burn out at this kind of job because coaches give so much of themselves without getting anything in return," Nixon said.

Just working with young athletes is its own reward for Tim Nixon and many of the 200,000 high school coaches in the United States.



Coach Tim Nixon gives athletes in his Liberty (Mo.) High School cross country program an opportunity to belong to something and to work together as a team.

Nominate Someone You Think Deserves Coaches Care Distinction

Coaches Care pays tribute to outstanding high school coaches who not only do their job well, but also display special care and concern for young people. Anyone wishing to nominate a high school coach for *Coaches Care* distinction should write to **The Gatorade Company** for an application. Please send your request to:

1992 NATIONAL FEDERATION TRACK & FIELD RULE INTERPRETATIONS PART I

SITUATION #1: During the 3200 meter run, a competior is observed looking down at her wrist each time she completes a lap and the times are called out by one of the meet officials to all competitors. The girl is not wearing a watch but after she wins the race a coach complains that she had split times written on her wrist and she should be disqualified for using an illegal aid. The referee finds the competitor and looks at her wrist. She has written on her wrist "Go Bisons" and two or three times.
Ruling: Legal
Comment: The times written on the athletes wrist should not be considered an illegal aid as it is not considered that any athlete would gain an advantage by writing times on their wrist.
Situation #2: The T-Shirt showing under the school jersey is a single color without trim and/or striping. However, (a) Because of the sheer or see thru material of the jersey, writing on the chest of the T-Shirt shows through or (b) because of the cut of the neck of the jersey the writing on the upper chest of the T-Shirt shows above the top of the jersey.
Ruling: (a) illegal, (b) illegal
Comment: Undergarments must be of a single color with no striping or trim. Normally, writing on the chest of a T-Shirt is not visible and would not be an issue as to the legality of the undergarment. However, in both of the above situations the writing on the T-Shirt is visible, therefore, both undergarments would be illegal.
Situation #3: During the warm-up period prior to competition in the shot put it is noticed that A1 is wearing a weight lifting belt under his track jersey. The coach of Team C calls this to the attention of the event judge and asks for a ruling.
Ruling: Legal
Comment: Wearing a weight lifting belt is not considered to enhance the performance of the athlete and therefore is not an aid.
Situation #4: Following competition in the 100 meter dash finals the coach of Team B complains that the two competitors of Team A, who finished first and third respectfully, were wearing tights which have stripes of different colors on the manufacturer's logo and demands they be disqualified for wearing an illegal uniform.
Ruling: The tights are legal.
Comment: As long as the logo is no larger than 2" x 2" it does not matter how many colors are used, it is a legal logo and therefore, in this case a legal uniform.
Situation #5: Prior to the running of the 4 x 100 meter relay the clerk notices that Team A is wearing identical tights under their shorts that are light blue with a dark blue pin stripe down the seam and informs the relay team that the tights are illegal and must be removed before competition. Team A's coach appeals on the grounds that all the tights are identical.
Ruling: Denied.
Comment: The undergarment must be of a single color. Even though all the tights are identical, they are not a single color, which makes them an illegal uniform. The clerk of course is exercising good judgement by informing the relay team that the tights would cause disqualification if they were worn during competition.
Situation #6: Prior to a conference cross country meet, A1 presents a prescription label attached to an inhaler to the meet director asking for permission to carry it on the course with the intent of using it in the event she needs it to prevent as asthma attack. The meet director denies the request. A1's coach appeals the decision to the referee on the grounds that it is permissible for an athlete to carry an inhaler on the course as long as it is prescribed by a physician.
Ruling: Denied
Comment: 4.5.9H. requires that a letter or note from the doctor must be presented to the meet director or referee documenting the need of the athlete to use the atomizer during competition to ensure the safety of the athlete. A prescription label on the inhaler only indicates that a doctor has prescribed the medication. This does not verify that the physician recommends that the athlete carry the inhaler during competition.
Situation #7: The conference cross country meet is run on a very hot day with temperatures in the high 90 degree range. During competition, the coaches are on the course and the coach of Team C is observed handing cups of water to members of his team as they pass his location at the mid point of the course. The coach of Team A appeals siting that the coach of Team C gave his team members an unfair advantage over the other competitors.
Ruling: The members of Team C that received water were disqualified.
Comment: Under the circumstances regarding the intense temperatures the day of the meet the coach of Team C should have made his concern known about having water on the course. In the above situation it is an unfair advantage for one team to receive water. However, it would be permissible for meet management to have water on the course for all competitors if it is deemed necessary due to the very hot conditions.
Situation #8: At the start of the 4 x 100 meter relay, A1 takes a two point stance, setting his blocks so that both of his feet are legally touching the ground behind the starting line. On the command of set, he extends one arm and rests his weight upon the baton which is touching the ground beyond the start line. The starter calls all competitors up and informs A1 that he cannot extend the baton across the line in this manner. A1 requests permission to reset his blocks.
Ruling: Denied
Comment: While the baton may be in contact with the ground beyond the start line, such contact would have to be incidental while using a normal start where the competitor is supporting his weight with his hands in contact with ground behind the start line. In the situation above, A1 would gain an advantage by using the baton as an extension of his hand. Secondly, A1 had the same time to ready himself for the start as the other competitors and they should not be inconvenienced by having to wait for A1 to reset his blocks.
Situation #9: In the girls 3200 meter finals, A1, B2 and C3 continue to challenge for the lead position throughout the first four laps and A1 leading one lap, B2 leading two laps and C3, who is the No. 1 seeded runner, is leading in the fourth lap. C3 continues in the lead position, but A1 and B2 continue to change places from second place to third and from third place to second. Each time A1 and B2 pass each other, they pass on the inside, but do not touch the curb (or curb line) nor do they contact each other. Both A1 and B2 continue to gain on the lead runner C3. On the gun lap, C3, who is the lead runner by 10 meters, hears a runner gaining on her and foolishly looks over her right shoulder on the homestretch to determine if the approaching runner is A1 or B2. In doing so, (a) C3 unintentionally takes three full steps over the curb line. C3 crosses the finish line first. (b) B2 sprints past A1 on the inside, intentionally running on the curb line, but does not contact A1, and crosses the finish line as the second finisher.
Ruling: (a) C3 is awarded first place; (b) B2 is disqualified and A1 is awarded second place.
Comment: The experienced inspectors on duty, waved a white flag while C3 unintentionally stepped on the curb while on the straight-a-way, but waved a red flag when B2 intentionally ran on the curb line to sprint past A1. When A1 and B2 were challenging each other earlier in the race, and were passing on the inside without stepping on the curb line and not making contact with each other the inspectors had correctly displayed the white flag.
Situation #10: Prior to the warm-up for the field events for a dual meet, the coach for Team B asks the referee for a ruling regarding the legality of the discus cage. The cage in question is a permanent installation built prior to the discus cage requirement and is constructed of metal pipe and chain link fencing. The coach of Team B questions (a) the size of the opening (26') and (b) the use of chain link fencing rather than nylon netting.
Ruling: (a) legal, (b) legal
Comment A: It was not the intent of the rules committee to rule any previously constructed discus cages illegal. Secondly, the suggested specifications are just that, suggested.
Comment B: Regarding the use of chain link fencing, it is not an illegal material and may be used if that would be the material of choice.
Situation 11: Prior to the beginning of competition in the high jump, the event judge notices that A1 is warming-up is a pair of aqua shoes (slippers used by swimmers around the pool). The event judge asks A1 if he intends to use the slippers during competition and is given an affirmative answer by A1. At that point the event judge informs A1 that the shoes are not legal footwear and suggests that he change his shoes for competition. The coach of A1 appeals to the referee.
Ruling: The ruling by the event judge is upheld on the basis that the aqua shoe is a slipper which is not securely fastened to the foot by laces or velcro.

Association Appendix

The schedule for the Medical Symposia to be held in 1992 has been announced by the representatives of the Kentucky Medical Association. The schedule is as follows.

May 6 - Jenny Wiley State Park, Dr. Mary Ireland, Chairperson, 1800 South Limestone, Lexington, 40503, (606)276-5266.

June 6 - Barbourville Community College, Dr. Ben Kibler, Chairperson, 1221 South Broadway, Lexington, 40504, (606)255-6841.

June 6 - University of Louisville, Dr. Raymond Shea, Chairperson, Audobon Medical Plaza #150, Louisville, 40217, (502)637-3636.

June 12 - Murray State University, Ms. Kathie Pierce, Contact Person, Murray Calloway County Hospital, 803 Poplar Street, Murray, 42071, (502)762-1100.

June 13 - Kings Daughters Medical Center, Ashland, Dr. Garner Robinson, Co-chairperson, Dr. Charles Dietzen, co-chairperson, 700 13th Street, Ashland, 41101, (606)329-0204 (Dr. Robinson), (606)329-8678 (Dr. Dietzen)

June 17 - Ramada - Newtown Pike, Lexington, Dr. Mary Ireland, Chairperson, 1800 South Limestone, Lexington, 40503, (606)276-5266.

June 19 - Trover Clinic, Madisonville, Dr. James M. Bowles, Chairperson, Trover Clinic, Madisonville, 42431, (502)825-7435.

June 20 - Kentucky Wesleyan College, Dr. William McManus, Chairperson, 2009 Old Cabin Road, Owensboro, 42301, (502)684-3759.

June 27 - Hyatt Regency, Lexington, Dr. Mary Ireland, Chairperson, 1800 South Limestone, Lexington, 40503, (606)276-5266.

July 17 - Northern Kentucky University, Dr. Michael Miller, Chairperson, 375 Thomas More Parkway, Crestview Hills, 41017, (606)341-5600.

August 15 -French Quarter Suites, Lexington, Dr. Mary Ireland, Chairperson, 1800 South Limestone, Lexington, 40503, (606)276-5266. (Cheerleader Coaches Symposium)

NOTICE

If your school has filled an open date or coaching vacancy, please notify the KHSAA. We strive to keep this section current and depend on you to help us avoid any confusion. Thanks!

THE GAME GUY AWARD

This year the KHSAA will again award the Game Guy Award. School representatives and registered officials may make nominations for the award. The eligible person should be a pupil at the junior or senior high school level who has overcome great physical handicap in order to take part in athletics. Letters of reccommendation should be addressed to **Game Guy Committee, KHSAA, 2280 Executive Drive, Lexington, KY 40505.** Deadline for nominations for the 1992 award is May 1.

KAPOS SPONSORS MEDICAL SYMPOSIUM FOR CHEERLEADER COACHES

The KHSAA requires that all high school cheerleader coaches attend a medical symposium by December 1992. KAPOS has contracted with Dr. Mary Lloyd Ireland, with the Kentucky Medical Association, to conduct a medical symposium designed specifically for cheerleader coaches to meet this requirement.

The medical symposium will be held on Saturday, August 15, in conjunction with the Second Annual Cheerleader Coaches Conference on Friday, August 14, at the French Quarter Suites in Lexington. The cost of the clinic is $15. The pre-registration cost of the coaches conference is $15 (on site registration is $25.) Registration forms will be mailed to all high school principals by August 1. For additional information on the symposium or conference write: Becky Rudolph, 7035 Benton Road, Paducah, KY 42003 or Lucy Moore, 483 Scaggs Road, Morehead, KY 40351.

HALL OF FAME SPECIAL

Trinity High School's Bruce Lynch presents a $6,000 check to KHSAA Commissioner Billy V. Wise as Board of Control President Alvis Johnson looks on. Trinity was joined by St. Xavier, Holy Cross and DeSales in a fundraising effort for the new KHSAA Hall of Fame. The gift was the largest donated to the association. *Photo by Bo Bott*

Announcing, the . . .

Kentucky High School Athletic Association
HALL OF FAME AND MUSEUM COURT OF SUPPORT

The Dawahares/K.H.S.A.A. Hall of Fame

To honor the more than 1,000,000 Kentucky men and women who have contributed to "Great Moments in Kentucky High School Sports" throughout the years, the Dawahares/Kentucky High School Athletic Association Hall of Fame was established in 1988. The association chose this manner in which to pay tribute to, and to immortalize record setting and influential coaches, players, officials and supporters of high school athletics in this great Commonwealth. To date, eighty-nine members have been inducted into the Hall of Fame. After twenty-two new members are inducted in March 1992, the total number of members in the Hall of Fame will have reached one-hundred eleven.

The Association began the project with the help of the Dawahare family, as an effort to recognize the excellence of high school educators, athletes, coaches, officials, administrators and other contributors. According to Dee Dawahare, of Lexington, "We want to recognize and encourage the academic as well as athletic contributions of these fine individuals."

Hall of Fame members are chosen for their contributions to Kentucky high school athletics. K.H.S.A.A. Commissioner Tom Mills stressed that "while many Hall of Fame Members, such as Paul Hornung, Cliff Hagan, and Tommy Bell, have gone on to outstanding careers in college or professional sports, they are primarily honored for their accomplishments in Kentucky high schools." Other members such as S.T. Roach, longtime coach at Lexington's Dunbar High School, and Ralph Carlisle, who coached at Lexington's Lafayette High School, are honored for the guidance they have given thousands of young people.

Instructions . . .

The Kentucky High School Athletic Association welcomes your participation in this project. Should you desire to become involved, complete the order form printed below, and return it to the K.H.S.A.A. offices at the address listed on the form.

Please feel free to contact the Association office if you have any questions. Please note that the term "basketball region" on the order form is the location within the state in which you wish your brick placed. If you have no preference, simply indicate "no preference" on the form.

1991-92 ANNUAL REPORT

(Commissioner's Report to Delegate Assembly)

Two hundred eighty-six schools joined the Association for the 1991-92 school year. Six of these schools enroll girls only and six have only boys. In 1990-91 there were 288 schools and in 1989-90 there were 293 schools.

There were 206 schools involved in Football. Classes A, AA, AAA and AAAA championship games were played at the Fairgrounds, Louisville. Attendance was approximately 22,649 and ticket receipts were $105,975. Expenses involved in conducting the state football playoffs were $35,725. The approximate gross receipts from the Football District, Regional and Sectional Playoff games were $525,370. with expenses of conducting these games reported as $167,040. Paid attendance at the 120 games was approximately 142,831. All profits from the District, Regional and Sectional football playoff games are divided among the participating schools.

The number of schools competing in Volleyball was 71. The K.H.S.A.A. sanctioned tournament was held at Seneca High School, Louisville on November 8-9, 1991. Expenses incurred were $5,595. with receipts of $10,025.

In Cross Country 207 boys' teams entered 24 regional meets. Two hundred two girls' teams entered all three classes in 23 regionals. The expenses incurred in sponsoring this sport were $18,805. and the receipts were $9,395. Classes A, AA and AAA were held in Lexington at the Kentucky Horse Park.

There were 132 schools competing in Soccer. The State Tournament was held in Versailles at Woodford County High School, from November 15-16, 1991. The receipts were $15,734. and expenses incurred were $9,171.

There were 215 boys' teams competing in Golf, with the State Tournament being played at the Lincoln Trails Country Club Golf Course in Vine Grove. There were 148 girls' teams competing in Golf, with the State Tournament held at Elizabethtown Country Club in Elizabethtown. Expenses associated with the State Golf Tournaments were $14,901.

There were 59 schools competing in Wrestling in eight districts and four regions with the winner and runner-up in each weight class advancing to the state finals. The championship tournament was held at Atherton High School. Expenditures incurred were $12,486. The receipts were $16,245.

In Swimming 97 girls' teams and 96 boys' teams competed for the championships. The meets were held at The Lancaster Aquatic Center, University of Kentucky, Lexington, Kentucky on February 21-22, 1992. The receipts were $6,586.00 and the expenses were $11,848.

The reported gross receipts from the boys' and girls' district Basketball tournaments were approximately $524,427. with reported expenses of $165,067., while the regional tournaments took in approximately $335,587. with reported expenses of $77,173. Twelve boys and girls district reports and eleven boys and girls regional reports have not been received at this time. All profits from the Distict and Regional Basketball Tournaments are divided among the participating schools.

Ticketed attendance at the Boys' State Tournament was approximately 84,507 as compared to 129,139 for last year. The gross ticket receipts this year for the tournament are estimated at $677,000. with expenditures of approximately $244,450.

Attendance at the Girls' State Basketball Tournament was 32,188 compared to 31,247 for last year. The gross ticket receipts were $137,930. with expenditures of approximately $92,700. A complete report will appear in the audit.

In the other sports that are to follow, 269 Baseball teams will compete in 64 districts and 16 regions; 246 Softball teams will compete in 55 districts and 14 regions. There are 230 schools participating in boys and girls Track in eight regions in each classification--A, AA, AAA.; 211 girls' and 212 boys' Tennis teams will play in 13 regions. State championships in Baseball and Softball will be held in Owensboro, and the State Tennis Meet will be held at the University of Kentucky. The site of the State Track Meet is unknown at this time.

As of this date, receipts from the Sale of Novelties (sweat shirts, T-shirts, caps, visors, pennants, mugs, buttons, magnets) during K.H.S.A.A. State Events totaled $28,221.

For your information, the receipts and expenditures incurred during the 1990-91 spring sports season were as follows:

	Receipts	Expenditures	Sale of Novelties
Baseball	$10,096.	$18,499.	$263.
Softball	5,680.	26,397.	808.
Tennis	200.	20,421.	288.
Track	9,259.	65,685.	525.

A total of 3037 officials registered with the Officials' Division of the Association as of April 6, 1992, and the number of approved and certified officials in each sport are as follows:

	REGISTERED	APPROVED	CERTIFIED	TOTAL
Baseball	362	162	122	646
Basketball	659	361	553	1573
Football	186	205	408	799
Soccer	123	102	63	288
Softball	285	111	29	425
Track & Field	52	3	1	36
Volleyball	60	39	16	115
Wrestling	37	4	7	48

Sec. Dir. George Mercker conducted twelve clinics in Football. Asst. Comm. Larry Boucher conducted seventeen clinics in Basketball for officials and coaches. Asst. Comm. Brigid DeVries conducted nine Track clinics, three volleyball clinics and one swimming clinic for officials and coaches. Louis Stout conducted ten baseball and softball clinics for officials and coaches.

The Board of Control, the Staff of your Association and I are grateful for the cooperation the superintendents, principals, athletic directors and coaches have given us in running the programs of the Association.

MINUTES OF THE BOARD MEETING MARCH 18, 1992

The Board of Control of the Kentucky High School Athletic Association met at the Best Western Motel, Richmond, Kentucky on Wednesday, March 18, 1992. The meeting was called to order at 8:30 a.m. by President Alvis Johnson with all Board members present. Also present were Commissioner Billy Wise, Assistant Commissioners Louis Stout, Brigid DeVries and Larry Boucher and Business Affairs Manager Julian Tackett. Roland Williams gave the Invocation.

Sandy Allen made a motion to approve the minutes of the January 17-18, 1992 Board meeting. Eddie Saylor seconded the motion which passed unanimously.

Stan Steidel moved to approve the bills of the Association for the period beginning January 1 and ending February 29, 1992. Roland Williams seconded the motion which passed unanimously.

Commissioner Wise received permission from the Board to fill the vacancy left by the death of Father Harry Jansing.

The Board took the following actions on the appeals:

- *Jerome Wilson - Barren County H.S. - Denied eligibility
- *Shannon Smith - Clay County H.S. - Eligibility reinstated
- *Nyree Coyle - Scott H.S. - No action taken; school should determine eligibility
- *Joe Hayden - Denied request to waive Limitation of Seasons, Section 6, Soccer
- *Gary Smith, Jr. - Doss H.S. - Denied eligibility
- *Letricia Johnson - Anderson County H.S.- Denied eligibility

The Board then heard from Principal Charles Miller, Pleasure Ridge Park H.S. and Principal Jude Talbott, Bardstown H.S. regarding their request for the Board to determine the liability of either school regarding a December 3, 1991 basketball game. Following each presentation and questions by the Board members, Marvin Moore made a motion to deny Mr. Miller's request for the $800. forfeiture fee and continue with the contract for the 1992-93. Stan Steidel seconded the motion which passed by a vote of 7-1 and two abstentions.

Commissioner Wise then introduced Larry Conner, the new State Board of Education liaison.

The Board then heard a request from J.R. Rash requesting that By-Law 6, Section 2. be amended to include the Kentucky Rotary Youth International Exchange, Inc. Following a discussion of Mr. Rash's letter, Jack Portwood made a motion that the Board deny his request and that Commissioner Wise advise him of the proper procedure to follow to obtain approval of KRYIEI. Stan Steidel seconded the motion which passed unanimously.

The next item to be considered by the Board was a request from Muhlenberg North High School to participate in the District Football playoffs in 1992. Due to the fact that the football alignment was approved through the 1992 season, Eddie Saylor made a motion to deny their request. Stan Steidel seconded the motion which passed unanimously.

Commissioner Wise announced the results of the recent election for new Board of Control members.

Regions 1-8:
Grant Talbott, Owensboro High - 85 votes

Regions 1-8:
Kathy Hopper, Waggener High - 40 votes
Betsy N. Glover, Hopkinsville High - 38 votes
Libby Burr, Bardstown High - 19 votes

Regions 13-14):
"Ozz" Jackson, Whitesburg High - 23 votes
Jim Potts, Powell County Schools - 13 votes

Regions 15-16:
Frank Welch, Belfry High - 19 votes
Steve Butcher, Johnson Central High - 10 votes
Thomas Swartz, Pikeville High - 4 votes

The following report on ticket sales was given:

Boys Sales to 3/13 - $413,917.
Girls Sales to 3/13 - $ 26,690.

Commissioner Wise advised the Board that the Dawahare family is donating $50,000. to the K.H.S.A.A. in payment for furniture in the new offices, in addition to a donation of items for the reception area, lounge and kitchen area.

President Johnson called for a recess at 12 noon until 8:30 a.m. on Thursday.

MINUTES OF THE
BOARD MEETING
March 19, 1992

President Johnson called the meeting to order at 8:30 a.m. with all Board members present. Also present were Commissioner Billy Wise, Assistant Commissioners Louis Stout, Brigid DeVries and Larry Boucher and Business Affairs Manager Julian Tackett. Ray Story gave the Invocation.

Eddie Saylor made a motion that the Board go into Executive Session to discuss possible litigation. Marvin Moore seconded the motion which passed unanimously.

Following Executive Session the Board recessed until 8:30 a.m. on Friday.

MINUTES OF THE
BOARD MEETING
March 20, 1992

President Johnson called the meeting to order at 8:00 a.m. All Board members with the exception of Sandy Allen were present. Also present were Commissioner Billy Wise, Assistant Commissioners Louis Stout, Bridig DeVries and Larry Boucher and Business Manager Julian Tackett.

Stan Steidel made a motion that the Board sanction Girls Soccer for the Fall of 1992. Ray Story seconded the motion which passed unanimously.

Following a discussion of the results of the Fast Pitch Softball Survey, the Board took no action.

Commissioner Wise advised the Board that the State Board of Education gave their approval to a revision in By-Law 4, Sec. 1, Enrollment. The change enables a student, once enrolled in the fourth grade, to be able to participate in interscholastic athletics a total of one year in each grade. Two semesters shall constitute a school year.

Claudia Hicks was called on to discuss with the Board possible ways to structure the K.H.S.A.A. Sports Committees to include representatives from across the state. She suggested that the Board draft a criteria for this structure.

Ms. Hicks then addressed By-Law 17 as it relates to coaches conversing with the media regarding officials. Asst. Comm. Boucher indicated the K.H.S.A.A. would have trouble recruiting and retaining quality people in officiating if they are openly abused by coaches through the media. The current By-Law allows for penalties to be enforced regarding violations of the sportsmanship rule. The Board encouraged the Association investigating these incidents to deal with them pursuant to the current By-Law.

Following a discussion of Hall of Fame Basketball Games, Frank Cardwell made a motion, seconded by Gene Brooks that the Board introduce a proposal to the Delegate Assembly to eliminate the HOF Games. The motion failed 3-7. Claudia Hicks then made a motion that the Board recommend the week prior to the opening of basketball season as a Hall of Fame week and follow the guidelines as set forth in By-Law 25. Ray Story seconded the motion which passed 9-1.

Following a lengthy discussion regarding the Hall of Fame Selection Criteria, Claudia Hicks made a motion to amend as printed in the "Athlete". Roland Williams seconded the motion which passed by a vote of 9-1. Frank Cardwell made a motion that the revised criteria as written and printed in the Boys and Girls Basketball Programs be accepted. Claudia Hicks seconded the motion which failed by a vote of 5-5. It was suggested that the Hall of Fame Committee meet to revise the latest criteria.

A discussion then ensued regarding the State Basketball Tournament format. Roland Williams made a motion that this be referred to the Basketball Committee for study. Gene Brooks seconded the motion which passed unanimously.

Ray Story then presented a football proposal from the Western Kentucky Conference regarding a change in district and region play. Following a discussion of the proposal, Eddie Saylor moved to deny the request of the Western Kentucky Conference. Marvin Moore seconded the motion. Jack Portwood then moved to amend the motion to reject their proposal for cross-region play but to accept the elimination of the blind draw format for the semi-final round. Gene Brooks seconded the motion which passed by a vote of 8-1 and one abstention. The original motion then passed by a vote of 9-1.

Following a discussion of a two-day state track meet, Claudia Hicks made a motion to adopt. Stan Steidel seconded the motion. Eddie Saylor then moved to table the motion, seconded by Marvin Moore and motion passed by a vote of 7-3.

Commissoner Wise presented to the Board Corporate Sponsor proposals by Rawlings and Wilson to furnish game balls for championship events. Stan Steidel moved to accept Wilson's offer of Sponsorship to provide game balls in championship events for the sports of football, soccer, basketball, baseball, softball and tennis for three years. Roland Williams seconded the motion which passed unanimously.

The next item of discussion was led by Louis Stout regarding a baseball training school for officials. Stan Steidel made a motion that in lieu of requiring baseball officials to attend a particular school, that training be coordinated and developed through the local associations at no cost to the official and that such programs be coordinated through the K.H.S.A.A. He also moved that on-going training programs within local associations be required in order to officiate post-season games. Roland Williams seconded the motion which passed.

President Johnson appointed the following temporary committee to work with Louis Stout on Girls Soccer: Gene Brooks, Claudia Hicks, Stan Steidel and Roland Williams.

The next meeting of the Board is scheduled to be held at the Executive Inn, Louisville, on Thursday evening following Session 4 of the Boys Basketball Tournament.

There being no further business to come before the Board, the meeting was adjourned.

MINUTES OF THE ANNUAL MEETING APRIL 17, 1992

The 75th Annual Meeting of the Kentucky High School Athletic Association was held on Friday, April 17, 1992 at the K.H.S.A.A. Office Building, 2280 Executive Drive, Lexington. The invocation was given by Ray Story. Mr. Story also served as Parliamentarian.

President Alvis Johnson called the meeting to order at 11:00 a.m. Fifty-eight elected delegates or alternates answered the roll call.

Commissioner Billy Wise introduced newly elected Board of Control members to the Delegate Assembly as follows: "Ozz" Jackson - Athletic Director, Whitesburg High School, representing Regions 13-14; and Frank Welch, Principal, Belfry High School, representing Regions 15 & 16.

Commissioner Wise then presented a report on the activities of the Association during the 1991-92 school year. Phillip Back moved, seconded by Frankie Francis, that the report be accepted. The motion carried unanimously. (The Annual Report is printed elsewhere in this issue of the "Athlete".)

President Johnson stated that presentation of proposals was the next order of business.

PROPOSAL I

Principal James A. Sexton, Eastern High School proposes that the following changes be made to the Constitution:

Article IV, Section 2. a - Representative:

Each local . . . .association. Only personnel employed by the local district, or private or parochial schools who hold a valid Kentucky Teaching Certificate issued by the Department of Education are eligible to serve as a present or future representative.

Article IV - Section 2. b - Board of Control - Notification to the Representative:

To be eligible for membership and presently or in the future serve on the Board of Control, one must be an employee holding a valid Kentucky Teaching Certificate issued by the Department of Education and be an employee of an accredited member school or system which is in good standing with the K.H.S.A.A. and the school involved must be a school in the district which the alternate is to represent.

Article IV - Section 2. c - Delegate Assembly:

Each delegate and alternate to the Delegate Assembly must be an employee holding a valid Kentucky Teaching Certificate issued by the Kentucky Department of Education and be an employee of an accredited member school or system which is in good standing with the K.H.S.A.A. and the school involved must be a school in the district which the alternate is to represent.

Phillip Back moved, seconded by Harold Russell that Proposal I be adopted. The motion passed by a vote of 49-5.

PROPOSAL II

Principal Kenneth Frick, Butler High School, proposes that the following change be made to the Constitution:

Article IV - Section 2. b - Board of Control:

Members of the Board of Control shall be elected for a period of four years by vote of the representatives of member schools in each section (Basketball Regions 1 & 2, 3 & 4, 5 & 6, 7 & 8, 9 & 10, 11 & 12, 13 & 14, 15 & 16) and shall be a high school principal. In addition, two blacks and two females shall be elected to serve as minority representatives, but they do not have to be a high school principal.

Phillip Back moved to table Proposal II. Wilton Gant seconded the motion. The motion to table Proposal II passed by a vote of 30-26. The majority rules to table.

PROPOSAL III

Principal Robert D. Combs, Apollo High School, proposes that By-Law 8, Contestant on Other Team be changed to read:

Any student who is a contestant on any other team at any time during an athletic season shall be ineligible to represent any secondary school in that sport for the remainder of the season. A student may participate in a summer sports program upon completion of their season or the spring semester has ended, whichever occurs first.

Donald Hayes moved, seconded by Bill Patton, that Proposal III be adopted. The motion failed by a vote of 5-51.

PROPOSAL IV

Principal Robert D. Combs, Apollo High School, proposes that By-Law 25, Limitation of Seasons, Section 7. Softball - Girls (6) be changed to read:

A regulation . . . completion. The eleven (11) inch softball shall be utilized in all contests.

Phillip Back moved, seconded by Donald Hayes, that Proposal IV be adopted. The motion failed by a vote of 38-17 due to the lack of a two-thirds majority vote.

PROPOSAL V

The Board of Control of the Kentucky High School Athletic Association proposes that By-Law 25, Limitation of Seasons, Section 4. Football - Boys, be amended.

(a) Add a new section (6), and renumbering all subsequent sections. Section (6) would read as follows -- "(6) The Board of Control may waive provisions (2) and/or (4) of this By-Law to allow member schools to participate in Hall of Fame Classic contests. Rules on participation shall be made by the Board of Control, and published in the Athlete Magazine as a part of the official record of the Association.

(b) That the contest shall count toward any regular season records;

(c) That the financial split of the net revenue of the game shall be 1/3 to the host school, 1/3 to the visiting school, and 1/3 to the K.H.S.A.A.

Frankie Francis moved to adopt Proposal V. Kearney Lykins seconded the motion. The motion to adopt Proposal V failed by a vote of 6-47.

PROPOSAL VI

The Board of Control of the Kentucky High School Athletic Association proposes that By-Law 25, Limitation of Seasons, Section 2. Basketball - Boys and Girls, be amended by revising section (7), part (f), to read as follows:

That the game so played shall count toward regular season records, but shall not be used in calculating seeding in a seeded district.

Phillip Back moved to adopted Proposal VI. "Ozz" Jackson seconded the motion. Proposal VI was adopted by a vote of 47-8.

PROPOSAL VII

The Board of Control of the Kentucky High School Athletic Association proposes that Article IV, Section 3, d-8, of the K.H.S.A.A. Constitution be amended to read as follows:

8. Have authority to establish tournaments and meets in all sports and to adopt regulations for these tournaments and meets. The Board of Control shall have the authority to assess all post season tournaments in basketball and football a maximum of ten percent (10%) of the gross receipts, to be paid to the Association following the tournament. The Association shall receive all revenue from the Boys and Girls State Basketball Tournaments and the State Football Championships.

Frankie Francis moved, seconded by Kearney Lykins, to adopt Proposal VII. The motion failed by a vote of 18-40.

Phillip Back moved, seconded by Norm Weaver, that the meeting be adjourned. The motion passed unanimously.

MINUTES OF THE CALLED MEETING MARCH 26, 1992

The Kentucky High School Athletic Association met in a Called Meeting on Thursday evening, 11:30 p.m., March 26, 1992, at the Executive Inn, Louisville. All Board members were present. Commissioner Billy Wise, Asst. Commissioners Louis Stout, Brigid DeVries, Larry Boucher, Bus. Mgr. Julian Tackett and S.I.D. Jeff Rogers were also in attendance.

President Alvis Johnson called the meeting to order and gave the Invocation.

The meeting was called to discuss financial issues of the Association.

Commissioner Wise discussed with the Board several options for borrowing funds to complete 1991-92. Following a lengthy discussion, Ray Story made a motion that the Board authorize Commissioner Wise and President Johnson to look into borrowing sufficient funds to sustain the Association through June 30, 1992. Marvin Moore seconded the motion which passed unanimously.

Stan Steidel then made a motion that the Board submit a proposal to the Delegate Assembly allowing the K.H.S.A.A. to receive 10% of the gross receipts for district and regional basketball and football post season tournaments. Roland Williams seconded the motion which passed unanimously.

Commissioner Wise then discussed with Board members a request by representatives of the Million Dollar Shootout to make a presentation at the April 16 Board meeting. Marvin Moore moved to allow this item on the Agenda. Ray Story seconded the motion which passed by a vote of 9-2.

The next item of discussion related to a Hall of Fame Football Game. Following a discussion of the procedure that is presently being used to schedule HOF basketball games, Frank Cardwell made a motion that the Board submit a proposal to the Delegate Assembly allowing schools to schedule a HOF Football Game (may be a Bowl Game or scrimmage) similar to the HOF Basketball Game to be played one week before the opening game of the regular season. Further By-Law 25, Limitation of Seasons, Section 4. Football - Boys, be amended to: (a) add a new section (6), and renumbering all subsequent sections. Section (6) would read as follows -- "(6) The Board of Control may waive provisions (2) and/or (4) of this By-Law to allow member schools to participate in Hall of Fame Classic contests. Rules on participation shall be made by the Board of Control; (b) that the contest shall count toward any regular season records; (c) that the receipts be divided as follows: 1/3 to K.H.S.A.A.; 1/3 to home team; 1/3 to visiting team. Marvin Moore seconded the motion which passed unanimously.

Stan Steidel made a motion to table the discussion of By-Law 38. Marvin Moore seconded. The motion passed unanimously.

The next meeting is scheduled for Thursday, April 16, 1992 at 8:00 a.m. Committee meetings will be held on Wednesday evening, April 15 at 7:00 p.m.

There being no further business to come before the Board, Stan Steidel moved to adjourn. Roland Williams seconded the motion which passed.

1992 MEETING - FOOTBALL ASSIGNING SECRETARIES

The annual meeting of the Football Assigning Secretaries of the Kentucky High School Athletic Association was held at the office of the Kentucky High School Athletic Association at 5:00 P.M., Sunday, April 26, 1992. The meeting was called to order by Larry Boucher, Assistant Commissioner and Supervisor of Officials. Attending the meeting were: Joe Russell, Western Kentucky; Jack Hicks, Big Eight; Jack Goodman, Mid-Kentucky; Don Metzger, Kentuckiana; Stan Steidel, Northern Kentucky; Shirley Watts, Central Kentucky; Ray Canady, 13th Region; Denver Jones, 14th Region; Andrew Joyce, 15th Region. Also attending the meeting were: George Mercker and Jerry Kimmel, Sectional Directors; Andy Vervilles, an official from Western Kentucky; Julian Tackett, Business Manager of the KHSAA.

The meeting opened with a discussion of officials:

It was announced that the registration fee for the 1992-93 year would be: $25.00 for new officials for one sport and $15 for any additional sport(s). The fee for officials who are re-registering will be $25.00 prior to June 30 and $25.00 plus a $25.00 late fee after the June 30th deadline. It was also announced that starting July 1, there will be no deadline for registering new officials in any sport.

Mr. Boucher discussed the proper way to pay officials for travel expenses. Schools will pay mileage (.20/mile) for only one car. There will no riding mileage paid. However, they will be required to pay hook-up mileage if necessary. If absolutely necessary that an official must drive his/her car and cannot travel with the other official, the same mileage rate will be used and he/she should be paid by the school.

It was announced that officials' ID cards were not automatic admission to games. It is left up to the individual schools whether or not to admit the official. They are not entitled to automatic admission to play-offs either. Assigning Secretary cards should allow admittance to any and all games.

There was a lengthy discussion on the importance of using only officials who are properly registered with this Association. It was emphasized that if an injury took place in a game and the official was not properly registered, it could become a legal/liability problem to the Association, the school and the Assigning Secretary who assigned the non-registered official. The KHSAA will attempt to help in identifying registered officials by providing a list to Assigning Secretaries around July 15 annually.

Mr. Boucher discussed the conduct and appearance of officials. He cited several complaints he had received from schools, fans, coaches, etc., as to the conduct of some officials. He asked that each Assigning Secretary stress the importance of both professional conduct and their personal appearance to their officials.

During the discussion of testing and examinations, Mr. Boucher stated that there would probably be some changes made in the method of administering the Part II exam. This will be decided at a later date and information will be sent to each Assigning Secretary.

It was stressed that Disqualification Cards must be sent to this office if a player or coach is ejected during a game. It was also mentioned that it might be helpful if coaches were more aware of what penalties must be adhered to.

By-Law 17 was discussed. Unsportsmanlike conduct (such as a coach discussing poor performance of an official with media, etc.) makes it difficult to recruit new officials. Mr. Boucher stated that the Board of Control was concerned enough about this problem that they have reiterated their support of the Enforcement Penalty Provision of the By-Law.

The next item for discussion was clinic and make up clinic attendance. It was decided that there would only be two make-up clinics for football rules and both clinics would be administered by someone from the Association office or someone designated by the Association office. No Assigning Secretary will administer a make-up clinic. This should be communicated to the coaches and officials. The 5 points will not be awarded to officials for the make-up clinics.

Mr. Boucher had passed out copies of the "Pilot Project" that is being used in Jefferson County regarding ratings of officials. He stated that this or similar projects can be undertaken by other associations. He did stress that no project can be instituted without approval from the KHSAA. There was also some discussion concerning coaches' rating and whether or not they were needed since only 51% of the coaches sent ratings. **A MOTION WAS MADE BY DON METZGER, SECONDED BY RAY CANADY THAT THAT THERE WOULD BE NO MINIMUM NUMBER OF RATINGS REQUIRED IN ORDER FOR AN OFFICIAL TO OFFICIATE DURING THE PLAY-OFFS. THE VOTE WAS UNANIMOUS IN FAVOR.**

Mr. Boucher asked the Assigning Secretaries to send copies of their local meeting schedules to him. He stated that the KHSAA Board of Control had asked for some type of monitoring as to the training of new officials. There were some suggestions on how to better train officials with use of materials provided by the Association (transparencies, new rule change materials, etc.). He also suggested that maybe someone other than the Assigning Secretary could be of help in the training of officials. It was felt that maybe an older official could be a big help if they were asked to do so. Mr. Boucher informed the Assigning Secretaries that there were some good officials' camps conducted in the summer and would like for them to encourage their officials to attend if the opportunity arose.

A discussion was had regarding vendors selling sports equipment at the KHSAA Rules Clinics. It was agreed that each vendor must contact the local Assigning Secretary and receive their approval before setting up shop at the clinic. The KHSAA will refer all requests to the local Assigning Secretary.

Mr. Boucher reminded the Assigning Secretaries that by a Federal Court Decree in 1971 that coaches **must** have the right to scratch officials. These scratches must be in writing. It was also the consensus that to be fair, the officials should have a right to scratch a school.

A MOTION WAS PRESENTED BY DON METZGER, SECONDED BY RAY CANADY THAT THE BOOK "FIRST & 10" BE USED AGAIN AS A MEANS OF INSURING UNIFORMITY IN OFFICIATING. THE MOTION PASSED UNANIMOUSLY. Associations must adhere to this standard in order to ensure post season assignments.

The Football Play-Off Committee, in their meeting prior to the Assigning Secretary's meeting, made the decision on which conferences would be used in play-offs for the next two years - not assigned by years as yet but, they are: Kentuckiana, Western Kentucky, Big 8, 14th Region, 15th Region, 16th Region, Northern Kentucky and Central Kentucky. This means that when the rotation is complete, in the past five years, all associations will have had 2 crews in the championship game. It was decided that prior to the 1994 season, it would be decided by this group how equal representation could be achieved. There has been no changes in the fees for either regular season games or play-off games.

Recruiting and retaining new officials was discussed. Several methods of both were discussed. It was stressed that each association needed to be recruiting more officials from minority groups.

It was announced that officials will not automatically receive the "Athlete" this year. There will be newsletter sent to officials periodically. The newsletter will be paid for from the official division. The Assigning Secretaries will have the opportunity for input into this newsletter.

A statewide officials' banquet will be held annually, possibly in April. Assigning Secretaries were encouraged to help promote this awards and recognition occasion. Hopefully, after one or two of these, it will begin to sell itself.

Mr. Boucher reminded all that a patch, if worn on the jacket, shall be the "KHSAA Official Patch" and worn over the heart. A local association patch, if worn, shall be on the hat. No other uniform or jacket patches are permissible. To obtain the jacket patches, contact: Bo Queen, H & W. Sports Shop, Suite 8, Mt. Sterling Plaza, Mt. Sterling, Kentucky 40353 (606-498-2271 work) (606-498-5243 home).

A schedule of tentative Football Rules Clinic dates and sites was passed out. Assigning Secretaries are encouraged to contact these sites and arrange for the necessary facilities.

ANNOUNCEMENTS:

* A letter will be sent to each Assigning Secretary on how to obtain patches for officials jackets.
* Mr. Boucher needs a list of your local Policy Board members sent to the Association Office.
* Next meeting will be held in December, 1992. Date will be decided later.

No further business, the meeting adjourned.

Football Rules Revisions for the 1992 Season

Noted below are the Football Rules Revisions. Editorial changes as well as major points of emphasis are included.

1-5-1a: NOCSAE mark required on face mask.
1-5-1g1: Rules committee no longer "approves" removable shoe cleats.
1-5-3g: Mandates that rib and back protectors must be fully covered by a jersey.
3-1-6: Stipulates obvious timing errors must be corrected before the period has officially ended.
6-1-9b: Another choice for R is to take ball 25 yards beyond the previous spot is K fouls by kicking out-of-bounds.
7-1-2: Neutral zone encroachment restrictions begin following the ready when the snapper puts hand(s) on ball.
7-1-5: Snapper may not remove both hands after placing hand(s) on ball.
7-1-6c: Deleted former coverage which allowed interior linemen to lift out of 3- or 4-point stance to receive new signals.
7-2-8: Prohibits a Team A player advancing a planned loose ball unless referee is notified before that down.
9-6-1: Prior to a change of possession, if A or K goes out-of-bounds, it is a foul on return inbounds.
9-6-2: It is illegal participation for any player to intentionally go out-of-bounds and return during the down.

EDITORIAL CHANGES

1-5-1, 2, 3: Reorganized player equipment rules.
1-6: Identified legal and illegal coaches' field equipment.
2-9: Clarified definition relative to initial force.
3-3-4: Procedure outlined to officially end a period.
3-4-2c: Clock starts on ready following inadvertent whistle.
6-5 Pen.: Changed "fair catch" interference to "kick catching" interference.
7-2: Reorganized rules on position and action of players at the snap.
7-3-3: Illegal handing occurs beyond neutral zone.
7-5-2, 3, 4, 5: Revised the order of articles in the forward pass rule.
9-8-1j, 3: Second violation of team box shown by sideline interference signal.
10-3-3c: End of run is spot of catch when momentum is in effect.
Other rules affected: 1-1-4; 1-5-1d4; 2-11-2d; 2-22-2; 2-22-4, 5; 3-5-10; 4-2-2e3; 5-2-5c; 5-3-3b; 7-5-5; 8-5-2, 3; 9-3-7; 9-8-1e

POINTS OF EMPHASIS

1. Pass interference
2. Illegal contact
3. Identifying eligible receivers

Requests for football rule interpretations or explanations should be directed to the Kentucky High School Athletic Association. The National Federation will assist in answering questions from state associations whenever called upon.

Southington High School coach John Fontana has been giving instruction to players like batter Darren Prozzo and catcher Joel Stamilio for 31 years.

A Lifetime of Coaching; A Legacy of Leadership

You might say coaching is in John Fontana's blood. The Southington (Conn.) High School baseball coach took the reins from his uncle Joe in 1962, and he's been a guiding force for young people in his school and throughout Connecticut ever since.

On the baseball diamond, Coach Fontana has led the Blue Knights to 475 victories for an 81 percent winning record. And he's earned numerous coaching awards, including National Baseball Coach of the Year in 1983. But his players' contributions off the field are even more significant.

Ninety-four percent of his players go on to college, many on baseball scholarships thanks in part to Fontana's help. And almost all of his players who attend college earn diplomas.

During the holiday season, Fontana takes several players to the University of Connecticut Medical Center to bring gifts and spend the day with young patients in the pediatric division. He also coordinates a food drive to raise money for equipment, uniforms and the team's annual spring training trip down South. A portion of the proceeds are earmarked for needy families in Southington.

"My players and I have been blessed with health and good fortune," said Fontana. "But it's important for all of us to remember the plight of less fortunate people. It feels good for us to be able to give something back to the community."

COACHES Care

In addition to coaching, Fontana wears many other hats: guidance counselor at Southington High; executive director of the Connecticut High School Coaches Association; and, come June, president of the National High School Athletic Coaches Association. He's spent much of his spare time as a basketball referee, and he also runs one of the best summer baseball clinics in the country.

"John Fontana has been involved in sports from every perspective, as an athlete, an official, a coach and as a parent," explained Southington Athletic Director Bob Lehr. "He's had every conceivable opportunity to grow and he's taken full advantage of it, which has been great for the kids."

"I love what I'm doing," said Fontana, father of five. "I love kids, being outside, hitting the ball around, and I love being involved with the coaches associations."

At 57, Fontana has no plans to retire. That's good news for more than 200,000 high school coaches in the U.S. who will be looking to him this summer for guidance and leadership. But it's especially good for young people, who look to coaches like John Fontana to learn about the most important things in life.

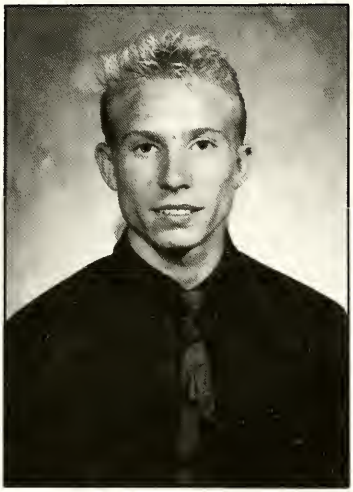
SPECIAL 1991-92 CHAMPIONSHIP RESULTS ISSUE

1992 Game Guy Award



Brandon Claypool

LUDLOW JUNIOR AWARDED "GAME GUY" TROPHY

Kentucky High School Athletic Association Commissioner Billy V. Wise has announced the winner of 1991-92 "Game Guy Award. "The award is presented by the KHSAA to a high school student-athlete in the state who has overcome a physical handicap to compete in athletics.

The unanimous choice of the award committee for the 1991-92 award is Mr. **Brandon Claypool**, a junior at Ludlow High School.

Brandon suffers from a disease called Sacral Agnesis which is a malformation of the sacrum and the nerves at the end of the spine. The symptoms related to the disease include undeveloped muscles in the lower legs and feet, and internal complications. He has had surgery on both arches and heels. On two seperate occassions doctors have told him he may never walk again. He takes medication on a daily basis for an indefinite amount of time. He also has tendonitis and arthritis in his knees, ankles and lower back.

Brandon's mother died when he was in his freshman year at Ludlow High School. He now lives with his grandmother and uncle.

Despite all of these problems, Brandon has strived to be his best. He maintains a 3.3 grade point average, despite missing 40 days of school for hospital visits. He spends many hours in the weight room strengthing his upper body to compensate for his medical complications in the lower body.

Brandon is a three year letterman in track where he is a pole vaulter and throws the discus while wearing bulky rib and back protectors. During his career in Track he has received one gold medal, six silver medals and one fourth place ribbon.

The KHSAA salutes Brandon Claypool and all of the other overachievers that make high school athletics special.

SPECIAL EDITION

This Special Edition of ***The Athlete*** will be the final edition of the 1991-92 academic year. It is packed with pictures and results of all the KHSAA sanctioned state championships of the past year. We hope that it will not only be informative and entertaining, but also serve as an efficient reference source.

You have seen many changes in ***The Athlete*** over the past year and many more are slated for the future. We have thrived on your comments and suggestions so please let us know if you have any ways we can improve the publication.

Thanks again to all of the students, coaches, administrators and officials for all of your efforts during the past year. Have a good summer and we will be back with you in the fall.

SPECIAL THANKS TO:

– Photographers: Joe Imel
Stacy Rogers
Chuck Perry
Jayme Burden

– Stone Photography, Lexington

– Kentucky Printing, Richmond

"We appreciate all of your efforts over the past year!"

Quality Video

The new leadership of your Kentucky High School Athletic Association wants there to be one word associated with every service we provide. . . **QUALITY**. That's why we've hired a **professional video production company** to handle the videotaping of our state championship events.

We tape these events due to the limited space available for schools and fans to tape contests and to eliminate the problems caused when many fans wish to tape the same contest, particularly in a crowded facility.

Our new video program will make it possible for you to obtain a **Professional "Broadcast Quality"** video tape at a reasonable price.

The special student or team that is responsible for your interest in high school athletics takes pride in the opportunity to compete in a state championship. We want to provide you with **Quality** memories that you can enjoy for years to come.

If you are interested in ordering a tape, look for the special envelope enclosed in this program or simply fill out the coupn below, enclose payment of $29.95 per tape and mail to:

KHSAA HALL OF FAME

Eligibility
Eligibility for the KHSAA Hall of Fame is based on high school accomplishments and contributions only. Any player who has been out of high school eight years or any coach, administrator or official with 20-plus years of service is eligible.

Nominations
Anyone can nominate a person for the Hall of Fame. Nomination deadline this year is March 15. Starting in 1992, the nomination deadline will annually be February 1. An official KHSAA Hall of Fame nomination form must be completed for each nominee. Additional information can also be submitted with the nomination form.

Selection
Fifteen people will be inducted into the Hall of Fame each year.
A selection committee will meet the third Friday of April in Lexington to pick the inductees.

Provided there are enough nominations to meet the criteria, a minimum of two women, two minority and one each from Regions 1-4, 5-8, 9-12 and 13-16 will be among the 15 inductees.

INSTRUCTIONS

All information on this form must be completed and received by the Kentucky High School Athletic Association before March 15. The completed nomination form and support materials should be sent to 2280 Executive Drive, Lexington, KY 40505. Once the nomination form is received by the KHSAA, all actions necessary to the selection process shall remain confidential. All information submitted shall be retained by the Hall of Fame.

Please include a limited number of newspaper clippings, magazine articles and other supportive materials that would be helpful to the Hall of Fame Screening Committee.

GENERAL CRITERIA

Nominees must exemplify the highest standards of sportsmanship, ethical conduct and moral character.

Athletes would be former student participants who are being nominated for their achievements in interscholastic athletics. Coaches would be considered on the merits of their high school coaching achievements only and officials on the basis of their service as a high school official.

ALL CANDIDATES WILL BE JUDGED ON THEIR SIGNIFICANT AND/OR LONG-TERM CONTRIBUTIONS TO INTERSCHOLASTIC ATHLETICS.

Accomplishments at the college or professional level will not be considered by the selection committee.
